Second Class Mail Registration No. 1016 35¢

New representative needed for PAC committee

by Janice Pinke

At the last regular meeting of Madoc Village council (Mar. 27) it was disclosed that Madoc Village's representative on the Public Advisory Committee of the Centre and South Hastings Waste Management Steering Committee would be resigning.

It was learned that Doug Nilson, who has been representing Madoc Village since PAC was established, would be resigning, according to a source, due to health reasons.

Madoc's Reeve, Tom Deline, has nothing but words of praise regarding the work Doug has done. Madoc council is now looking for someone to continue where Doug has left off. The PAC representative would sit on that committee and would be needed at the

PAC meetings. PAC usually convenes once a month. Any interested persons should contact the Village offices at 473-5211/5212.

Street sweepers coming this May

by Janice Pinke

Madoc Village, coupled with the County of Hastings, will have its street swept clean of the sand and dirt during the first part of May according to Madoc Village council.

Ads will be placed on the local cable channel advising of this, however, an exact date and time have not been set.

Keep reading the Madoc Review to find out the exact date.

Council is hoping to have most of the streets cleared of vehicles to allow maximum cleaning up.

Public meeting into land surrounding proposed plaza

by Janice Pinke

A public meeting will be held this coming Tuesday, April 17th at the Madoc Township municipal offices beginning at 12:30 p.m. regarding the lands surrounding the proposed plaza for the northwest corner of Highways 62 and 7.

Owners of the property are looking to have the property rezoned from industrial to rural residential because of prospects of a future housing project behind the plaza according to Madoc's Reeve, Tom Deline.

There is still a long way to go regarding the establishment of a plaza at that intersection according to Deline. The Ministry of Transportation Ontario has to approve the entrances, then there are hydrological studies to be done to determine water supply and septic capability.

All in all construction should start by the spring of 1991, however, Tom says they were hoping to begin construction by this fall.

New building for some of Hastings finest

by Janice Pinke

New equipment obtained by the Centre Hastings ambulance service has rendered their present home on Park Street here in Madoc Village virtually useless.

Therefore, a piece of property at the corner of Elgin and Park Streets looks as if it is going to be the new home for the equipment and the men who drive the ambulances.

Madoc's Reeve, Tom Deline, says that the new vehicles purchased by the ambulance department, don't fit under the doors in the old building. Construction is expected to start on the new building shortly after a rezoning of the property in question is given its third reading, which will probably be at the next regular meeting of council on April 30th.

Last Friday's early morning snowfall left much to be desired in the way of road conditions. Icy roads was the cause of this accident which occurred on the Crookston Road around 9:30 a.m. Friday morning. No serious injuries were reported.

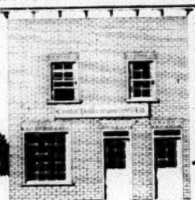

Palmateer's sugar bush was open to the public last week so students from Madoc's nursery school classes decided to check it out. Arriving early last Tuesday morning were (l-r) Kily Cassidy, Brittany Eaton, Tiffany Ramsay and Courtney Cassidy. Anita Cassidy (back) was helping out by attending the bush walk with the students. Madoc's nursery school will be holding its registration this coming May. Watch for announcements here in the Madoc Review.

Pictured above are all the winners of the Madoc Public School science fair held last Tuesday at the school. Congratulations to all the winners and their wonderful imaginations.

Frank and Dora Palmer of Madoc Village, celebrated their 65th wedding anniversary with a small get together at the Unity United Church on Sunday, March 25th. The couple married in 1925 and have lived in the area all their lives. Frank, who was born in Meliasburgh Township, and Dora, who was born in Huntingdon Township, owned and operated the Bannockburn store for 40 years. They moved into Madoc Village three years

Doug Smith, a sales consultant with Kenworth, hands over the keys to a nice big new truck to employees at Danford's Construction. These employees happen to be nephews of the owners. Pictured last Thursday were (l-r) Sam Danford, Allan Danford and Jamie Danford. The red truck is going to be painted to match Danford's colours. It will be used to haul gravel, etc.

Madoc Village council minutes

The following are the council minutes from the regular monthly meeting of Madoc Village council on Tuesday,

March 27th.

Date change.
The next regular meeting of

Madoc Village council has been moved to Monday, April 30th beginning at 7 p.m.

Arena parking.

Councillor Harrop advised that after the last Arena Board meeting they were to approach Council regarding the work needed on the arena parking lot. Madoc Township has agreed to grade the lot and the suggestion is that Madoc Village and Huntingdon Township share the cost for gravel purchase and delivery.

Discussion followed by Council and it was decided that arena parking lot be repaired and the cost be appended to the 1990 budget with the costs being shared on the recognized

The Cigarette

flies out the cars window onto the gravel at the side of the road. Adraft from the car following blows it further and further into the dry grass beyond the gravel. Another car... more wind, a small flame, then...

FOREST FIRE

It's that simple...and so is this.

The ashtray.

BURN DEBRIS SAFELY

Every year, wildfires resulting from careless debris burning pose a threat not only to our forest life, but human lives, homes, and cottages.

Such wildfires could be prevented if everyone followed a few basic safety rules:

- * The Ontario Ministry of Natural Resources advises all rural residents to use extreme caution when burning grass, brush or debris.
- * Remember to burn only during the cooler hours of early morning or evening and never on a dry or windy day.
- * Always have some fire fighting equipment such as a shovel, rake or water nearby.
- * And never leave a fire until it is dead out.

DID YOU KNOW?

If you are planning to burn grass, brush or debris between April 1 and October 31 you require a FIRE PERMIT.

*** FIRE PERMITS ARE FREE**

Fire Permits may be obtained in person from:

Your local Fire Warden or Permit Issuer **OR** The Ministry of Natural Resources Office in your area.

CHSS News...by Shannon Smith

Last September twenty-five students from Centre Hastings left for Edmonton where they would spent the next ten days on an exchange run by Open House Canada Exchange.

After spending two days in Calgary and seeing the sights they moved on to Banff and Jasper before ending up in their destination of Peace River.

Peace River is a small town of about 3000 people. The local high school only has 250 students enrolled in it and twenty-five of those students were to host our Madoc students. Our students got to tour the area and see a bee farm, a saw mill operation and a local museum run by the Lubicon-Indians.

The students left Peace River on the 7th of October and went back to Edmonton for two more days before flying home on the 9th.

Waiting for the Count!

Dreading the return of Count Dracula: Jen Hebert gave a spirited performance as Mina in the Norwood High School production of Count Dracula which played to lively audiences last week. Above she is joined by Trevor Watson who played Mina's anxious fiancée.

The hounds of death have been silenced and Norwood residents can sleep easier now that Count Dracula has been released from the grip of the undead.

The very act, itself, was witnessed by eager crowds which gathered last week in Norwood High School's lecture hall where the anemically eerie count had taken roost while preparing to "sup" on Peterborough County's finest refreshments.

Devilish Count

And how did this caped bat-like man come to visit quiet Norwood High, you ask?

It was a turn to the morbid, this year, for the NDHS Drama Club and their handsome selection was Ted Tiller's midnight hour shocker, "Count Dracula."

And sending shivers through donor-friendly audiences, was Mike Sherwin who, as the pale man in black tricked out in a tuxedo that was harder to come by than Transylvanian nightcap, matched wits with the forces of goodness as he, warring with the forces of evil, struggled to save the wailing soul of Mina. A the Count's

prime choice for evening sustenance.

Mr. Sherwin was devilish all night long and positively enjoyed the havoc he wreaked on the guests at Dr. Anne Seward's (strongly played Kate Henderson) asylum for the insane. He was "transformed" into a bat no fewer than two times during the course of the play and vanished vaporously on another occasion.

(The Drama Club's technical wiz's back stage had their bag of tricks well-stocked, this year).

Things were going rather easily for the Count until busy-body professor Helga Van Helsing (Karen Coats) turned up at the asylum to examine pallid Mina. Not only had he dazzled the incessantly tipping Sybil Seward (played by Lizzie Alexander with a full, but staged, drunken bravura) but he had, in Renfield, a mad accomplice inside the asylum.

Renfield, played by Richard Harris, was an insect-eating nutcase who fitted nicely into the Count's plans.

Joining the triumvirate aimed at saving Mina was her

fiancée, architect Jonathan Harker, interpreted with "symmetrical" ease by Trevor Watson.

Jen Hebert's Mina was excellent.

She alternated between hapless victim and irresistible vamp without missing a beat. And just when you thought Jonathan Harker was going to enjoy the kiss of a lifetime (think of Kim Bassinger with fangs), Mina the victim would reappear - almost within the same sentence - letting Harker off the hook.

Helping out with the enterprise were nurses Clayton (Julianne Kelloway) and Wesley (Sarah Kloosterman) and reliable servant Hennessey (Mark Davidson).

They were often called upon to restrain the fly-struck Renfield.

(Hennessey, we believe, also had to make innumerable trips to the local LCBO outlet to keep Sybil happy).

The show was a good one and Saturday's dinner theatre audience enjoyed everything they saw - or thought they saw!

Director Ralph Townley.

It looks like a snowmobile, but it's not

Distributor in Madoc: First for Canada

by Janice Pinke

It is called a 'FlexTrac' and it is a multi-purpose vehicle now being introduced to the Canadian market through the Madoc area.

The distributor, who lives in Madoc Township, wishes to remain anonymous for obvious reasons. The FlexTrac can go anywhere and is currently being tested by the Canadian Department of Defence.

The machine, which looks like a snowmobile, can, as mentioned earlier, go anywhere. It floats and is track driven. The cost: about what an ATV and a snowmobile combined would cost.

The FlexTrac was invented in Sweden in 1985 and is being utilized by armies in Russia, Sweden and the USA. It exerts 25 grams per square centimetre of pressure to the ground. It

can pull an estimated 300 kilograms of weight.

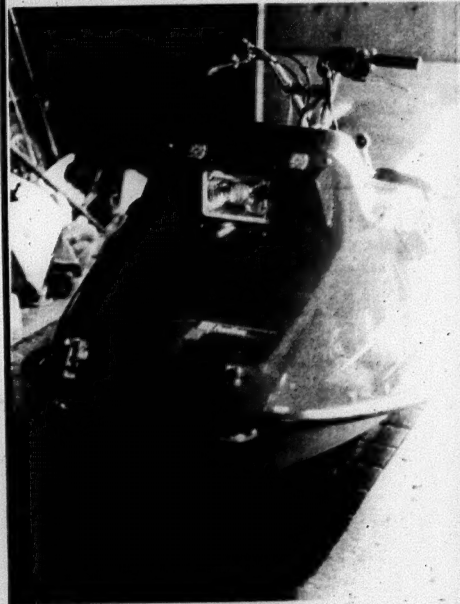

The Canadian distributor here in Madoc says that at this point it is purely a "professional tool", therefore, the initial thrust of sales will be aimed at professionals.

The machine has been engaged in NATO-exercises for the last two years.

The machine, says the distributor, is too expensive for recreational use and he is looking for professional purchasers like the MNR, law enforcement agencies and medical support personnel.

The distributor admits that currently it is being used only on a professional basis but it could takeover from the snowmobile and ATV and become the toy of the future.

Only in Madoc you say!

The 'FlexTrac' exerts a mere 25 grams per square centimetre of pressure to the ground and is being introduced to the Canadian market by a distributor living in Madoc Township.

The following report comes from Anne Marie Bovair, Post Polio Chairperson, re: the February 28th meeting of the March of Dimes in Peterborough.

Jane Szilvassy, Kingston Regional Director talked about "umbrella" committees and services involved in the March of Dimes. The need for rural transportation and rural programs for the Northumberland area was addressed. The focus on needs and the absence and gaps in services was also discussed. The aim is to work on services in the community and bring them together.

Janice Simmonds, Community Services Manager gave each member a hand out on "Ontario March of Dimes - Orientation to our Organization" which gives background information on volunteer involvement and the mission statement of the Ontario March of Dimes which is "to assist physically disabled adults in Ontario to achieve a meaningful and dignified life" and dealt with staff/volunteer relationships.

Included in the hand out was several sheets re: Program Planning of 1990-91

1) Transportation in Northumberland - necessary to get together key representatives from County to establish the financial responsibility of rural transportation, by mid to late March the Ministry of Transportation will be approached re: funding.

2) Leisure/Recreation - volunteers are needed to help with the swimming program, to get people there and help them in and out of the pool and to aid in getting people dressed and undressed.

More Abled Than Disabled

by Barbara Bruce-Fealow

March of Dimes focuses on rural transportation

3) Post Polio Program - Anne Marie Bovair, Post Polio Chairperson, gave an update on the program and gave the date of the next meeting, May 17, 1990 at 7:30 at Five Counties and mentioned that Janice Simmonds will attend to update members of the progress being offered by the March of Dimes.

4) Development of Peterborough Advisory Committees.
5) Needs to study Peterborough County.
6) Public Education

7) Fundraising: United Way (concerns discussed re: United Way moves in re: fundraising, that the March of Dimes could lose base funding).

Peterborough door-to-door campaign (goal of \$43,000, now raised approximately \$20,000. Trillium door-to-door campaign expansion Jan.

Keepsaks - are the size of two plastic grocery bags and cost \$8.00 (now in some grocery stores and bulk food stores and will be delivered to Cobourg and Port Hope)

Coin boxes (all year)
Auction (March and June) - items still needed. It was suggested, that when the items

are being auctioned off, that it be mentioned that the monies earned are going to the March of Dimes, in the hope that people will be more generous and that these items be identified by means of stickers being put on the boxes in which these items are packed.

Bingos (monthly) - dates yet to be established.

Trillium camping (each member was given an application for summer camping and a brochure.) Janice said that perhaps their members would know of some eligible adults who would like to attend. No one will be turned away due to lack of money to pay for the camping fees.

Cheryl Cooper, Employment Link Coordinator, updated members on this programme and stated, that, as yet, it is not defined what it will offer. The aim is to establish placement for people that are "job ready" and for employers to remove any barriers which could create a physical hardship for disabled employees. Ways of encouraging employers to hire a greater number of disabled people are being looked into. It was suggested that corporations could be reached by producing articles in the Examiner Supplement re: recognizing the value of good corporate relations which are produced by hiring disabled people and the valuable contribution they can make. This was thought to be a "cost effective" means of reaching employers. Graham Hart will help organize the articles and speak to the proper people re: setting this up.

The deadline for the Ontario March of Dimes Camping Program is April 7, 1990. Be sure to get your applications in on time.

MINISTRY FUNDS SPORT ASSOCIATION FOR THE DISABLED

The Ministry of Tourism and Recreation is making it easier for disabled athletes to participate in sports competitions with the assistance of a \$60,000 grant.

Ontario Minister of Tourism and Recreation, Ken Black announced the grant to Sport for the Disabled Ontario.

"Sport for Disabled Ontario promotes competitions for disabled athletes," Mr. Black said. "I am proud to assist this organization and the thousands of dedicated athletes who are pursuing their highest potential."

Sport for Disabled Ontario will use the money to assist clubs and individual athletes with the costs of participating in sports events. The funds will cover the athlete's travel and accommodation expenses as well as administrative costs.

A provincial sports organization based at the Ontario Sports Centre, Sport for Disabled Ontario represents four disabled sport organizations: Ontario Blind Sports Association,

Ontario Wheelchair Sports Association

Ontario Cerebral Palsy Sports Association, and

Ontario Amputee Sports Association

Athletes from these four organization compete in several regional games throughout the year, culminating in the Ontario Games for the Physically Disabled. The 1990 Games will take place July 6-8 in Etobicoke.

The Ontario Games for the Physically Disabled encourage wider participation in sport. They provide a level of competition that enhances an athlete's ability to attain national and international status. The promotion of sports for physically disabled athletes increases awareness of the capabilities of disabled people in Ontario.

CONFERENCE ON DOWN SYNDROME TO BE HELD IN SPRING

The Canadian Down Syndrome Society will hold its 1990 national conference at Ryerson Polytechnical Institute in Toronto, May 24-27

Keynote speakers will be Stephen Lewis, former Canadian Ambassador to the United Nations, and human rights advocate, Dr. Cliff Cunningham, author of "Down Syndrome: An Introduction for Parents" and Dr. Robert Haslam, Professor, Chairman of Pediatrics, Hospital for Sick Children, Toronto, and Chairman C.D.S.S. National Resource Council.

For more information contact: The 1990 National Conference of the Canadian Down Syndrome Society, 120 Courcellette Rd., Scarborough, Ontario M1N 2T2

DID YOU KNOW... Deaf and Hearing-impaired customers of Canada Post can now access the Customer Service of the Corporation through a nationwide Telephone Device for the Deaf (TDD) access line. The number, 1-800-267-2797 has been in operation since early July of 1989 and is free of charge to all TDD users.

UPCOMING EVENT

"NOBODY'S PERFECT" a musical play about epilepsy initiated by Epilepsy Kingston and Mischiefmakers theater will be performed at the Kingston Public Library, April 23, at 7:00 p.m.

Groups or organizations interested in individual performances can contact 542-6222.

The Fox Den in Warkworth hosts an open house

by June Maureen Marshall

On Sunday, March 25, Open House was held at the Fox Den located in Warkworth. Guests were welcomed by Dave and Bev Naualls, who have been in charge of the group home, giving care and guidance to four or five young people for the past two years. This capable pair have the experience and special qualifications needed to assist each child to develop into productive adults in society and to become capable of meeting the obligations inherent in social, family and community life.

The achievements of Dave and Bev Naualls, as home-parents have certainly been recognized through the present resident children who have the benefit of fitting into a home-like setting and have built positive experiences for themselves in the community. As well as being involved in hockey and Scout activities, they have brought honours to Warkworth in track and field and swimming. Guy, a member of the group, has excelled in aquatic activities and has won a place on the National Swim Team for the Special Olympics to be held in Vancouver this summer. Michael, another member will be travelling with the local Boy Scouts to the United Kingdom at the end of June. The boys also take part in the Youth Group at the Free Methodist Church in Warkworth where they enjoy the good friendship and support of Pastor Randy Moore.

At the Open House, residents in the community were given an opportunity to learn first hand, the programming, supervision and support services in operation for the home. Robert J. Connor, Director of Connor Group Homes, greeted guests and assisted with information regarding the home program and provided source material for those interested.

Among the guests visiting the home were Mary Hutchinson, Councillor for Percy Township, and Joan Fawcett, M.P.P. for Northumberland. The boys enjoyed talking with them and including them in their home.

After signing the guest book, visitors were taken on a tour of the home. As guides, Patrick, David and Mervin explained some of the designated duties and responsibilities as they showed typical boys' bedrooms, complete with bunk beds. In one of the warmly decorated rooms there are two aquariums of colourful tropical fish. A room that is well used is a study offering all kinds of business machines, including a copier and computer. The fresh, bright kitchen is a favourite room of course, and the boys enjoy their chance at cooking. They are good pie makers and have entered the Annual Pie Contest in the Fall. The boys helped with the wall-papering of the kitchen but Bev is especially proud of painting the ceiling herself.

On the table was a beautiful

bouquet of spring flowers donated by Larry Dudley of Forever Flowers & Gifts. Coffee and cakes were served to the visitors.

During the March break Bev and Dave took the group for a holiday in Georgia where they stayed in St. Mary's for four days. A highlight of the trip was a sailing voyage from St. Mary's to Savannah for what is known as one of ten largest St. Patrick's Day Festivals in the United States. The boys were enthralled with a huge fountain spraying green water. Another thrill was seeing dolphins along the sailing trip. After returning home the boys wrote reports on their vacation experiences.

There should be room in the community to allow and include successful and established programs to continue and grow in stature giving sincere support, encouragement and empathy to them in their goals and endeavours in order to keep a safe and happy group home for young people in need of guidance and direction.

A young concern - This lad was the first child to ask a question at the TNT information meeting held at the Campbellford high school last week. His question concerned the water how to seal the mine pit to prevent it leaking into the river systems in the area.

Tabernacle United Church celebrates 100th anniversary

This is the second in a three part series on the history of the Tabernacle United Church, whose parishioners are celebrating the 100th anniversary of their church this year.

THE IMMEDIATE PAST AND THE PRESENT

by Brian Carruthers

In 1949 Rev. Gordon Whitehorn became the minister of the Seymour charge and stuck around until 1975 when he decided to retire to tend to his garden. Over his tenure Rev. Whitehorn lent a stabilizing hand to the church.

In 1966 a new electric organ was purchased for the church at a cost of \$1,300. That organ gave up the ghost just prior to Christmas 1984. A new one was purchased at a cost of \$7,195. The monies came from donations of \$2,500 with the balance being paid by the Church Memorial Fund and the United Church Women's Memorial Fund.

1975 was the year a number of important events took place.

REBEKAH EUCHRE RESULTS

The Past Grand's Club of the Rebekah Lodge 248, held their annual euchre party in the Masonic Temple, on Thursday, March 29, with twelve tables in attendance.

The winners were as follows:
Lone Hands - Marind MacDonald
Ladies High - Wynona Shields
Men's High - Daisy Moulton, playing a man's card.
Ladies Low - Ruth Copperthwaite
Men's Low - Marg Blythe, playing a man's card.
Door Prize - Veleia Ivey
Lucky Tally Draws - Mary Hutchison, Elsie Bain, Pauline McEvoy and Etta Windover.

Another GST meeting

Are you annoyed or confused about the federal government's "proposed" Goods and Services Tax (the GST)?

Did you attend the recent GST slugfest at the Peterborough Holiday Inn and find your questions cut off in mid-thought?

Well, local Conservative Bill

Domm has scheduled another public meeting on the infamous GST. The meeting will be held Thursday, May 24.

This time, Mr. Domm's special guest will be Don Blenkarn, the man chairing the federal government's Standing Committee on Finances - the very committee

St. Patrick's Day meeting celebrated at Warkworth Chapter meeting

by Audrey Thackeray

Faith and begorra! 'Twas a wee touch of Ireland in Warkworth Chapter 279, Order of the Eastern Star, on Tuesday evening, March 20th, as the officers and members hosted and entertained the Grand Family, Order of the Eastern Star, at their regular stated meeting held in the Banquet Room of the Masonic Hall, Warkworth.

A bountiful and pot-luck dinner preceded the meeting and was enjoyed by the Grand Officers, their escorts, distinguished guests, and members of the Chapter in St. Paul's Christian Education Centre, convened by Audrey Thackeray, Past District Deputy Grand Matron, and her very capable committee.

The meeting opened in ritualistic form at 8 p.m. with Phyllis Donnelly, Worthy Matron and Margaret Durnford, Worthy Matron, presiding in the East. Joyce Glover and Glenn Leeson, Associate Matron and Associate Patron respectively, presided in the West.

The Worthy Matron, an Irish colleen, justly proud of her Irish heritage, in her own inimitable way welcomed the many visitors from across the province and District 12 to the meeting with appropriate Irish sayings, verses and even sang a couple of Irish ditties.

The Grand Officers of the Celebration of the Stars year present on this happy occasion included - Mrs. Audrey Martin, Worthy Grand Matron; Mr. Mike Beacock, Worthy Grand Patron; Mrs. Ruth Wales, Grand Secretary; Mrs. Peggy Kirkpatrick, Grand Conductress; Mr. Morris Black, Grand Chaplain; Mrs. Joan Esdale, Grand Marshal; Mrs. Patricia Larson, Grand Adah; Mrs. Edith Guenther, Grand Martha; Mr. James Sneath, Grand Warden. The remaining nine Grand Officers were unable to attend.

Many other distinguished guests also attended and were accorded warm and sincere welcomes; Mr. Brian Lee, General Grand Chapter Committee Member on Necrology; Mrs. Edna Dobbs and Mrs. Mary Barton, Past Grand Matrons of Ontario, and Mrs. Anis Bunting, Past Grand Matron of Quebec; Mrs. Dorothy Seaborn, Florence Nightingale Home Foundation; Mr. Ken Summersford, Grand Trustee; Mr. Douglas Morton, Estarl; Mrs. Frances Marner, District Deputy Grand Matron, District 12.

Three past District Deputy Grand Matrons, seven Worthy Matrons and six Worthy Patrons of the Celebration of the Stars Year were also welcomed.

Mrs. Elaine Flewelling, Grand Representative of Oregon in Ontario and Mr. Gordon Lloyd, Grand Representative of Idaho in Ontario, were welcomed and

extended best wishes as they fulfill their duties as goodwill ambassadors for the Grand Chapter of Ontario in their respective jurisdictions.

The Worthy Matron expressed pleasure at having so many Past Matrons, Past Patrons, visitors, and the officers and members of Warkworth Chapter in attendance.

The various committee reports indicated the members are busily involved in various functions.

The St. Patrick's Dance, convened by Beatrice Timlin, held on March 17th in the Alnwick Civic Centre, was an enjoyable evening of dancing to the music of the Mundell Family.

A donation to the Worthy Grand Matron's Special Project - Alzheimer's Research - was presented to Mrs. Audrey Martin. All donations received in support of this most worthwhile project will be used in research to alleviate and hopefully find the cause and cure for this devastating and mindless killer which robs its victims of their dignity, their mind and memory.

The theme of the Worthy Matron's message was the value and importance of family in our lives. It is within the family unit, our biological family, that we learn the important values of tolerance, patience, kindness and love. Our fraternal family, the Order of the Eastern Star, is an extension of these virtues represented in security, harmony, loyalty and faith.

This year marks the 75th Anniversary of the Grand Chapter, Order of the Eastern Star of Ontario, and a gala extravaganza has been planned at the Grand chapter sessions to be held mid-September in Toronto. All members are cordially invited to attend this memorable event.

Worthy Grand Patron, Mike Beacock, expressed his pleasure in being in Warkworth Chapter. In his message he spoke of the merits of the Order and that all members should be very thankful for the privilege of belonging to such a fraternity and the brothers much more so as they have the opportunity of membership in the Masonic Fraternity as well. It seems that no matter where one travels, when one is in need, by a stroke of fate, they will receive help from a member of one of these organizations.

All members were jubilant as the Worthy Grand Matron and Worthy Grand Patron presented Mrs. Beatrice Timlin with her commission as Grand Representative of Maine in Ontario. A most deserving honour to a dedicated member. Congratulations Beatrice, and best wishes as you fulfill your duties! As assurance that spring is definitely on its way, preparations are underway for the Chapter's Daffodil Luncheon and Bazaar to be held on April 21.

A most meaningful and impressive ceremony was presented by the officers to honour the Worthy Grand and Worthy Grand Patron. Entitled "A Walk Through the Woods" it depicted that God's beauty is reflected all around

us in his wonderful creation, and as we take a quiet walk through the woods we should listen for the sound of his creatures and marvel at the wonders of His world. During the ceremony, Audrey and Mike each carried a small evergreen tree and as they progressed to each of the Star Point Officers a tiny bird was placed on the branches - a bluebird, a canary etc., each with a significant message.

In appreciation of their dedication and devotion to the order, they were each presented with a scroll-like plaque by the Worthy Matron and Worthy Patron of the Chapter as a memento of their visit to Warkworth Chapter.

All the Grand Officers were honoured in a brief tribute and each was the recipient of a beautiful shamrock pin.

On behalf of the elected and appointed Grand Officers, Mrs. Edith Guenther, Grand Martha, expressed the pleasure of the officers for the hospitality and friendship extended to them and recited a very meaningful poem "The Cross in My Pocket. She has carried this little poem with her for some considerable time and found it a source of strength and inspiration.

During the social hour following the meeting, the members enjoyed a delicious buffet lunch prepared by Barbara Trotter and Reta Leeson.

Worthy Patron of Peterborough Chapter, Mr. Don Jones was the lucky winner of the Loon and Loonies donated for a draw by Mrs. Edna Buchanan, Past District Deputy Grand Matron.

"May the face of all that is good and the back of all that is bad be always in front of you!"

This fun-filled, delightful evening with a very distinct Irish flavour will long be remembered by the many visitors and Warkworth members.

Well it seems our present government is certainly sincere in cutting its spending. They claim that the present taxation system is an administrative nightmare, and further, that the GST will eliminate much of this expensive problem and be a benefit to the Canadian economy as a whole.

Now the most wonderful thing is that it is claimed many Canadian individuals and companies are going to be exempt. As well, the big business boys will be more competitive on the world market.

According to what I read, Revenue Canada is supposed to assist us in learning what and how to apply for in the way of tax credits.

One hundred percent refund for businesses or persons under \$30,000.00 per year? But the speaker said that it would make business more competitive and Canadians would profit from this?

You may noticed I have used question marks instead of the correct form, periods. I am always very leery and suspicious when someone promises me the world at no cost. As an old friend of mine used to say, and I am a firm believer in his philosophy, "some people will promise you the world and give you a shovel full of dirt."

To get back to my opening statement, somebody must have stayed up all night figuring out how to sell this one to us. The main problem of what to do has been well established for years, simply shove the bureaucratic nightmare off on someone else. As I have said, all in place except the logistics and implementation, this has been bureaucratic policy for a significant period of time. We have seen more and more expenses dumped back on lower tier governments for years. This process has had the ideal effect of freeing up more money to spend elsewhere on somebody's new dream.

This time it is even more sophisticated in that they are getting all Canadians to do the bookwork and Revenue Canada will stand in the preferred position of arbitrarily saying you did not do it right and therefore do not qualify. We have all experienced that in our annual income tax returns. Or it comes to light, you have misplaced the appropriate documentation. Also, in the learning process how many dollars are going to wind up in

Doll show coming in August

Doll club donates money

to Children's Wish Foundation

The Quinte-Hastings Doll Club met in the Sr. Citizens Rooms in Marmora on March 5, the first Monday of the month. After a short business meeting to plan for their upcoming show and sale which will be held in the Marmora Legion this year, on August 4, the Members donated a further sum of money to The Children's Wish Foundation.

The club holds a raffie each year in connection with the show to raise funds for the Foundation. This year's prizes: a porcelain doll, hobby horse, and decorator mouse were donated by club members.

The areas of competition

The Rural Scene

by
Ken Yarrow

the governments coffers because we don't know the system and the money will therefore be forfeited. Not only that but who is going to pay for the extra time involved to maintain the records?

In many cases accountants will have to be retained that were not necessary before. Maybe they should have promoted this as a job creation program, more believable?

Yes indeedly, they are going to save money at their level so they can pass it on publicly to some other country. Unfortunately, my education does not extend to high finance, but I would like to quote what a person recently said to me, "I don't understand how a government in a deficit position can give millions away to another country. If my bank account is in a deficit position my bank certainly would not pass my cheque to give away thousands of dollars."

At a local level I have real serious concerns with the proposed questionnaire to be sent out by our Public Advisory Committee for waste management. First it was admitted to be drawn up by a person no longer a member of PAC (he was promoted to a \$40,000.00 per year job.) In this proposed questionnaire, no mention whatsoever was made of the Integrated Waste Management Center. In other words it seemed that the only choice was to select a landfill site and how.

I am very pleased though, to see the criteria changed.

Maybe now we will look at the deep clay soils in the southern region, where approximately 90 percent of the garbage originates anyway, thus saving our roads and related haulage costs.

A note here is that they already have their water supply so screwed up that it maybe would not be noticeable. Another group in Sidney is now looking for water from Belleville, and Belleville is looking to Lake Ontario, in order to get away from its problems at home. At least it may be a different pollution and everybody used to say "a change is as good as a rest."

Actually we can't afford to screw up any more and I feel it is time for a realistic look at something besides garbage in a hole in the ground leading to our water reserves.

O.P.P. REPORT

Two young offenders from
the Havelock area have been
charged with Break and Enter
and Theft, after a break in at
the Glenis Haig Residence,
Concession Street, Havelock,
on the 30th of March. Entry
was gained through a bedroom
window, stolen property
consisted of \$30.00.

There were two windows
broken at the cottage of Harold
Waters at R.R. 5 Campbell-
ford on April 1. The windows
were broken by stones thrown
through them.

Also on April 1, a Canadian
flag was stolen from the Camp-
bellford Post Office. The flag,
was taken sometime over-
night. The flag was valued at
\$25.00.

Campbellford O.P.P. would

The DEW Line

dummer environment watch

Norwood - It's springtime! A time when we witness the renewal of life and appreciate all that nature has to offer.

And there isn't a better time than now to take a positive step forward in preserving the earth's riches.

Earth Day 1990 gives us the perfect opportunity.

So, here are some ideas. Earth Day activities begin April 16 and culminate on **International Earth Day** on April 22, 1990.

Have fun getting your family, friends, school and organizations involved.

- * take your own bags to the grocery store.
- * wear green.
- * make and mail Earth Day Cards to all your friends.
- * find ways to reduce garbage.
- * start composting.
- * plant a tree
- * join an environmental group.
- * start an environmental group.
- * buy a bike.
- * explore your local nature reserves.
- * discontinue using one environmentally-unfriendly product in your home.
- * start using one environmentally-friendly product in your home.

Pass the word on!
Earth Day: April 22, 1990!

Three cheers for Norwood! Within the past year, Norwood has seen some positive steps forward in solving

our garbage problems.

* **Norwood Public School's 'Garbage Busters'** who are encouraging and monitoring the use of blue boxes in the classrooms. (We'd love to get an update from you guys. Write to the DEW Line c/o this newspaper).

* **School composting.**

* **Pop can recycling** in schools and all around Norwood.

* **Norwood Lions Club's successful Leaf Composting project.**

* **Town Hall Information Night** on reducing, recycling and reusing.

* **The Town of Norwood's sponsorship of SoilSaver Compost Boxes** to householders.

* **And, finally, all of the everyday individual efforts** that go unseen but go so far in helping to solve the problems and save the earth.

We at the DEW Line encourage you to write in with your suggestions, tips, ideas, solutions and let us know what your group or gang or family have been doing towards a better future.

Quiz Question: If your compost pile is giving off an odour of ammonia, the problem may be caused by an excess of materials high in which of the following elements: carbon or nitrogen?

Last month's winner was **Phil Smith**. Mr. Smith wins a fine endangered wilderness poster and some postcards.

Card party results

On March 22, the regular monthly open euchre was held at the **Havelock Belmont Legion Br. 389** and the results were as follows:

1st-Theresa Gratton & Paul Milbry
2nd-Frances Robinson & Joan Barry
3rd-Evelyn Davis & Jack Parsons
Lone hands-Barb Cartwright & Joan Barry
Low score-Madeline Lewis

& **Gord Fowler**
Lucky tally-Mary Webster & Barb Cartwright
Winners of the draw were: **Vera Skimming & Bernice Adley**

The next open euchre at Br. 389 will be held on April 26.

The winner of the **Havelock Lions Club 50/50** draw held March 23 was **George Wiggins**, of Marmora (ticket no. 152). The next draw is scheduled for April 6.

Conservation Corner... by A.Engel

Lots of mouth

Last week **Lucien Bouchard** released a 'discussion paper' on the environment. The five year plan he promised last year must be already completed, and well ahead of schedule!

On second thought, since five times nothing equals nothing, his accomplishment doesn't seem so remarkable after all...

Bouchard's 'discussion paper' is the latest in a series of stalling tactics designed to carry the federal environment

ministry through to the next election without having to do anything at all.

The 'discussion paper' asks Canadians what environmental problems exist and how they should be solved.

I can't help but be amazed at the brazen ways this government insults our intelligence.

After years of un-democratic actions, this government is suddenly 'practicing democracy' and asking for input on

Wednesday, April 4, 1990 - Page 11-A
environmental issues; input which various environmental groups have been giving for years. The federal ministry of the environment has been evading action on key issues for years while the stone facade on the Parliament building rots away because of acid rain. Anything goes in the game to pass time, waste money and do nothing.

Bouchard is certainly talking green, but it takes another kind of 'green' to put the green back into the nation's forests after acid rain and the giant Japanese pulp companies get through with them...

We should give Bouchard some of our thoughts. After all, he is asking for them. Let's tell him we think his discussion paper is just another waste of time and that we need some action, not the worn-out phrases of the past. He has all the facts he could ever ask for and there's no more room under the carpet to hide them...

CHINCHILLA RANCHING WORKS!

Roseneath Chinchilla Ranch is owned and operated by Allan and Bari Sheppard.

Bari Sheppard thinks she has the answer for all those farmers and rural people out there who would like a second income. Let them over the rough spots, or just make a little extra.

Now before you start laughing or wrinkling your nose at the idea, wait a minute. Bari Sheppard is living proof it's no laughing matter. She's the city-bred woman who went from knowing nothing about farm life or animals to building a successful business in just three years by raising chinchillas for breeding stock and fur pelts.

"There's a far better dollar to be made ranching chinchillas than in any other form of farming," she said in an interview at her ranch.

Bari started **Roseneath Chinchilla** 10 years ago while still commuting daily to her job in Toronto. She had grown up in Toronto and lived there most of her life until she married **Allan Sheppard**, a **Roseneath** dairy farmer.

According to Allan, "I encouraged Bari to start raising chinchilla. I knew she couldn't commute forever, but we had grown somewhat dependant on her salary. The way agriculture was and still is, you can't put all your eggs in one basket. One of the two spouses has to work out, or you need two incomes from the farm."

Bari looked into pigs, chickens and just about everything else, "but I couldn't find

anything that would give us the money I was making in the city," she explained. Until she found chinchilla, that is.

She had saved money for a family swimming pool, and with that money they fixed up an old chicken coop in the top of the barn and bought initial breeding stock.

"It was frustrating at first. Being a city gal I was pretty dumb about a lot of things. Allan kept expanding the dairy farm and was so busy. The chins themselves taught me the most of what I needed to know," she says.

Ranching chinchilla means no hired help to break your equipment, no weather worries, no crop failures, and there isn't a huge investment in land. The overhead is extremely low. It costs about a dollar a month to raise a chinchilla. The market value at nine months runs \$30-\$60, and that's in U.S. dollars. "An awfully good return," says Bari.

Chinchillas are small, grey in colour, docile by nature, and have "the softest fur in the world." The children can handle them, they have no odour and a small herd takes up very little space.

A rancher can make a living from a herd

of 150 breeders. An area of 14'x14' houses up to 100. Two tablespoons of feed per day, 1 1/2 oz. of water and fresh air circulation are the basis of a good operation.

Bari has been helping to start new ranchers into the chinchilla business for several years now. "The chinchilla industry can support hundreds of more people in Ontario alone. We need more ranchers to provide more product," she says.

Obviously Allan agrees with his wife. Two years ago Allan took a hard line look at dairy vs. chinchilla and then switched to chinchilla. Allan says, "Ranching has given us not only a better income, but also a better lifestyle. I have more time now for my family and my other interests. We are proud of our 1500 chinchillas and we are more than happy to show anyone our operation."

Anyone interested in starting a ranch should call or write for more information.

KOK 2X0 416-352-2703

Atom Blue Machine was in gear last Saturday at Stirling arena as they shut New Hamburg down and out by a score of 8-0. The win gave the Blues a two games to one lead in the best of five series, a series which many felt would be decided in New Hamburg the next day. Going for the short side (above) Gary Sage lets fires for the short side from the bottom of the circle, but the New Hamburg managed to get his pad in front of the blast and smother the rebound. Yahoo Blues - (below) the Blues had many occasions for celebration on the night and the visitors ended up looking for the puck in their own net.

Saganoska Builders Jr. Intermediate Champs

Stirling Minor Hockey Saganoska Builders Jr. Intermediate House League "A" Champions (back row from left) Phil Hartley (Assistant Coach), Bobby Philip, Ben Osborne, Ryan Williams, Ben Lupenette, Chris Cairns, Brad Williams, Russell McCarrell, Larry

Brooks (Coach). Middle row: Kalen Findley, Ronnie Read, Matthew Bramley, Adrian Hartley, Brian Rump. Front row: Joseph McIntyre, Michael Sharpe, Jason McGeachy, Julien Pleizer, Bobby Brooks, Eric McCarrell.

Blues and New Hamburg go to the wire for Ontario Title - decider at Stirling Arena Saturday

by Richard Gleeson

Vegas oddsmakers would have been scratching their heads over the see-saw battle between the Cooney Farm Atom Blues and New Hamburg for the All Ontario Atom Championship.

Each of the four games played in the best of five series have been won by wide margins, but the series, and the season, has come down to one game that will be played at Stirling arena this Saturday at 2 p.m.

After suffering a 10-5 defeat on home ice in the opener, the Blues rallied back the next day in New Hamburg to take a 12-5 decision.

Blues followers were confident that the opener was an aberration at the start of last Saturday's (March 31) third game. The result of that game did little to dispel that confidence.

The contest opened with the Blues applying tremendous pressure leading to several excellent scoring opportunities, but no goals. The teams remained deadlocked at zero until three quarters of the way through the first period, when Blues' Captain Matt Cooke blocked a high shot inside his own blue line, picked up the rebound, and turned on the jets for a breakaway from centre ice. Carrying the speed, he beat New Hamburg goalie Judo Leonhardt on a high shot from in close.

Cooke scored his second less than a minute later, bringing the puck into New Hamburg territory and blasting a slapshot in on the long side to put Stirling in front 2-0.

Blues netminder Brice McCarrel came up with a big blocker save on a high shot from in close moments later to keep his shutout alive. He was called upon to make several more saves during a pressure-packed power play for New Hamburg in the final minutes of the frame.

The second began with the Blues looking at a minute and a half with the man advantage

on a late first period penalty to the visitors. The Stirling power play proved ineffective, with the best opportunity going to New Hamburg's Kevin Henhoeffler as he broke in alone only to be stymied by McCarrel.

The Blues seemed to click into gear as the period wore on, carrying the play and hammering away at the puck on Leonhardt's doorstep. With five minutes to go in the period, Brian Phillips, on a pass from Brad Sills, rifled a wrist shot by Leonhardt from the top of the circle to give the Blues their third marker.

The third period was all Stirling, with the Blues controlling the play and potting five more unanswered goals in the last half of the frame. The scoring streak began with a nice backhand high into the net by Sean Edwards on a play from Brad Sills and Cooke. Then it was Cooke one-timing it in the slot for the hat-trick on an excellent pass from Sills. Just over a minute later, Edwards broke in and tried to beat Leonhardt low and didn't, but left a nice rebound for Sills to bang in.

With the score 6-0 and less than five minutes to go in the game, New Hamburg began to vent some of their frustration, and the Blues retaliated in kind, but the referee did a good job of keeping the players playing hockey. New Hamburg's frustration resulted in two more Stirling goals before the game ended. Phillips scored on a great pass from Ben Blakeley, who scored himself with just over a minute to go on a hard wrist shot.

McCarrel earned the shutout, taking a few bruises and making several key saves early and late in the game, and the Blues took the 2-1 lead in the series with an impressive 8-0 stomping.

A day and a three hour bus ride later, however, it was New Hamburg knotting the series at two with a 6-2 home win, setting the stage for the showdown next Saturday in Stirling.

Blue arrival home - the Blues arrived back in Stirling late Sunday night. The three hour busride was made no more enjoyable by the 6-2 New Hamburg win. The only consolation available for the loss is that they will enjoy home advantage for the fifth and deciding game of the series, to be played this Saturday at 2 p.m.

Break, enter & theft at Consumers Distributing

Quinte Crime Stoppers in co-operation with Belleville City police are seeking assistance in solving a break, enter and theft on February 8, 1990 at

Consumers Distributing in Belleville.

Shortly after midnight a uniformed patrol car entered

the lot of Consumers Distributing. The external burglar alarm on the building started to sound and the officer began checking the building. Three males were observed leaving the rear of the building and escaped in the direction of North Park street.

Examination of the building revealed pry damage to one of the doors of the building was still secure. It is believed that sometime after this the culprits returned to the business and scaled the rear wall using the gas pipe line, which goes from the ground to the roof. They travelled across the roof of the building and reached a roof vent on the north side. The thieves removed the protective screening from the roof vent and entered the building. Evidence at the scene shows that the thieves travelled across the top of the shelving units in the warehouse part of the building and then descended to the floor.

The culprits took television, stereo and electronic appliances from the stock room. They were able to use a mobile ladder rack to move the property to the area where they had entered the building. It is believed that they used the gas lines again to lower themselves and the property to the ground where they fled the scene.

The financial loss in this occurrence is in excess of \$2,000. A complete list of the stolen items, including make, model and serial numbers is on file at the Crime Stoppers office.

If you have any information about the persons involved in this occurrence or if you know where the stolen property can be located, Crime Stoppers would like to hear from you at 969-8477 or 1-800-267-4357.

Although Recycling Week was last fall, members of the Township Recycling Committee presented trophies to students from Earl Prentice and Marmora Senior School. From Earl Prentice the winners were: Lynn Ann Spencer, Stefanie Partridge, Tammy McFarlane; Honorable mention went to Dianne Nidd, Tabitha Mocan and Ilya Guberman (moved to Israel). From MSS the winners were: Derek Meiklejohn, April Hayes and Billy Runham; Honorable mention went to Andrew Maretti, Brad Peacock and Adam Cox. Making the presentations were Mary Jane Goodchild and LeeAnne Cole.

Entertaining Count Dracula: Count Dracula paid a nocturnal visit to Norwood last week during the Norwood High School Drama Club's annual production. Audiences -- including a packed Lions Club dinner theatre Saturday evening -- were thrilled by the eerie Transylvanian count. In the photographs, clockwise: Count Dracula (Mike Sherwin) ponders a possible victim in Dr. Anne Seward (Kate Henderson); the count hypnotizes a tipsy Sybil Seward (Lizzzey Alexander); Sybil enjoys a refreshment with Jonathan Harker (Trevor Watson); and nurses Clayton and Wesley (Julianne Kelloway and Sarah Kloosterman) join Hennessey (Mark Davidson) in restraining the mad Renfield (Richard Harris). Director Ralph Townsley; production manager, Lloyd Gaskin and assistant production manager, Norm Vandenberg; along with a clever technical staff did a fine job with Ted Tiller's spooky tale.

**COMMUNITY MENTAL HEALTH PROGRAMME
CHILDREN'S SERVICES**
Family Crisis Relief Worker

The Community Mental Health Program Children's Ser-
vices has an opening for a 7 time permanent position
based in Belleville to service Hastings & Prince Edward
Counties. The incumbent will work under the supervi-
sion of the program co-ordinator to develop and train a
network of parent, model foster homes within the
attachment area.

Strong interpersonal skills, an ability to co-ordinate
service with collateral agencies and experience in pro-
gram development are necessary qualifications. Extensive
travel within the attachment area and an ability to
work flexible hours are expectations of this position.

QUALIFICATIONS: A graduate of a University or College
Social Service Programme with a minimum of 2 years
experience in Mental Health Service delivery.

Closing date: April 12, 1990.

Apply in writing with resume to:
Alan Mathany, Director
Community Mental Health Programme
179 North Park St.
Belleville, Ontario

mora man pleads guilty to two charges of sexual assault

A 22-year-old man awaits sentencing leading guilty Peterborough to of sexual assault girls, seven and id.

The assaults, which occurred in Methuen Township homes, took place during a period of time between August, 1988, and October, 1989. Also charged with sexual assault against the same

victims is a 16-year-old boy whose name is protected because he is a young offender. The assaults included fondling the two girls and forcing them to masturbate the accused.

Police were called near the end of October by one victim's mother. Called to appear in court for a June 4 sentencing is Jamie Finch of R.R. 4 in Marmora. Finch is free on bond.

REPORT

Huntingdon Township offices vandalized

r. P are currently a break and Huntingdon Township believe the break-in of the

which will cover over 3,000 miles. The run will end up at the Skydome in Toronto on

Thursday, June 7th. You can help by contacting Curtis McLean at the Madoc OPP

detachment at 473-4234 and donating to the Law Enforcement Torch Run.

CHSS News...

...by Shannon Smith

Cont'd from page 4

On Monday April 2nd it is Madoc's turn to play host to the Peace River students. Their itinerary includes visits to the Eldorado Cheese Factory, Darlington nuclear station, Shaw's sugar bush, Ottawa's parliament buildings, the Madoc talc mine and Farrell's pig farm.

The Peace River students will be leaving on April 8th. The community's co-operation in making them feel welcome will be much appreciated!

Firehall.

Madoc Village looks as if it will be buying the firehall located behind the Kramp's Restaurant. The building is currently owned by the Madoc Hydro Commission. The offer to purchase closes at the end of

this fiscal year.

Demo derby site.

Councillor Harrop relayed a call he received from John Hastings in that the Fair Board wishes to relocate the Demolition Derby site to the horse draw area for better crowd safety. The Fair Board is requesting, in lieu of a cash

donation, that the municipalities donate equipment i.e. backhoe, tandem truck to accomplish the task. General discussion followed and it was decided that the Village will allocate to the Fair Board ten hours of backhoe use and operator to be provided by Sam Danford and Sons with the bill being submitted to the Village

of Madoc for payment.

Elgin St. parking.

Tom Bruce attended Council to voice concerns about parking on Elgin Street in front of the CHSS. The Clerk-Treasurer was instructed to write to CHSS (Bob Bateman) with a copy to the Hastings County Board of Education

requesting that they provide parking attendants for all events both during school hours and special events to ensure that there are no parking problems.

Water breaks.

Discussion took place with Lead-Hand Tom Piszczek

Judges Kari Kramp (l) and Jason Miller scan a science fair project entered by Christopher Reid, a grade 4 student at

the Madoc Public School last Tuesday. The annual fair saw imaginations running rampant with submissions being

entered about peer pressure to the one such as Christopher's (above), a homemade record player.

Madoc Village council minutes

Continued from page 6
regarding water break management with the general consensus being that the breaks need to be repaired as quickly as possible so as not to create further problems with the Ministry of the Environment. Council resolved to get the water breaks repaired as soon as they are identified and located.

Students.
Deputy Reeve Matchett

suggested that students could be hired this summer to cut grass with the student supplying the lawnmower etc., and the Village paying \$8 per hour.

Back in black.

The Clerk-Treasurer was instructed to send a letter to the Madoc and District Figure Skating Club commending them for an excellent job of bringing their operation into the black and to wish them continued success.

Renumeration.

Council's remuneration was raised by \$150 for Councillors and Deputy Reeve and \$250 for the Reeve. A bylaw will be prepared to confirm this.

Whytock.

A bylaw was given its three readings and passed by council that will authorize the sale of parcels 1 through 4 on the west side of Whytock Avenue.

THE CORPORATION OF THE VILLAGE OF MADOC PUBLIC MEETING CONCERNING A PROPOSED ZONING BY-LAW AMENDMENT

TAKE NOTICE THAT the Council for the Corporation of the Village of Madoc will hold a public meeting on April 30, 1990, at 6:30 p.m., at the Madoc Village Municipal Office, 107 St. Lawrence Street West, Madoc, Ontario, to consider a proposed zoning by-law amendment under Section 34 of The Planning Act.

The proposed zoning by-law amendment would change the zone category on the southwest portion of Lot 49, Plan 104 Village of Madoc from Low Density Residential Type 2 (R2) to Community Facility (C.F.) with Special Policy to allow an ambulance station.

ANY PERSON MAY ATTEND the public meeting and/or make written or verbal representation, either in support of or in opposition to the proposed zoning by-law amendment.

ADDITIONAL INFORMATION relating to the proposed zoning by-law amendment is available for inspection during normal business hours Monday - Friday at the Madoc Village Municipal Office at 107 St. Lawrence Street West, Madoc, Ontario. Dated at the Village of Madoc this 28th day of March, 1990.

OMHA awards night recognizes efforts of hockey players

by Janice Pinke

Over 300 parents and players got together at the Kiwanis Centre Thursday, March 22nd for the annual OMHA awards night which honours the efforts of Madoc's young hockey players.

In the 'house league' Esso sponsored awards which were given to all of the players and Pigen Motor Sales Limited made sure that all of these players also got baseball hats. The Flyers (the house league

'A' champs) were presented the Kiwanis trophy by Kiwanis President, Jim Denison. The most improved player (MIP) was Rob Curtis, the most sportsmanlike (MS) was Matt McCoy and the most valuable player (MVP) was Ryan McCoy. Coaches for the Flyers were Wayne Willemssen and Jim Meraw.

The Hawks captured the 'B' title and picked up a trophy donated by Nickle Electric which was presented by Dave Nickle. The MIP was Derek

Thibault, the MS was Denver Cassidy and the MVP award went to Curtis Smith. The team was coached by Gord Leaver and Charlie Cassidy.

The award for the top goaltender in the house league went to Matt McCoy. The trophy for this title is donated by the Shaw family and is called the Marty Shaw trophy.

The leading point getter was Michael Empey with forty points.

The Canadians picked up the 'A' finalist title. They were

coached by Jim Dixon and Eric Hailstone. The MIP was Brandon McLean, the MS was Scott Reynolds and the MVP award went to Ryan Lessard.

The Leafs were the 'B' runners-up. The MIP was Mike McCann, the MS was Rodney Wilman and the MVP award went to Jesse Chapman. The Leafs were coached by Steve Wilkins and Mike Taylor.

OMHA

In the OMHA system this

year the award for MIP went to Doug Oliver. The MS player in the system was Tim Bailey and the most improved goaltender was Jereme Francis.

The most valuable goaltender in the system was Gerry Brownson and the MVP award went to Tom Burnside.

The Bob Empey memorial award was presented to Judy McCracken and Sharon Phillips for their work in the OMHA system. It was presented by Rob Empey.

The following is a list of the most improved, most sportsmanlike and most valuable players in the system:

Tyke Jrs.

MIP - Justin Courneyea
MS - Mike Preston
MVP - T.J. Thomlison

Tyke Srs.

OBITUARY

LEONARD CUTHBERT BLACKBURN

Leonard Cuthbert Blackburn of R.R. 1, Eldorado, Ontario passed away at Belleville General Hospital March 25, 1990 at the age of 80.

Mr. Blackburn was born in Madoc Township, the son of Nicholas and Annie Blackburn and had lived all his life at R.R. 1, Eldorado.

He is predeceased by his wife Marguerite Franks.

He is survived by eight children; Donald and Ivan of RR5 Madoc, Allan of Foxboro, Dennis, Larry and Loyde of Eldorado and Nancy and Bonnie of Oshawa. He has seventeen grandchildren and one great grandchild. Leonard is also survived by one brother, Gerald in Eldorado. He is predeceased by three brothers; William, Clayton and Cecil.

Leonard was a retired railroad employee and farmer and was educated at the Fox School in Madoc Township. He was a member of the United Church.

The funeral was held March 28th at 3 p.m. at the McConnell Funeral Home in Madoc. Interment will be at the Eldorado Cemetery. Officiating over the service was Rev. Jeff de Jonge.

Pallbearers were grandsons Perry, Brian, Danny, Steven, Shawn and Scott Blackburn.

Another public meeting for those who missed out on first one

by Janice Pinke

Another public meeting into the prospect of non-profit housing has been arranged by the Centre Hastings Non-Profit Housing Committee for Wednesday, April 18th beginning at 7 p.m.

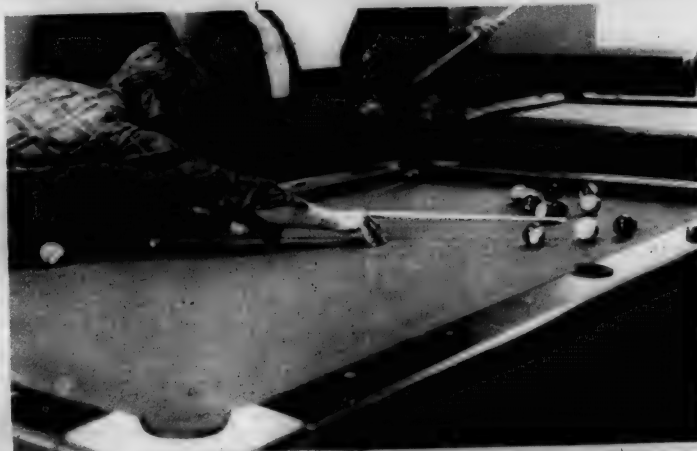

To be held downstairs at Madoc's Health Unit, discussion will explore the necessity for non-profit housing in Centre Hastings.

Ruth James, the chairperson on the housing committee, says the committee felt a need for a second public meeting because of the poor turn-out at the last public meeting in March. Ruth says "it is possible that some people were not aware of the meeting at that time."

Concerns at the last meeting were raised in regards to reeves of individual municipalities, and that they were not notified in time to attend the meeting. Ruth says she has already sent personal invitations to all area Reeves, so there should be plenty of time for them to see whether they should or can attend the meeting.

As for the process of getting non-profit housing in Centre Hastings, currently the surveys are still coming in and Ruth says that "hopefully by the end of April we (the committee) should have a fairly good sense of what we're going to be doing".

For more information call the Health Unit at 473-4247.

Winner takes \$250!

Randy Love takes aim at a pool tournament last Sunday (Apr. 1) at the new and improved 'Uptown Arcade' on St. Lawrence St. West. Owner, Beth Love, recently completed

renovations to the arcade. In doing so the arcade is now a 'no smoking' facility. The pool tournament finishes Sunday, April 29th with the winner

taking home \$250. Qualifying rounds are running every Sunday until then, so if you lose one Sunday you can try to qualify the next Sunday. Entry fee is \$10.

Not the real stuff

Madoc OPP are currently investigating a case involving the sale of a product said to be maple syrup. A local variety store in Madoc was approached by a man and woman in late March selling what they claimed to be maple syrup.

cane sugar syrup. The product was sold in clear plastic containers and has the appearance of real maple syrup and is much cheaper to produce. Police would like to warn the public to be aware of persons selling this type of product and if they are suspicious to call their nearest police department.

Constable Andrew Gordon is the investigating officer.

An inspector from the Ministry of Agriculture and Food seized some of the product and after testing it, found it to be

Second annual Madoc P.S. fun fair

by Janice Pinke

This year the Madoc Public School will be presenting it's second annual fun fair on Thursday, April 26, from 6:30 to 9:30 p.m.

Last year, the same fun fair drew an estimated 1000 people

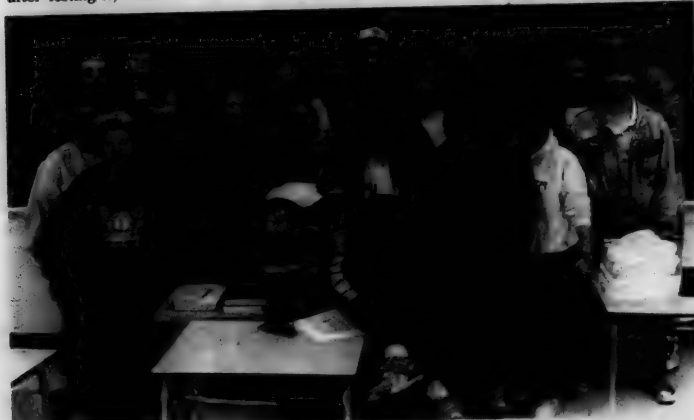

and raised approximately \$7,000 for the school.

The money raised was used to buy learning materials for the students, as well as paying for theatrical performances booked at the school for the enjoyment of the students. This year, Principal, Lori Anderson, would like to see the money used to purchase new gym mats for the school.

Again this year will be an auction, lots of games for the

kids, barbecued hot dogs ("with extra treats on them" according to Lori) and a raffle draw.

Students are selling the tickets for the raffle which, for the first place prize winner, means a six piece patio set which includes four chairs, a table and umbrella. Second prize is a BBQ with a tank and third prize is twenty pounds of steak. See you at the fair!

CHSS played host to twenty-five Peace River students last week. The Peace River students played host to CHSS

students last year. The students left this past Sunday, but not before filling their tummies at a specially

prepared breakfast in honour of their visit at the Kiwanis Centre. All in all the students say they had a great time.

Steve gone to Leafs

by Janice Pinke

Madoc's future NHL star Steve Bancroft, along with two other of Steve's peers from the Belleville Bulls hockey club, Scott Thornton and Rob Pearson, have been called to Toronto by the Toronto Maple Leafs according to Steve's father, Bob Bancroft.

When the Madoc Review spoke to Bob last Friday he said that Steve was currently making arrangements with his school to finish his term through a correspondence course. Steve only has two more subjects to complete before he picks up his grade 13 diploma which again, according to Bob, will probably have

to be completed through correspondence.

The elder Bancroft says that it is very unlikely his son will get to play any games during the remainder of the NHL schedule, however, he will be practising with the Leafs.

The Madoc Review offices
will be closed this coming
Good Friday.

**Happy
Easter!!!**

Letters to the EDITOR...

Dear Editor,

Re: Madoc Co-op Nursery
School as a Stepping Stone.

With registration for next
year's school term around the
corner, I just want to remind
newcomers to the area and any
parent with a child age two and
a half years to five years of
age, the importance nursery
school can have on your child
before entering the public
school system.

I feel there is also a great
number of children living
outside town unable to meet
and play with others. That is
why the nursery school has
been so beneficial to our fam-
ily. My daughter, after
completing almost two years
of nursery school will have a
better understanding and an
easier transition come Septem-
ber when she starts public
school.

The Madoc Nursery School
offers a two morning a week
program, which allows the
parents to help and join in with
the class if desired, as well as
assist a teacher. they

also have high school students
which help out as part of their
education.

Everyone seems to benefit,
especially the morning's
special visitors and local trips
are planned, as well as the
regular class activities.

Most of this year's group will
be moving on to public school,
leaving a space for your child.
I personally feel this school has
given my daughter and others,
an easier step to take towards
their first day in the big school
(my daughter call public
school the 'big school').

So parents remember the
little school. Tell your friends
and new neighbours. The
school needs your support to
continue its service to the
community.

See for yourself at the
upcoming open house.
Registration date is May 23rd.
Details will follow.

Thank you.

Volunteer and mother at the
Madoc Nursery School

P.S. Special thanks to Janice
Pinke for all of her photos.

Dear Editor,

Once again, the residents of
Madoc and outlying areas,
have opened their hearts as
well as their pocket books. The
1990 Heart and Stroke
Campaign is now over and I
have turned the funds over to
the Belleville office of the
Ontario Heart and Stroke
Foundation. The amount
collected was \$4,185.68, which
included the heart boxes that
were left in several of the local
businesses. This amount is
\$591.12 more than the 1989
campaign which realized
\$3,594.65 and would not have
been as successful were it not
for the help of the following
canvassers: Lila Curl, Karen
Jones, Walter Sawkins, Eileen
Chambers, Earl Langdon,
John and Marg Wagner, Lynda
Macthett, Judy Sandford,

Aileen Pigden, Shirley Gave-
reau, Holly Wicketts, Deanna
Snider, Fay McCann, Joanne
Pigden, Liz Todd, Lela Gaebel,
Sally Tarrant, Viola Andrews,
Kate Woods, Evelyn Boyle,
Marie Blackburn, Sherry
Downey, Eileen Pigden, Jane
Brownson, Elsa Vierich,
Marguerite Stire, Jean Bailey,
Christine Rose, Barb Rivers,
Dorothy Burshaw, John
Murphy, and Lynn Cross.

Since I am unable to write
and thank each of you person-
ally, I wish to express my
thanks to all of you for your
generosity and hard work, and
to let you know it is most
appreciated.

Sincerely,
Dorothy
Chairperson
Heart & Stroke Foundation

Bjornadahl,

It was Madoc Township,
Public School student Rachel
Hill's moment at the school
last Friday afternoon when
Madoc's Legion Br. 363
gathered there to present her
with a couple of awards for the
poster she entered, originally,

into the poster, poem and
essay contest run by our
Legion. Rachel took first place
at the district level and second
place at the provincial level.
Pictured above is (l-r) Una

Golding (District Youth &
Education Chairperson), Jean
Aylesworth (Br. 363 Youth &
Education Chairperson),
Rachel Hill, Cecil McBride
(Zone Commander) and Gavin
Adams (Br. 363 Legion
President).

Erin Dixon's peers displayed
their delight with resounding
applause at Erin placing first

in the Legion's district contest
for her poem about Remem-
brance Day. Presenting Erin

with her award last Friday
afternoon at the Madoc Public
School were (l-r) Jean Ayles-
worth (Br. 363 Youth & Educa-
tion Chairperson), and Una
Golding (District Youth &
Education Chairperson). Of
course Erin is on the far right.

Huntingdon Township votes English only

The following are the
minutes of the regular meeting
of Huntingdon Township council
of March 14, 1990.

English only.

A proposed resolution
regarding the use of English as
the official language of commu-
nication for the corporation
was presented to council for
their approval. The following
whereas the Township of
Huntingdon is composed of
different ethnic groups,
languages and cultures; and
whereas the Township of
Huntingdon has always shown
respect for each of these
cultures by providing per-
fect treatment for none;
and whereas the Township
of Huntingdon has throughout its
history had one common work-
ing language for all of its
written oral communications,
which is English; and whereas
the preferred common
language of commerce, busi-
ness, trade, science and
normal everyday activities is
English. Therefore it is res-
olved that the Corporation of
the Township of Huntingdon in
the interests of maintaining good-
will, harmony and sound and
responsible fiscal manage-
ment continue as it has in the
past to accept the use of Eng-
lish as the official language of
communication with its citi-
zens and all levels of govern-

ment, thereby demonstrating
the concept of equality for each
ethnic, cultural and language
group in its jurisdiction. And
further resolved that the Town-
ship of Huntingdon declares
English to be the official
language of the Corporation.

CN right of way.

Lewis Mitz spoke to council
concerning the CN right of
way. He inquired about the
possibility of using the CN
right of way as a recreational
trail and volunteered his
service in assisting with
control and policing the trail.
Mr. Mitz was advised by coun-
cil that council has not yet
made a decision as to the
disposition of the CN right of
way.

An offer was received from
Daryl Kramp regarding the
CNR right of way. Council
moved that the letter be
received and filed and the
cheque be returned by mail.

Lagoon.

Council moved that a letter
be sent to the Honourable Jim
Bradley, Minister of the En-
vironment, stating that Hunt-
ingdon Township opposes any
expansion or alterations for
capacity purposes to the
Madoc lagoon at this time or in
the future until Huntingdon
Township is fully satisfied that
the Lagoon is not a major

The Marmoraton Mine story...

by Janice Pinke

There is a company called Armbro Enterprises Ltd., and it owns the Marmoraton Mine in Marmora. Recently, the company decided to lease the mine to Metro Toronto so that that city could dump its garbage there. It is estimated that 12,000 tonnes of garbage could be dumped in the mine every day.

Thus, TNT was formed. "Take No Trash" is its motto and during the last week of March they took their appeal to Campbellford, drawing an estimated 1000 people to the meeting. Campbellford has now formed their own TNT chapter and they are hoping other local municipalities will follow in their steps.

Why Campbellford you say? Why not Madoc I say?

As the citizens of Campbellford saw it, it is a potential disaster and they were concerned that if this proposal came about it would eventually

pollute the Trent River as well as all the wells which are included in the water sheds of three rivers, the Crowe River, the Trent River and the MOIRA RIVER.

The Moira River runs south down through our Moira Lake system and continues on down into Tweed and finally ends up in the Bay of Quinte and Lake Ontario.

Let's look at an example; however, the details are very sketchy. This reporter learned that years ago there was an oil spill in the mine when the Marmoraton Mine was used for mining purposes. That oil, an estimated six weeks later, ended up in wells surrounding the mine, and as far south as Springbrook. The story goes that a farmer in Springbrook discovered the black substance in his well and removed a bucket of it. After letting it sit overnight the bottom one-third froze while the remaining two-

thirds did not. This farmer proceeded to take the unfrozen portion from the bucket and load it into his tractor. It worked!

Here lies the proof that possibly the contaminates from the garbage that Metro Toronto wants to dump into the mine could and can make its way out of the mine through ground water.

It is estimated that Metro Toronto would dump 3 million

tonnes of garbage in the mine a year.

Armbr Enterprises want to lease the dump to Metro Toronto for a tidy sum which would end up in their pockets. Most residents would like to see the mine preserved as a provincial park.

The Ministry of Natural Resources is currently looking at the proposal to dump garbage in the mine, however, the final decision is up to the Province of Ontario's Premier, David Peterson.

Huntingdon

minutes cont'd.

contributor to the deterioration of the water quality of Moira Lake. And further request that some form of compensation package be implemented and agreed upon by the Municipality in the event that improper timing of release such as happened last year should occur or leakage of the lagoon, that would have a detrimental impact on Huntingdon Township or Moira Lake and watershed. Also that Huntingdon Township be kept informed on a regular basis as to the operation reconstruction, testing and overall maintenance of the lagoon.

Dog tag issuer.

Two applications were received for a dog tag issuer for 1990.

Children's books author and story teller, Jan Andrews, was at the Madoc Township Public School last Friday morning doing what she does best. The students (grade two and down) and staff seemed to be

mesmerized by this lady's storytelling ability. Jan has two more children's books coming out in the fall of 1990 - one about three children whose mother turns into a pumpkin and one about a farm auction.

Dates to Remember

Apr. 17 - Madoc Historical Foundation general meeting at the Madoc Library beginning at 7:30 p.m. Everyone welcome.

Apr. 18 - Second public meeting into prospect of non-profit housing in Centre Hastings at the Madoc Health Unit (downstairs) beginning at 7 p.m. For more info call the Health Unit at 473-4247.

Apr. 19 - Centre and South Hastings Waste Management Steering Committee meeting beginning at 1 p.m.

Apr. 24 - Madoc Public School 'Fun Fair' from 6:30 to 9:30 p.m. Auction, games and prizes. Fun for everyone. Proceeds to the school.

Apr. 28 - The Quinte Wood Carvers Association will hold its 3rd annual wood carving show, featuring wood carving demonstrations, from 9:30 a.m. to 5:30 p.m. at the Stirling Curling Club. Admission is free.

Apr. 30 - 8 p.m. at the Kwanis Centre. Help St. John the

Baptist Anglican Church celebrate its 125th anniversary by attending a show of authentic Victorian fashions courtesy of Fozbro Fabrics. Admission \$5. Proceeds to pointing of exterior walls.

May 7 - Victorian Fashion Show at the Tweed Playhouse in Tweed beginning at 7:30 p.m. Admission is \$5, tea included.

May 11, 12 - Fair board's 'Dream Auction'. Watch for list of items in local papers. Call in to bid. Items up for bid already include a pair of husky dogs and Blue Jay tickets. Keep reading the Madoc Review.

May 19, 20 - Home and Trade Show at Madoc arena sponsored by the Kwanis Club of Madoc. Saturday 10-6, Sunday 10-5; admission is free.

May 23 - Madoc Nursery School registration at St. Peter's Presbyterian Church at the corner of St. Peter's St. and St. Lawrence St. West. from 7 to 8:30 p.m. Enter through the back door.

The volunteer firefighters of the Madoc Township Fire Department held their annual pancake breakfast this past Sunday with an estimated 600 people attending. Emergency stickers were given to all those attended which displayed the number to call in case of fire; Zenith 66660.

The Hurricane's and a team from Bancroft battled it out Sunday, April 1st, for first place spot in the contact division of a men's hockey tourna-

ment at the Madoc arena which lasted all weekend long. The Bancroft team emerged as the winners. The 'A' champs

were Parkhill Cafe beating the Thruway Muffler Demons and the 'B' champs were a team from Marmora who beat out Grafton in that final.

Madoc Township Public School news...

Science Fair

The Science Fair at Madoc Township Public School has been completed. Seven students have had their work selected for display at the Quinte Mall on Saturday April 14th. The students from Madoc Township Public School will be there with students from other schools in Hastings County. This will include

students from North Hastings as well as Belleville and Trenton. Judging will be done once again with the winners moving on to another level of competition. If you are in Belleville on Saturday please take some time to visit with the students and talk with them concerning their projects: they will be pleased to have your interest and attention.

Brenda Hudson, a member of the Centre Hastings Secondary School staff visited our school recently to gather material for the combined Centre Hastings schools newspaper which is being assembled for presentation during during Education Week, April 30th to May 4th. Brenda is coordinating this

Home & Trade Show at Madoc arena in May

by Janice Pinke

We are back to that time of the year again when activities and community functions really begin to pick up speed here in Madoc.

Coming this May 19 and 20 at the Madoc arena is the first annual home and trade show which is being hosted by the Madoc Kiwanis Club.

If you are doing any home renovations or are planning to, this is the place to go. Deryk London is the chairman of the show. When the Madoc Review spoke to Fran London last week she said that the show is sold out and they expect an estimated 50 exhibitors. Included in that list is Crystal Beach, Canadian Tire, Madoc's Co-op, real estate, homebaking, Centre Hastings Sports and Bush's Furniture from Tweed, to name a few.

The idea behind the show according to Mrs. London is to promote Centre Hastings, more particularly Madoc. Flyers will be distributed to

area households and recreational cottages. The Kiwanis Club will also be advertising the home and trade show on local radio stations.

To make it even more interesting Captain Highliner is expected to make an appearance and there will be an

antique coke car present for viewing throughout the duration of the show.

A share the wealth bingo will run on both days and a licenced lounge has been booked into the arena. There will also be other non-alcoholic beverages available.

Proceeds from the show will go to the Kiwanis Club which always ends up coming back into the community of Madoc anyhow.

Admission is free. The show runs from 10 a.m. to 6 p.m. on Saturday, May 19th and from 10 a.m. to 5 p.m. on Sunday, May 20th.

Timber Management plan available for inspection

The new timber management plan for the Crown lands in the Tweed District has been approved and is available for public inspection at the Tweed office.

The Ministry of Natural Resources (MNR) has been preparing the plan for the past 16 months. The planning process began when the MNR invited the public to participate in this important planning exercise. Information centres were held last spring where preliminary timber management proposals were presented.

A draft plan was made available for public review last December and was revised to reflect comments made by the public and the ministry's planning team.

The plan outlines the objectives and strategies for the management of the Crown timber resources situated in the Tweed District and addresses the questions of where, when and how timber management operations will take place over the next 20 years. The plan considers other uses of the forest and co-ordinates various resource management activities to optimize the benefits received from the forest.

"There is more to timber management than harvesting, although it seems to get more than its share of attention," says Management Forester Rob Spencer. Future forests are planned, trees are tended to ensure rapid growth and they are protected from insects and disease. Each stage of management plays an important role in maintaining a

healthy forest from which we all benefit.

Spence says "the level of harvesting is calculated every five years and is such that we cut only what the forest is able to produce and we distribute the harvest throughout the management area. This ensures that the forest is sustained for future generations and that over harvesting does not occur."

The forests are a dominant feature in our landscape and provide a range of benefits. The MNR is firmly committed to practicing sound resource management which respects the natural environment while striving to maintain a forest which satisfies the requirements of timber production, recreational values, aesthetics, fish and wildlife habitat, soil and water conservation.

Spence points out that "this is detailed in the timber management plan and is demonstrated by the great care ministry staff take when planning and implementing all

resource management activities."

Anyone interested in getting more information on timber management on the Crown lands in the Tweed District may contact Rob Spencer at the Tweed office by calling 1-478-2330.

Red Shield Appeal campaign starts in May

by Janice Pinkle

Everyone knows the outstanding efforts the Salvation Army puts forth for those people less fortunate than most of us. Next month the Salvation Army begins its annual fundraising campaign called 'Red Shield Appeal'.

Last year, according to Captain Austin Jacobs of the Tweed chapter of the Salvation Army, the campaign raised \$13,500 from area residents and this year he is hoping to raise \$14,000.

Door to door canvassing, according to Evan Morton the district chairperson for this campaign, is the most effective way to raise money he says, but this kind of canvassing in Madoc and Marmora is absent because of a lack of volunteers. Evan says he would really like to see some church group or other inter-

ested parties come forward and volunteer their time in these two communities to raise money for the 'Red Shield Appeal'.

The money raised goes towards the dozens of programs operated by the Salvation Army which include alcoholism recovery programs,

services to single mothers, emergency welfare programs, children's villages, ministries to shut-ins and many more.

More commonly recognized by most people are the 'thrift shops' the Salvation Army operates. The Belleville thrift shop recently burned down and had to be relocated. The Tweed store has been in operation for

a number of years.

If no volunteers are found in the Madoc and Marmora areas an appeal for donations is done through the mail but, says Evan Morton, "that is not as effective".

The emphasis for fundraising is put forth during the first week of May. Please give generously.

Evan Morton (l), district chairperson for this year's Red Shield Appeal campaign for

the Salvation Army, and Capt. Austin Jacobs of the Tweed Salvation Army held a press conference last week in Tweed

to announce the upcoming Red Shield Appeal campaign which begins the first week of May.

Not guilty by reason of insanity.

A 30 year old RR4 Marmora man was found not guilty by reason of insanity after a trial in Belleville District Court on April 3rd.

Mark Thomson was charged after he took a loaded .22 calibre rifle and a can of gasoline to his next door neighbour's residence and threatened to kill the occupant and burn the house down.

Thomson was at the neighbour's residence for approximately one hour and during that time he pointed the gun at the victim's head on four occasions. At one stage he showed the victim the chamber with the actual shell in it. The victim was able to convince Thomson to leave and Madoc OPP were called.

Thomson was arrested and charged with threatening to kill, pointing a firearm and using a firearm in the commission of an offence.

On April 3rd he was ordered

held at Quinte Regional Detention Centre in Napanee before being transferred to a mental institution.

Young offender sentenced.

A young offender was sentenced in family court in Belleville on April 3rd after pleading guilty to eleven charges including break and enter, possession of stolen property, theft and attempt theft. He was sentenced to 9 months in open custody followed by eighteen months probation. He was also ordered to perform 50 hours community service work. The charges arose after a number of businesses in the Marmora

area were entered as well as a number of private residences during the summer of 1989.

The identity cannot be released under provisions of the Young Offenders Act.

Theft under \$1,000.

Madoc OPP charged a Marmora man with theft under \$1,000 on April 4th after police received a complaint that an air pistol was stolen from a residence in Marmora. Thirty-one year old William Bradley Chard has been charged and is to appear in Belleville Provincial Court on April 26th.

Madoc OPP report

PUBLIC MEETING CENTRE HASTINGS NON-PROFIT HOUSING COMMITTEE

Senior Citizen Apartments Single & Family Rental Housing

If you are 58 years of age or older

OR

If you are single

OR

If you have one or more children

OR

If you are a childless couple

OR

If you are an empty nester

THIS IS OF INTEREST TO YOU

The Centre Hastings Non-Profit Housing Committee in conjunction with the Ministry of Housing and Kitcher McEwen Development Consultants is conducting a survey to determine the need for market and rent-gated-to-income housing in your community.

Questionnaires are being distributed as part of a survey to determine the interest in this type of housing.

ONLY BY COMPLETING THIS QUESTIONNAIRE CAN YOU HELP TO DETERMINE WHETHER THERE IS A DEMAND FOR MARKET AND ASSISTED RENTAL HOUSING.

A public meeting will be held on Wednesday, April 18, 1990 at 7:00 p.m. at Madoc Health Unit (downstairs) to provide further information about the proposed project and answer any questions about the survey.

Residents interested in obtaining more information or completing a questionnaire should contact:

lock pee wees mph in final

Congratulations Havelock PeeWees OMHA D Champs

Photo: Bill Freeman

Let the celebration begin: Havelock has a new championship team. The pee wees captured the OMHA "D" title Saturday evening with a resounding 10-5 win over Grand Valley to sweep their championship series 4-0. One of the area's most dominant pee wee teams, Havelock had to work for their title against a fast Grand Valley team. In the end, Havelock's fire power was just too much. At the left, Cal Larmer accepts the "D" division trophy from OMHA representative Doug Hearn. Congratulations guys; enjoy your title.

orthumberland

M.P.P. Joan Fawcett? He responded by saying, "All I'm here for is to visit one of the nicest places in the province and we don't have to worry about this riding we have a very strong candidate here."

When asked about the French/English issue in the province he said, "There are many people out there who are misinterpreting the bill. The French law does not apply to municipalities. All the bill does is give the right to a French girl to speak to her social worker in French."

When questioned about Go Transit coming to Cobourg all he would say was, "Be patient, that's all I can say right now."

How about a fall election - Premier David Peterson was in Brighton last week to hand out some plaque to some long time supporters. During an interview, Mr. Peterson stated that the party had a strong candidate in the Northumberland Riding in Joan Fawcett, hinting that this might be the begin of a campaign run throughout the province. Another sign was that he made sure he shook the hand of every person in the room including Eleanor Brown of Trent River with Bernice O'Brien of Campbellford and Joan Fawcett MPP looking on.

A comprehensive study of education programs and services in Ontario for deaf and hard-of-hearing students has been released by Education Minister Sean Conway.

The report, "Review of Ontario Education Programs for Deaf and Hard-of-hearing Students," contains the findings and recommendations of two committees.

The first, an internal review committee, included representatives of school boards, the provincial schools for the deaf, and the Office for Disabled Persons.

The second, an external review committee, was chaired by Donald Rutledge, a former associate Director for the Toronto Board of Education. The members of this committee were experts in deaf education and other educators not employed by any of the jurisdictions under review.

The review which began in November 1988, covered the three provincial schools for the deaf operated by the ministry - the Ernest C. Drury School in Milton, the Robarts School in London, and the Sir James Whitney School in Belleville - the ministry's teacher education program located at the Sir James Whitney School and programs offered by 13 school boards across Ontario.

The evaluation of programs

More Abled Than Disabled

by Barbara Bruce-Peatow

Deaf and hard-of-hearing education programs reviewed

and services included surveys of parents, students, educators of the deaf, program administrators, and residence counsellors employed by the provincial schools. The committees held 11 public meetings across Ontario and received more than 130 submissions, delivered in writing, speech or sign language.

The ministry also conducted a separate review of programs for deaf and hard-of-hearing students with a French language background. As well, the Ministry of Colleges and Universities has reviewed educational opportunities for deaf and hard-of-hearing students in Ontario at the postsecondary level.

UPCOMING EVENTS...

The Learning Disabilities

Association of Ontario will hold its annual conference "On the Frontiers of Knowledge" at L'Hotel in Toronto on April 27, 1990.

Dr. Martha Denckla, Kennedy Institute, Baltimore, will be guest speaker at the opening plenary session. Other sessions will address the issues of neurotoxicology/neuropsychological nature of learning disabilities, neurotoxicology/genetics, ADHD, diet/allergies, assessment and management. The focus is the health and wellbeing of persons with

learning disabilities. It is co-sponsored by the Ontario Ministry of Health.

For more information contact: Elizabeth Chubb, Conference Co-ordinator, Suit 304, 1901 Yonge Street, Toronto, Ontario M4S 1Y6 416-487-4106.

CELEBRATION 1990 REACHING BEYOND BARRIERS

A celebration for deaf and hard-of-hearing people marking the 50th Anniversary and Achievements, featuring work-

shops, exhibits, luncheon speakers, Mayfest and a celebration banquet, will be held in Toronto on May 24-26, 1990. Registration is \$125.00 per person. Contact your local Canadian Hearing Society, or Association for the Deaf.

MOM'S BEST FRIENDS COOKIES

This is a very old recipe, one of those handy one-bowl mixtures

1 egg
1 cup butter or margarine
1 cup white sugar
1/2 cup brown sugar
1 cup all-purpose flour
1 1/4 cups rolled quick oats
1/4 cup flaked or shredded coconut
1 tsp baking powder
1 tsp baking soda
Beat egg in medium bowl, add butter or margarine, sugars and cream. Mix in remaining ingredients. Drop by teaspoonfuls onto cookie sheet. Bake in a 350 oven, 12 to 15 minutes or until golden. Makes 50 to 60 cookies.
CHOW! SEE YOU NEXT WEEK.

R.A.P.W.M. Newsletter

In August of last year, Rawdon Against Poor Waste Management (R.A.P.W.M.) was formed to challenge the validity of candidate landfill sites in Rawdon Township.

With a lot of perseverance, hard work, and the support of residents, all of the candidate sites were removed from consideration. Throughout the process, R.A.P.W.M. has attempted to represent the wishes of township residents.

We have taken the stand that landfilling is not suitable as the primary means of waste management. We are against the placement of a mega-landfill site in Rawdon Township, and against siting any landfill project on an environmentally sensitive site.

We have urged the South and Centre Hastings Waste Management Steering Committee to look into and consider adopting alternatives to landfilling as a primary tool for waste management.

The site selection criteria has to be done over again because all of the potential landfill sites have been thrown out. This means that you, the public, will be asked again to participate in public workshops to help make up those

criteria. It is most important for you to watch for and take part in these workshops when they are announced. It will be the only chance the public has to tell the Steering Committee what is needed.

R.A.P.W.M. has discussed changes in the selection criteria it felt were necessary to bring the County's waste management Master Plan into line with environmentally acceptable practices. It was decided the criteria should specify that:

1. Emphasis be moved away from landfill and incineration as primary waste management tools.
2. Waste management sites should be located only in or near areas served by piped water. The cost of supplying water to a rural community with polluted wells and no infrastructure nearby would be astronomical.
3. Waste management sites should be located near the largest producers of garbage. This reduces the cost and environmental impact of shipping garbage to a distant site. Larger centres also have piped water and depend less on wells for water.
4. Waste management sites must go on land suited for the purpose. This means putting it on clay-based soil which happens to be all class 1 to 4 farmland in our County. However, such criteria must protect any and all land being worked. Land to be considered must have been abandoned for a given period of time and not

be part of a family farm held by the original family. Land held by absentee owners, speculative holding companies, and non-farming tenants would be eligible.

5. Cost (of waste management) must be a factor to be considered in developing the Master Plan. Costs which should not be ignored (as they are now) include:

- i. Developing a distant site on poor land.
- ii. Transportation to a distant site.
- iii. Cleaning up and supplying water in the event of ground water contamination.
- iv. Damage and wear to municipal roads.

R.A.P.W.M. will also look into what the Center and South Hastings Waste Management Steering Committee intends to do with the Rawdon 1 or Spry Settlement site. The Steering Committee purchased this site without the approval of the Ministry of the Environment and still owns it even though it is not proper for it to do so without such approval. We have so far not been able to get clarification on the situation from the Ministry of the Environment.

Please take a few minutes to write down your thoughts and concerns so that we can present them to the Steering Committee.

Send your letters to:

Speaking of Wildlife: Students of Havelock-Belmont Public School were given the unique opportunity on April 4 to experience some pretty special animals including a young Cougar named Amber. Presented by Jungle Cat World, Scott Armstrong (pictured on sitting on the floor) stressed to the students "that these types of animals (endangered species) don't make good pets." Scott, who gave the kindergarten students a sneak preview of some of the animals, indicated his show was a means of wildlife education through hands-on experience. For more information about his very fascinating show give Scott a call at 1-800-461-6910.

Tabernacle United Church The rest of the 100th year

This is the third in a series of three on the 100th anniversary of Tabernacle United Church.

by Brian Carruthers

This Sunday is Easter Sunday but it also a special Sunday for the congregation at Tabernacle United Church as it is the Easter of their 100th year anniversary.

The parishioners will part take of a special Tea in May and the year will be celebrated in huge way on June 3. That is the day the Church will hold its official 100 anniversary service. The rest of the year

will see a special family picnic in July and a Harvest supper in September. In October the church will celebrate the homecoming with a special guest appearance by Rev. Wendall Sedgewick. The year-long celebrations will wind

down with a Christmas service, dinner and concert on December 2nd.

What will the second hundred years bring to Tabernacle? What ever the congregation wants. There is no limit

to the things a church can accomplish if the congregations makes a plan and sticks to it to the end. Congratulations to the parishioners of Tabernacle United Church on 100 years of service to the community.

The musical careers of a non duet duo

Donna Bennett and Brian Finley

by Brian Carruthers

On May 4 at St. Andrew's Presbyterian Church there will be an evening of music. This evening will feature the husband and wife team of Brian Finley and Donna Bennett. They are both classical musicians. Brian is a concert pianist and deos a solo act, while Donna is an opera singer. Both are international known having performed in England, Germany and other parts of Europe as well as in North America.

They have decided to settle down in Campbellford mainly to raise their new born child and also to get away from the big city atmosphere. It was easy to pick Campbellford because Donna was born in Campbellford, the daughter of Don and June Bennett of Bennett's Home Furnishings. Brian was born in Montreal but was raised mostly in Los Angeles and has lived in Nairobi, Kenya, Calgary and Toronto. Brian will also be teaching in Campbellford.

The couple met at the University of Toronto where they both went to get their degrees in music. They both have Bachelor degrees. Brian stayed at the U of T to get his

Master's degree, while Donna went to Musikhochschule in Munich, West Germany to get her Meisterklassendiplom.

After trying to get work in Toronto and not being too successful they decided they would try in New York, London and other major musical centres in Europe to attempt to get acceptance and recognition in the music world. They eventually decided they would reside in London and go to Europe when the was work. As Brian says, "You really only have to live within a three hour drive of an airport to be able to go to work in our business."

While in London, Brian performed many concerts and did some teaching, and was a competitor in several international piano competitions, as well as getting his recording career established which included a session at Wigmore Hall. Donna was busy as well performing in many operas in lesser roles as well as leading lady parts, performing mostly in modern operas, such as Louise in *The English Cat*, Monica in *The Medium*, the Mermaid in *The Fisherman* and Dede in *A Quiet Place*, the last one by Leonard Bernstein, who was present at the opening

night performance.

Brian was attracted to classical music when he was in his early teens when his father took him to a doctor friend's soiree where the doctor performed one of Tchaikovsky's works in its entirety. He also had classical music played in his home on the radio constantly.

Donna's appreciation of music came from the live music performed in her families home, every member of family sings or plays a musical instrument. Donna says, "I can remember my mother entering me in the Northumberland Music Festival, where I would strum my guitar and sing folks songs. But I guess I was mostly influenced when at the Campbellford high school we performed Gilbert and Sullivan operettas."

They now have an agent and do not have to worry about promoting themselves as much as they have in the past they both seem quite content to live in the quiet country side of Campbellford and fly to their work where ever it is.

SHOWMAN SHIP.

SEA-DOO

The 580 cc water-cooled rotary valve Rotax® engine churns out 55 horsepower and delivers speeds up to 40 mph. The Sea-Doo comes equipped with a stainless impeller, "performance-style" spoiler, yellow steering and storage covers, and a very hot St decal package. All show and lots of go!

CARD OF THANKS

A very sincere thank you to all family and friends for the kindness, extended to me during my stay in hospital. Please thank to Dr. Boyle and the Nursing Staff at Good Shepherd, Lucette Fitzpatrick.

I would like to thank my family, relatives, friends and neighbours for their support during the recent bereavement in the loss of my brother, Walter Corvey. Your expressions of sympathy and visits were much appreciated and for cards, phone calls, flowers and visits received while a patient at B.G.H. and while my returning home. Thank you one and all Margaret Bosley.

THANKS TO everyone for cards, visits and phone calls while I was in Belleville & Peterborough Hospital. Bob Armstrong

USED APPLIANCE SALE
RUNNING TILL THANKSGIVING WEEKEND
 Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer. This way we can rebuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment-size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old to 5 yrs. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.
 Smitty likes competition - it keeps one on their toes & prices in line. Smitty says check our competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for yourself our very clean & modern appliances. We are also the largest dealer in the area in new appliances. We take trade-ins. We have our own financing with no interest & same day delivery. If you are thinking of buying or selling your appliances, see Smitty just for an honest price.
WE JUST DONT SELL APPLIANCES, WE GUARANTEE THEM AFTER THE SALE. THERE IS A DIFFERENCE.

HAPPY EASTER

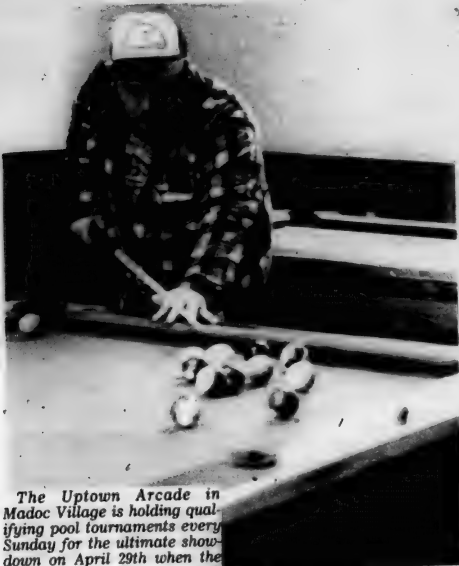

EASTER BLESSINGS TO ALL

\$75,000 economic grant

Jim Pollock M.P.P. and Warden Bruce Davis are pleased to announce on behalf of the Honourable Monte Kwinter, Minister of Industry, Trade and Technology, the receipt of the first Ministry operating grant ever presented for Economic Development in Eastern Ontario. The \$75,000 grant will be utilized to offset the cost associated with increased Economic Development efforts that were started by the County of Hastings last year with the newly formed County Economic Development Department.

The Minister stated in his letter to the County, "The initiative that you have taken to enhance economic development potentials is to be commended. It is through the collective efforts of communities such as yours that Eastern

Ontario will grow and prosper as we head into the 1990s." The Department's quarter of a million dollar budget was approved at County Council March 29, 1990. There are six major programs that the department will implement over the next year. The funds are part of a \$25 million Eastern Ontario Community Economic Development Program.

The Uptown Arcade in Madoc Village is holding qualifying pool tournaments every Sunday for the ultimate showdown on April 29th when the winner will walk away with \$250. Starting time is 2 p.m. and the entry fee is \$10. Bruce Chard (above) won the first week's tournament.

Paula Harris (r) Madoc Township resident and graduate of C.H.S.S. was recently presented with a women's volleyball scholarship worth \$350 from Loyalist College. Paula is in second-year recreational leadership. Stewart McEwen of Marmora, also received a scholarship worth \$350 for men's volleyball. Stewart is a graduate of C.H.S.S. and is in third-year nursing. Stewart was absent for the picture.

Next PAC meeting

The next Public Advisory Committee (PAC) meeting will be held on April 11 at 7 p.m. in the Thurlow Township Hall in Cannifton to provide an easier opportunity for residents throughout the study area to attend.

PAC meetings are open to everyone and time is provided at each meeting for questions and comments from the public. PAC is composed of a volunteer from each of the 15 municipalities involved in the Centre & South Hastings County Waste Management Master Plan.

Some of the items to be discussed at this meeting included: developing refined criteria for the landfill site selection process and preparation of a door-to-door flyer on the Master Plan. The Thurlow Hall is on the east side of the main street in Cannifton, less than one kilometre north of where Hwy. 31 crosses Hwy 401.

Dumbbells dazzle in Stirling

by Richard Gleeson

Theatre patrons who packed Stirling Theatre last Wednesday evening witnessed at least five productions in one - a musical docu-comedy dancing war drama, with a touch of the farcical and tragic thrown in for good measure. Call it great entertainment for short.

Wednesday was the night The Legend of the Dumbbells came to town, and their two-and-a-half hour performance will not soon be forgotten. In telling the story of the Dumbbells, a rag-tag group of World War I soldiers who gave comical performances to boost morale on the front lines, the production would have been successful by simply mimicking the entertaining shows they provided. In fact, the recreation of the old performances carried the show, but The Legend of the Dumbbells was something more than nostalgia and laughs.

Writer George Salverson skillfully placed the performances in the tragic milieu from which they arose. While lampooning the war machine's answers (eg. courage, self-sacrifice, duty, regimentation, unquestioning obedience) to the fear, hardships and homesickness of battle-weary, lice-

infested soldiers, the Dumbbells display these symptoms of war themselves. The backdrop of war became increasingly prominent through the show up to the recreation of the troupe's run on Broadway.

The attack on mythical views of the performance, with Miss Comforts - er, Miss Clifford's (Barbara Mantini) attempts to assay the needs of the men - all too obvious needs, needs one of the men agreed were "irrelevant, but certainly urgent."

The play goes on to document the formation of the group by Captain Merton Plunkett, a.k.a. Brian McKay. The soldiers spend some time acclimatizing themselves to the hitherto unheard of assignment of entertaining comrades, and preparing for their first performance. As Edith Murray of the Stirling Performing Arts Committee noted in a recent article in this paper detailing the history of the Dumbbells, the opening act met with a less than enthusiastic reception from the soldiers, but when the magic ingredient - girls (or at least a cunning imitation thereof) - was introduced, the show took off.

The production offered the audience views of the Dumbbells' performances from both sides of the curtain, focusing on the panicky behind-the-scenes preparations for the first half of the show, and addressing the sold out house as an audience of soldiers (or, recounting the post-war tour, an audience in New York's Ambassador Theatre) in the second half.

The cruel realities of war came to the fore during the second half, with the troupe's spiritual leader, Jack McLaren, having to deal with the loss of several friends, and questioning the purpose of cheering up soldiers about to undertake battles few of them

will survive, a conflict which comes to a head with the death of the stolidly militaristic, but sentimental Sergeant Pound.

Balancing these heavier moments, and revealing the professional polish the troupe acquired as the war went on, were the no-holds-barred, out-of-breath stage antics of the Dumbbells. A hilarious slapstick skit about tea with the dutchess and a shower number which concluded with what may well have been the first moon hung (on stage, during a performance) in Stirling Theatre exemplified this side of the stark contrast between the realities of war and stage.

Following the show, Music

Director Wayne Strongman noted that The Legend of the Dumbbells, because of its multi-layered storyline and character development, is a rarity among musical productions. As the stage was being dismantled to be shipped to Lindsay for the next performance, Strongman commented that Stirling Theatre is the smallest "and most challenging" venue the Tapestry Theatre group will be playing during a three week tour of Ontario. He added that much larger cities lack such a facility, and that the Stirling Performing Arts Committee should be commended for their work to keep theatre vital in Stirling.

Shower of laughs from the Dumbbells - (left to right) Robert Longo, Michael Rawley, Michael Killinger, Mark Bellamy, and Geoffrey Whynot were among the cast who provided two and a half hours of laughs, drama, song and dance for a capacity crowd that gathered to see Legend of the Dumbbells at Stirling Theatre last week.

For the last month or so Mr. Harrop's O.A.C. Power Writing Class has been working on a music video. The class was put into 8 groups of 5 students. Their job was to choose a song, come up with ideas or a theme for the song, then after learning how to use a video camera, film and edit the video tape.

The students spent much of their class time working on their video. Many of the groups arranged to take the equipment to their house to shoot their videos outside. Some of the themes are, Elvis, Girls Night Out, Tainted Love, Fish in the Dark, Dr. Feelgood, It Doesn't Matter and more.

The students will be evaluated on their daily efforts and how they are able to work with others. There are also process and product marks given. The most important part of the whole thing (for the students) was the Video Dance held last Friday. It was run by the Valley Video Road Show who agreed to play the student's videos at the dance as a contest. The students that are at the dance will be the judges in the contest and the winner will be chosen by "secret ballot".

The first place team will win \$50, the second place \$35 and the third place video will win \$15. The videos will also be shown Monday after the dance at lunch hours and on May 1st at the Open House here at the school.

Emil and Helen Wannamaker celebrated their 50th anniversary this past weekend with an open house here in the Village. Emil was born in

Madoc Township while his wife hails from Pointe Anne. The couple has four children, three of which reside in the immediate area; six grandchildren

and one great-grandchild. They have lived in Madoc since they were married; Emil was a farmer. On the occasion of their 50th anniversary the couple has received recognition from the Prime Minister, the Governor General, MP Bill Vankoughnet and MPP Jim Pollock. The merchants of Madoc Village also surprised the couple with an anniversary plate.

Jenna, 4, was registered at the Madoc Township Public School for classes beginning in September, by her mom,

Susan Rollins. The school held their annual pre-schoolers registration recently.

Queensborough news

by Goldie Holmes

Mrs. Margaret Bosley returned home on Monday, March 26th after being a patient in Belleville General Hospital for almost a week.

Those from here who went on the senior citizens bus trip to Belleville on Monday, March 26th were Bernice Clarke, Jessie Holmes, Evelyn Lynn and Goldie Holmes. They stopped at Loeb's and the Quinte Mall and attended the cinema 'Funny Lady' the sequel to the one in February.

A number of people from Queensboro attended the funeral of the late Leonard Blackburn of Eldorado, held at McConnell's Funeral Chapel in Madoc on Wednesday, March 28th. Rev. Jeff de Jonge officiated. Interment was in Eldorado Cemetery.

Congratulations to Kelly and Danny DeClair on the birth of their baby girl, Melissa.

Mr. and Mrs. Alex Clarke were overnight visitors of John

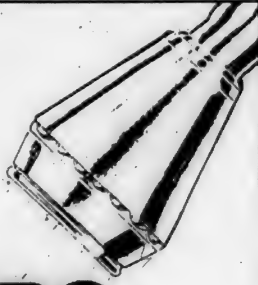

and Eileen Yzereef on Tuesday, March 27th.

How to take a shower without taking a bath

During

APRIL SHOWERS

SAVINGS DAYS

For a limited time only, Ontario Hydro will give you up to \$10. Cash Back when you buy an easy-to-install energy efficient showerhead. That's a savings of up to 25%. But you'll save more than money. An energy efficient showerhead uses less water. In fact, by installing an energy efficient showerhead you'll save about 30% of the hot water you use for showering. And you'll still enjoy a great shower. In fact, the only way you'll know the difference is by the hot water you'll save.

Trinity U.C.W.

by Eva Brownson

Seventeen people attended the U.C.W. meeting in Trinity United Church on Wednesday, March 21st.

Leader Ruby Parauik opened by reading a poem "Now I Hear the Brook," and everyone singing "In the Cross of Christ I Glory," repeating the purpose and Psalm 117.

During the business, thank-you notes were read from Kietha Parks and the Emburys for goodies received. Women's Conference at Waterloo, June 8-10th, and trip to Mexico, 28th Annual conference at St. John's Church, Campbellford, April 3 & 4th also Kummage Sale at Trinity on April 20th & 21st. were announced. Ruby also said that the Hymn Sing on Sunday night was very enjoyable and more were planned.

The Canadian Bible Society wants used Bibles and the boxes upstairs are now empty for more stamps, eyeglasses, cards and Campbell soup labels.

Madoc Women's Institute

Madoc Women's Institute held their March meeting at the home of Wilma Patrick on Tuesday evening March 20, at 7:30 p.m. President Luella Phillips read a poem and welcomed 9 members and 3 visitors.

The Opening Ode and O'Canada were sung and the

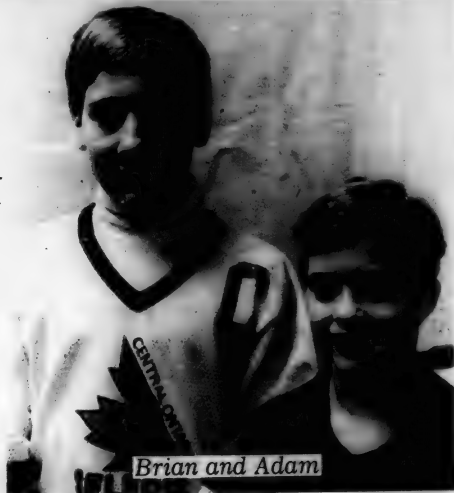

Collect repeated in unison. The Roll Call was answered by naming a Canadian industry and its relationship to farming. Business was dealt with and it was decided to support Madoc Agricultural Society with their "Dream Auction".

President Luella Phillips introduced the guest speaker,

"Mrs. Pam Duncan" a senior therapist who administers a variety of treatments to patients at the Medical Centre. Madoc. As this was National Physiotherapy Week throughout the Country she explained to us in a very interesting manner the course of treatment developed by her and authorized by a doctor.

President thanked Pam and presented her with a gift.

The meeting closed by singing "The Queen" followed by a social hour with lunch served by Sharon Phillips and Wilma Patrick.

Brian and Adam

Jonathan Beer and Jason Casey, students at the Madoc Township P.S. and Brian Phillips and Adam Hollow, students from the Madoc Public School will be going to Toronto April 29th to

compete in a Provincial Chess Tournament. The winners will go on to the Canadian championships. Last year Jonathan Beer won at the Provincial level and went onto the Nationals.

Easter is Sunday, April 15.

Elsewhere

At a meeting last week of the Campbellford wing of T.N.T., founder Murray Locke reported that Marmora representatives of the organization to put an end to a proposal to use the Marmora Mine as a receptacle for Toronto garbage indicated that they are in the process of setting up a public meeting in Stirling.

A public meeting held in Campbellford two weeks ago to inform residents of the environmental damage, particularly to area groundwater, that would result if the proposal were to be realized drew approximately 1000 people.

In a related development, it was reported on CBC radio last week that the Metro Toronto organization charged with finding a site to store Toronto garbage has secured the right to expropriate property anywhere in Ontario.

Confirming the obvious, and monopolizing council with votes on several resolutions during the past two months, Hastings village councillors have voted 4-1 in favour of declaring English as the community's "working language."

The vote broke last month's 2-2 deadlock.

The absence of councillor Eric Summers produced the tie vote. Mr. Summers was at last week's meeting.

The dissenting vote was made by Reeve Walter Scudts.

The original motion was introduced at a special committee meeting in February by councillor Keith Johnstone as a way of protesting the provincial government's French Language Services Act (Bill 8).

Bill 8 provides provincial government services in French in 22 designated areas where francophones represent ten per cent (or 5,000 people) of the population. It does not require municipalities to provide municipal services in French.

But some people fear it is the first step toward official provincial bilingualism.

Peterborough County Council has also declared English its "working language" while the cities of Belleville, Kingston and Trenton strongly defeated similar proposals.

EASTER MESSAGE - 1990

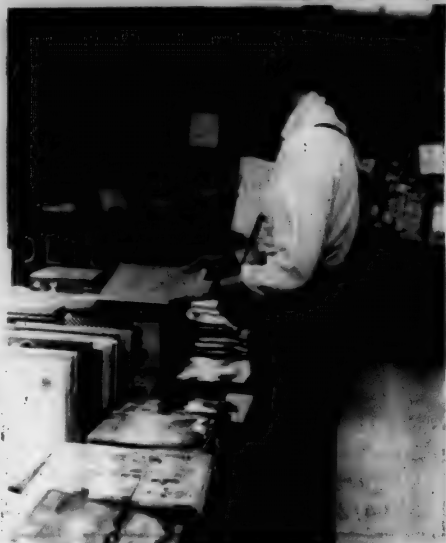

1988 will be remembered in history as the beginning of peace in the world.

1989 will be remembered as the year the satellite countries of Eastern Europe chose peace and freedom.

The collapse of Communism will bring peace to the whole world. Be thankful that there is peace.

"Peace is for everyone"
Lester B. Pearson
Peace Park
Tweed, Ont., Canada

This lady was caught browsing through the thousands of books at the Kiwanis Centre last Wednesday. The book show, hosted by the Hastings County Board of Education,

lasted through Thursday and was attended by most school staff members from the area. Organizers say the show will probably be back next year.

Come on and pitch-in

Recycling waste and promoting community pride will be an important part of the 1990 PITCH-IN WEEK campaign as millions of Canadians separate the waste which they will be collecting during clean-up campaigns into recyclable and non-recyclable materials utilizing especially imprinted collection bags provided in Ontario by NOVA Corporation of Alberta. The campaign, which takes place May 7-13 is the country's largest environmental clean-up program.

With still two months to go until the campaign, more than

500 schools, youth groups and community organizations out of a total of 1,825 projects planned so far in Ontario have indicated they will be examining the waste which they will be collecting to determine what could be recycled," states Charles Alexander, President. The Ontario Federation of Anglers & Hunters, adding that "even though not every community has a recycling program in place, some participants will be using the PITCH-IN campaign to see if they can get a long-term recycling program going."

Fire ripped through a house northeast of Norwood Saturday afternoon leaving just the foundation and a portion of one wall standing.

Norwood firefighters, with the help of a pumper truck from Dummer Township, were called to the fire at Patrick Doherty's Concession 9 home after a passerby saw flames and called for help.

The 1 1/2 storey brick house was "fully involved" by the fire with flames "coming out of the roof" when firefighters arrived on the scene, Norwood Fire Chief Bitten said.

No one was in the house at the time of the blaze, he said. Firefighters at the scene worked to make sure that the fire did not move to other buildings near the house, Chief Bitten said.

The fire, which left an estimated \$125,000 in damages, is still under investigation. As of Sunday afternoon, the cause of the fire had not yet been determined.

The house and the contents were insured, Chief Bitten said.

OBITUARY

BETTY BERNICE TERRY
 Betty Bernice Terry of RR 1, Eldorado passed away suddenly at Belleville General Hospital on March 19, 1990 in her 67th year.

Born in Bannockburn, Betty was the daughter of Mary and Alexander Andrews and the wife of Benjamin R. Terry.

Betty was predeceased by one child Wilfred. She is survived by sons and daughters Douglas Bateman of Peta-wawa, Susan Terry and David Terry of Toronto, Christine Dundas of Victoria B.C., Mark Terry of Port Mailland N.S., Bruce Terry of Aurora and Julie Pudan of Millbridge.

She is predeceased by one brother, Fred Andrews and is survived by ten brothers and sisters: Maude Norman, Jack Andrews, Grace Fox, Agnes Danford, Faye Ramsey, all of Madoc and Gerald Andrews of Millbridge, also Annie Ray, Dan Andrews, Angus Andrews of Bannockburn and Vimy Andrews of Foxboro.

Betty was educated in Bannockburn and was a housewife. She was a member of Bannockburn Anglican church and a member of Centre Hastings Snowmobile club.

The funeral was held on March 21, 1990 at McConnell's Funeral Home, Madoc at 3 O'clock with Rev. James Clark officiating. Interment Fox's cemetery.

Pallbearers were Keith Boomhour, George Benn, Allen Blackburn, Alan Henderson, Fred Bailey and Wayne Parks.

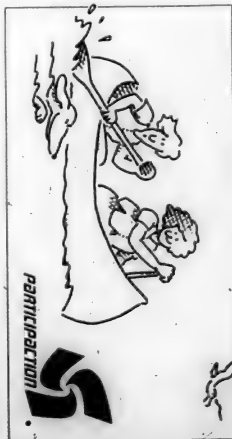

Elsewhere

A fire early Friday morning, believed to have been caused by a short in the wiring, destroyed a 1 1/2 storey garage just east of Norwood at the junction of highway seven and the ninth line of Ashpodel.

The wood and steel-clad building belonging to Anthony Bell of R.R. 2 Norwood was completely engulfed in flames when volunteer firefighters arrived on the scene around 12:45 am, Fire Chief Jack Bitten said.

According to Chief Bitten, Mike O'Connor, a neighbour of Mr. Bell's, heard explosions and quickly telephoned the fire call into the Norwood Fire Department.

There were two propane tanks, aerosol paint cans and a two gallon gasoline can in the garage/workshop. This is what caused the explosion, Chief Bitten said.

**\$1700 worth
of merchandise
stolen
in broad
daylight**

Quinte Crime Stoppers are attempting to locate a male and female who were responsible for a theft in Madoc on March 12, of this year. Madoc OPP report that Johnston's Pharmacy on Durham Street was the victim of a male and female team at approximately 10 a.m. on that day.

The couple entered the store on the pretext of buying a ring and while looking at items at the jewellery counter, they took turns distracting the clerk from that area to another area of the store. Upon their departure the sales clerk noticed several items missing from the display case.

The losses include two watches and 14 assorted rings. The total value is estimated to be in excess of \$1,700. A complete list of the stolen property is on file at the Crime Stoppers office.

The male is described as being in his mid-20's, six feet tall, stocky build, long black hair past his shoulders and he had numerous tattoos on both hands and upper left arm. His left ear was pierced twice. He had on wire frames glasses, and a blue jean jacket.

The female was also in her mid-20's, fair complexion, with her hair being long on the sides, shaved on the top, and blonde with dark roots. She had a ring in her nostril and was wearing a pink sweater, blue jeans, and a black leather jacket.

They were driving a large car with red primer on the hood and roof and a cream or gold colored bottom. It is possible that the suspects are from the Peterborough area.

If you have any information concerning the persons involved in the theft, or if you have been approached and offered watches or jewellery, Crime Stoppers would like to talk to you at 1-866-3472 or 1-800-267-4557.

This guy says that his friends whimped out so much that he just decided to go ahead and do

some waterskiing without them Sunday before last (Apr. 8). The man pictured above,

who wishes to remain anonymous, claims he was the first one IN the Moira Lake this year;

his friends didn't wish to join him.

CHSS math student scores big!

by Janice Pinke

Modestly, Dale Ketcheson simply says "yes" he will compete in the upcoming Canadian Invitational Mathematics Challenge 1990 to be held April 24th.

Dale, a grade 10 student at CHSS, qualified for the 1990 Challenge recently when he wrote a mathematics test and scored a 125.75 out of a possible 150. He placed 69th out of over 13,000 other grade 10 students who wrote the same test.

The University of Waterloo is sponsoring the national math competition which in the end will see the top 10 students tested for an international math team.

Dale Ketcheson, the son of Huntingdon Township's Reeve, Owen Ketcheson, says he would be willing to be a member of an international team. His score of 125.75, besides placing him 69th in Canada, earned him second place honours in zone 67 which consists of 21 high schools in Hastings, Lennox, Addington, and Prince Edward Counties.

Grade 12 CHSS student, Lee Whitmore, place fourth in zone 67 with a score of 103.75.

Both students deserve a big clap.

The way the test is run, according to Dale, they are written at the individual high schools across Canada and then forwarded to the Univer-

sity of Waterloo. This means that the April 24th test will be assigned the same way. Read the Madoc Review to find out all you need to know.

Minister to attend Council On Aging meeting

A Needs Identification Study focusing on the needs of the older adult in Hastings and Prince Edward will be publicly released at the Hastings and Prince Edward Council on Aging first annual meeting planned for April 26.

After receiving a \$40,000 grant from the Ontario Ministry of Community and Social Services, a needs identification study was completed. From the study came a number of recommendations which are the future focus of the Council.

The Hastings & Prince Edward Council on Aging is a non-profit organization formed in February 1988 and incorporated in October of that same year. The council, comprised of 15 senior citizens and 11

service providers, acts as a planning, co-ordinating and advocacy body, striving toward the highest quality of life possible for seniors in the two counties.

The public meeting will be held on April 26 from 10 a.m. to 3 p.m. and the Honorable

Gilles Morin, Minister of Senior Citizens Affairs will be in attendance.

Interested persons can direct inquiries to the newly established Council on Aging located at 45 South Front Street, Belleville by calling 1-962-9159.

Millionaire's Night sold out

by Janice Pinke

This year's annual Millionaire's Night, which sees the top winner take home \$1000, is sold out.

There were only 300 seats available for the gala which is held at the Kiwanis Centre and those tickets were all sold a couple of weeks ago according to Karen Bailey.

Besides the \$1000 to be won this coming Saturday, April 28th, there are over 60 elimination prizes which are donated to Millionaire's Night by the merchants of Madoc.

Proceeds from Millionaire's Night goes to the Madoc Ontario Minor Hockey Association.

Millionaire's Night has been running for over 15 years.

Letters to the EDITOR...

Dear Editor,

A letter which I have just received has prompted me to write you.

I was thoroughly upset to receive such a letter for simply voicing my dissatisfaction with the dryers at the laundromat which have just been adjusted to compensate for the raise in the cost of gas. I think they've overdone it.

Having to drag seven or eight bags of laundry, two young boys and having to be chauffeured by my mother is clearly a difficult enough task as well as tiresome, without having to wait for several hours for the completion of the drying process. Not to mention pumping an endless supply of

quarters into the machine which run for such a short period of time now.

In the end, several pairs of jeans still had to be transported home wet, for I did not have the energy to continue.

I have no intention of returning to this laundromat which is just as well because the letter said if I return the OPP will be notified.

My only error was voicing my opinion of the drying process. Granted it was in an irritated manner but I challenge anyone else to have more patience that I did that day.

For three years I have never had to voice my displeasure there. The one time I do this what happens.

Disillusioned.

Dear Editor,

On June 9 and 10, 1990, St. Carthag's School, Tweed, will be holding a reunion for all former students and staff in celebration of its 50th anniversary.

A reunion committee is planning a weekend of fun and nostalgia which will include historical displays in the school and a dance at the Tweed-Hungerford Arena on Saturday, and Mass of celebration on Sunday followed by a strawberry social.

Tickets for the dance are available by writing to: Mrs. Sheila Toner, c/o St. Carthag's School, P.O. Box 279, Tweed, Ontario K0K 3J0. Graduates are asked to bring along school photos and memorabilia for a display in the auditorium.

We do hope all graduates will plan to be a part of this special weekend, to see former classmates, share stories and, relive those happy school memories.

Sincerely,

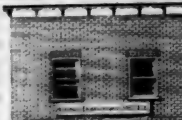

Sheila Toner,

Robert Tokley won this month's raffle draw sponsored by Centre Hastings Sports. Robert picks up a fishing rod and reel. The draw is made in the middle of each month. Next month's draw is for a Wilson

Kevin McReynold's baseball glove and a Red Dot baseball. No purchase is necessary to enter the draw, all you have to do is stop in at Centre Hastings Sports.

'Big' organization scores big

by Janice Pinke

Margaret Cooper, the Executive Director of Centre Hastings Big Brothers/Sisters says that it looks like over \$6,000 has been raised by bowlers competing in their annual 'Bowl for Millions' fundraising campaign.

Last year the bowling extravaganza raised an estimated \$4,000 for 'Big'. Margaret explains that the reason 'Big' did so much better this year is because of the "number of teams that came out to bowl".

Margaret is optimistic the numbers will go over \$6,000 because there are still over 20 pledge sheets outstanding.

On a lower note, Margaret Cooper will be leaving Centre Hastings Big Brothers/Sisters at the end of April. The 'Big' board is currently looking at applications. Margaret will be joining the Re/Max network in the Tweed office.

RAFFLE WINNERS

Included in the 'Bowl for

Millions' campaign was a raffle for some prizes donated by area merchants. A brunch for two at the Two Loons was won by Bob Bancroft; a \$20 gift certificate from Kelly's Restaurant was won by Shiela Zajac; Brandon McLean and Don Wannamaker both picked up some pickled eggs from Drains; Jim Langevin won a thermometer donated by the Madoc Co-op; a towel set from Stedman's went to Terry Burch; a cookbook from the Tweed News went to Mieke Pleizier; Jan Dorf takes home an exterior door insulation set; Maggie Yarrow won a cheese basket donated by Eldorado Cheese and a brunch for two at the Carleton Restaurant in Ottawa was won by Oscar Thurston.

Dates to Remember

APR. 17 - Madoc Historical Foundation general meeting at the Madoc Library beginning at 7:30 p.m. Everyone welcome.

Apr. 18 - Second public meeting into prospect of non-profit housing in Centre Hastings at the Madoc Health Unit (downstairs) beginning at 7 p.m. For more info call the Health Unit at 473-4247.

Apr. 19 - Centre and South Hastings Waste Management Steering Committee meeting beginning at 1 p.m.

Apr. 25 - Ham Supper, St. Andrew's United Church Hall, Queensboro. Serving from 4:30 to 7 p.m. Adults, \$6.50, under 12, \$3.00, preschool children free.

Apr. 26 - Madoc Public School "Fun Fair" from 6:30 to 9:30 p.m. Auction, games and prizes. Fun for everyone. Proceeds to the school.

Apr. 28 - The Quinte Wood Carvers Association will hold its 3rd annual wood carving show, featuring wood carving demonstrations, from 9:30 a.m. to 5:30 p.m. at the Stirling Curling Club. Admission is free.

Apr. 28 - Millionaires Night at Kiwanis Centre.

Apr. 30 - 8 p.m. at the Kiwanis Centre. Help St. John the Baptist Anglican Church celebrate its 125th anniversary by attending a show of authentic Victorian fashions courtesy of Foxboro Fabrics. Admission \$5. Proceeds to pointing of exterior walls.

May 7 - Victorian Fashion Show at the Tweed Playhouse in Tweed beginning at 7:30 p.m. Admission \$5, tea included.

May 23 - Madoc Nursery School registration at St. Peter's Presbyterian Church at the corner of St. Peter's St. and St. Lawrence St. West. From 7 to 8:30 p.m. Enter through the back door.

More TNT support

The Havelock/Belmont Business Association has put its support behind the Marmora Take No Trash (TNT) group now fighting a proposal to landfill Metro Toronto's garbage in the abandoned Marmoraton mine site.

The endorsement came during last week's lively meeting which also saw the association confirm its Victoria Day Weekend and July 1st fireworks display along with the creation of a Tourist Information Kiosk.

The association will send letters to Peterborough MP Bill Domm; Hastings-Peterborough MPP, Jim Pollock; Jim Bradley, the Minister of the Environment; Toronto Mayor, Art Eggleton; Havelock and Belmont-Methuen councils and to the Marmora TNT group.

DEATH NOTICE

BRETHOUR - Myrl (Canniff) Brethour at the Cambridge Memorial on Monday, April 9, 1990 in her 84th year. Dear mother of Marjorie and her husband Foster Rathbone of St. Catharines, Orvin and his wife Kay of Cambridge, Lorraine and her husband Willis Fletcher of Britt. Also survived by 13 grandchildren and 19 great grandchildren. Mrs. Brethour was born in Madoc and had resided in St. Catharines and Cambridge, was a member of the United Church. Funeral service was held, Hulse and English Funeral Chapel, 75 Church St., St. Catharines, Thursday, April 12, 11 a.m. followed by cremation.

DEATH NOTICE

MAIDENS, WALTER HERBERT At Ottawa Centre Nursing Home on Tuesday, April 10, 1990. Herb Maidens, of Madoc, in his 85th year. Husband of the late Ema Maidens. Father of Warren Maidens & his wife Sharon Sutherland, Ottawa. Fondly remembered by the staff of Madoc Manor. Memorial Service at the McConnell Funeral Home, Madoc, on Saturday, April 21 at 1:00 p.m.

Eldorado musher home after trek across Alaska

by Janice Pinke

"I did a lot of foolish things" says musher Don McEwen of Eldorado who recently returned from the Iditarod sled dog race in Alaska, "I over

rested at some points and under rested at others".

All in all Don McEwen feels the Alaskan sled dog race was the best experience he has had to date but due to the financial implications involved in enter-

ing such a race, Don doesn't feel he will be able to compete in it next year unless he picks up a sponsor.

The entry fee for the race was \$1,000 which has been

returned to Don along with \$1,200 from the dog food company Don represented. However, according to Don, it cost him quite a bit more money than that to prepare for and enter the race.

The temperatures dipped to an estimated -45C, and this wasn't so bad says Don. "There is a misconception about Alaska and its temperatures" says Don. "Minus 45C isn't as bad, I feel, as the -20C temperatures we have here". "It was the wind, when there was a wind, that really hurt" says Don, "it moved me once when I wasn't ready".

Debbie Butcher took home the first prize money in the Iditarod of \$50,000. Don has nothing but words for Debbie, a four time first place finisher

in the race, "she is the most amazing musher I've ever known" he says.

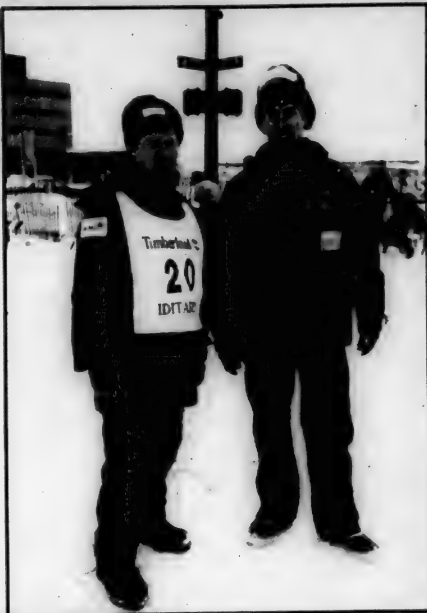

Don's sons, Tim and Ben, are now following in Don's footsteps with Tim winning the last four races he has competed in. Ben, only 14 years of age, has placed in the top five of every race he has entered.

Next year Don is optimistic he will return to Alaska's Iditarod race not as a musher but as a judge. "I've offered my services in this capacity" says Don.

Of course the most obvious question for the Eldorado man is: why sled dogging? Don says "it's a lot more than just standing behind a sled". He refers to his dogs in his answer saying "it's a thrill when they appear to actually know what I am thinking".

Triple 'A' minor hockey?

Quinte Regional AAA Minor Hockey Association held their initial fact-finding meeting Tues. Mar. 20 to lay the groundwork for the 1990-91 season. We are trying to organize a package to present to the June 1990 OMHA Annual Meeting in Toronto. The approved OMHA zone encompasses the following minor hockey centres: Belleville, Deseronto, Brighton, Stirling, Frankford, Madoc, Picton, Wellington, Trenton, Napanee, Tweed, Grafton, Marmora, Colborne and Tamworth. Any people interested in volunteering their time to assist with the organization of this new association, may contact Rick Thomson, Stirling 395-2814 or Darwin Hoskin, Belleville 967-0536.

This picture was taken by a friend of Don McEwen's of Eldorado during his expedition across Alaska in the Iditarod

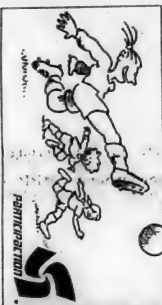

sled dog races. It was Don's first attempt at the big race in which he placed 31st.

Right-To-Life walkathon

Quinte Right-To-Life and Frankford Right-To-Life will give area residents an opportunity to give witness to their commitment to the sanctity of all human life by participating in a Walkathon to take place in Trenton on Saturday, May 12.

The event will also serve to raise money to help women in pregnancy crisis situations and to help with the organizations' educational programs.

For pledge sheets (route map on back) and more information, dial either of the following numbers: 398-6528, 395-2584 or 962-9730.

Make your move.

MADOC OPP REPORT...

House fire.

Madoc OPP are currently investigating a house fire at RR1 Roslin. A one and a half storey frame residence was totally destroyed.

Thurlow Township Fire Department and Tweed Hungerford Fire Department attended the scene and arrived at approximately 1 a.m. Madoc OPP are currently trying to determine the loca-

tion of the tenant, a Mr. David W. Herbert.

Const. M. Donovan is the investigating officer.

Impaired driving.

Nineteen year old Charles J. Sheard of RR4 Tweed was charged with impaired driving on April 9th after police checked a vehicle in the Village of Tweed.

Sheard is scheduled to

appear in Belleville Provincial Court on May 17th. He was also charged with having care and control of a motor vehicle with open liquor and failing to have an insurance card.

Thirty-three year old Donald Whyte of Madoc was charged with impaired driving on April 9th. Whyte was stopped by Madoc OPP officers in the Village of Madoc. He is scheduled to appear in Belleville Provincial Court on May 17th. Whyte was also charged with driving while disqualified, driving under suspension and failing to stop for police officers signal.

Sixty-one year old Kenneth G. Clark of RR2 Marmora was charged with impaired driving on April 7th after police stopped his vehicle in the Village of Marmora.

which will distributed to area households.

In the meantime you can call Centre Hastings Search and Rescue Limited at 473-5239.

by Janice Pinke

Robert Frank, President of Centre Hastings Search and Rescue Limited, says that "people don't realize how necessary this organization is until something happens".

Centre Hastings Search and Rescue Limited (CHSR) was formed on a more informal basis over a year ago and its strategy is helping out authorities or people during emergency situations. However Robert Frank stresses that his organization does not takeover where proper authorities should be contacted. "The proper authorities should be contacted first but if someone wants our assistance, they can call us" says Mr. Frank.

Robert Frank has an estimated 20 volunteers who have joined the CHSR. When he first began his crusade to form such an organization a year ago it was called Emergency Medical Technician but Bob says that most of the volunteers he has acquired were not properly trained to carry such a title.

"Most volunteers don't have CPR or any kind of training" says Bob.

With the 'Limited' designation recently obtained by the organization Bob is hoping to be able to train the people who volunteer their services. This designation also means that his organization can begin fundraising campaigns for equipment such as CPR dummies, ventilators and oxygen tanks.

Toronto has an organization similar to CHSR and a similar Kingston chapter has expressed interest in combining Bob's unit with theirs.

Bob has confirmed the organization's presence at the upcoming fall fair and for the Madoc Santa Claus Parade.

He is also looking at getting an office set-up in Madoc and the printing of stickers with the CHSR telephone number on it

THE HASTINGS COUNTY BOARD OF EDUCATION ATTENTION

You are invited to attend the regular meeting of The Hastings County Board of Education which will take place on Monday, April 23, 1990, at Moira Secondary School at 8:00 P.M. Interested individuals will be welcome observers.

Spring HOME IMPROVEMENT

Insulate To Keep Your House Cool This Summer

Installing insulation in your home is a simple and inexpensive do-it-yourself project. And insulating your attic is one of the most cost-effective energy-saving projects.

Before you begin work, you'll need safety glasses, work gloves, a long sleeved shirt, a breathing mask and a sharp knife.

Lay a piece of temporary flooring for you to kneel on while working, such as a plank or 1/2 in piece of plywood. Leave the insulation in rolls until you're ready to use it.

Start laying fiber glass batt insulation at the outer edges of the attic, making sure not to block the flow of air from eave vents. Keep insulation a minimum of 3 in from light fixtures, and use unfaced material in the space between a masonry chimney and wood framing.

Lay the long runs in first and use leftovers to fill up the smaller places later. Push the insulation under any wiring, and butt each section of insulation tightly up against the adjacent one for a complete thermal barrier.

If you are adding to existing insulation and the joist cavity is already filled, lay the new insulation perpendicular to existing insulation. If your joist cavity is only half full and the recommended insulation level in your area is R-38 or 12 in. of fibre glass batt insulation, fill up the cavity with R-11 or 3 1/2 in of fibre glass batt insulation. Then lay a second layer of R-19 or 6 1/4 in of fibre glass batt insulation perpendicular to the existing layer.

Basement walls

To insulate walls in a heated basement, build a framework

of 2 x 4 studs, 16 or 24 in. on-center over the masonry

installing paneling or drywall. When using unfaced mater-

the floor above.

Crawl spaces

To insulate masonry walls in heated crawl spaces, begin by measuring and cutting pieces of unfaced insulation to fit snugly against band joists. Using long furring strips, nail vertical lengths of unfaced insulation batts to the sill and use enough insulation to cascade down the wall and extend two feet along the ground into the crawl space. Faced material cannot be used here because the facing is flammable and should never be left exposed.

To complete the project, place a polyethylene film over the insulation and the entire floor area. Use bricks or rocks to keep the insulation in place on the ground.

Other simple steps you can take to help reduce cooling costs include:

- Air conditioners: Monthly upkeep will maintain efficiency

and help cut energy costs. Clean the internal coils with a damp rag or soft brush and then vacuum. Foam filters should be washed or replaced at least once a month. For high efficiency, air conditioners should be serviced once a year, motors lubricated, coils cleaned and filters changed.

If possible place the unit on the north side of the home or in the shade, and try to keep the thermostat set at a comfortable 78 degrees. Utility findings show that each degree the thermostat is lowered represents a 2 or 3 percent increase in cooling costs.

- Seal cracks: Caulk and weather strip doors to reduce infiltration of hot air. Weatherstripping (available as felt strip, foam rubber and flexible vinyl) is easy to install. Doors between air conditioned and non-air conditioned spaces should be stripped on all sides, tops and bottoms. This includes entrance doors, attic doors and inside and outside basement doors, as well as window sashes.

THIS DO-IT-YOURSELFER is helping to conserve energy and lower his utility bills by completing an easy weekend project: insulating his attic.

walls. Wedge the insulation directly between the studs. If you are using a faced material, place the facing towards the warm in winter side. Finish by

be sure to install a separate vapor barrier over the insulation. Cut pieces of insulation to fit in the band joist between the top plate of the framework and

Timers Help Save On Cooling Costs

Warm weather doesn't have to mean excessively high electric bills for cooling your home.

There are two primary factors for smart consumers to consider when purchasing a room air conditioner: Cooling capacity and efficiency.

Cooling capacity is the amount of heat and moisture transferred from indoor air to the outdoors. In other words, it's the ability of the unit to cool and dehumidify your room adequately.

Cooling capacity is measured in British Thermal Units per hour (BTU/hr).

A room air conditioner with too much cooling capacity will result in a cold unpleasantly moist feeling because the unit won't run long enough to lower the humidity level. Also, the unit will cycle on and off excessively, resulting in reduced efficiency. On the other hand, a unit that's too small will not cool a room sufficiently.

Cooling Load Estimate forms, available from air conditioning dealers, help consumers determine proper capacity for the size of the room.

When it comes to efficiency, however, bigger is better - the higher the Energy Efficiency Rating (EER) the more efficient the air conditioner. The EER is the unit's BTU/hr output divided by the watts of electricity it uses.

The more efficient units with higher EER numbers use less

electricity and are more economical to operate.

In addition to cooling capacity and EER some models of room air conditioners offer energy-saving features the consumer will want to consider before purchasing a unit.

Look for a high EER unit with the right cooling capacity for the size room you want it to cool, and you'll enjoy air conditioned comfort without excessive electric bills.

SPRING HOME IMPROVEMENT

Sunlight Plays Role In Decor

It's springtime - time for home repairs. But before undertaking a project, consider the amount and degree of sunlight a room will receive and choose a colour scheme accordingly. For instance, light surfaces and furnishings work well in a sunny room, while intense colours from the red, yellow and orange parts of the spectrum can help cheer up northern rooms that get little light.

To tone down a room that gets too much light consider cool blues and greens. Rough textures on ceiling or walls can also give a light-reducing effect.

One technique for remodeling is to start at the top for a fresh look. Recessed lighting, hanging plants and a new suspended ceiling to hide an old stained or cracked ceiling are all ideas to consider. For example, a remodeled room looks great with white textured ceiling panels and contrasting black grid system. (A grid system, attached to or

A REMODELLED room looks great with a textured white suspended ceiling and contrasting black grid system. The black and white color scheme offers a striking, contemporary look that helps reflect natural outdoor light. The ceiling can also be installed with a white grid system.

"suspended from" the existing ceiling, is what holds the new ceiling up. The panels rest in the grid.)

White panels and a black grid give the ceiling a striking contemporary look that also helps reflect natural light. The ceiling panels can also be installed with a white grid.

For rooms that need extra lighting, compatible fluorescent fixtures and luminous panels can be positioned where needed. Furniture, artwork and decorative accessories seem vibrant under the soft evenly diffused light.

A suspended ceiling can offer a lot more than good looks. An acoustical suspended ceiling helps muffle noises when family activities take place or the neighbours are over for a get-together while the kids are asleep upstairs. And washable panels are easy to maintain. Simply lift them out of the grid for easy cleaning.

SPRING HOME IMPROVEMENT

Time To Organize For Spring Cleaning

Spring is the natural time for cleaning, organizing and refreshing your home. Now is the time to do those chores you're thinking about, before the kids get out of school and summer activities are in full swing. Here are some ideas to get you inspired:

Bedroom tips. Empty closets and drawers one by one, placing out-of-season contents in storage boxes. Special under-bed plastic boxes make use of this hidden space in an organized fashion. It is especially nice if the boxes are clear so you can see the contents.

Cleaning is easy too, if you keep items contained with the lid on! It's a simple open and shut case!

Garage tips Plastic containers with lids come to the rescue again to contain potted soils, charcoal briquettes, fertilizer

and bird seed. No more spills. No more messy appearance. Line up the containers with a label (or use see through boxes) and keep the garage looking sharp.

Special recycling containers

that stack make it easy to contain aluminum cans, plastic bottles and glass.

So let the sun shine in on all your labour. You deserve a spotlight for all your work.

1. Clean windows first. Then let those fresh breezes blow! Sparkling windows and refreshing air will lessen the boredom of other household chores. So, put on some good music, grab your rubber gloves and a bucket with your favourite cleaning supplies (white vinegar, water and newspapers will do the job) and go to work. Remember, window cleaning is lots easier if you do it when the sun isn't shining (to prevent streaking).

2. Don't let the whole house discourage you. Put one room in order, then move on. Begin where you spend lots of time, like the kitchen.

3. Arm yourself with the right cleaning tools. Look for brushes and brooms designed for the job you must do, with handles that are comfortable to hold.

4. Plan your strategy. Write down what you hope to accomplish as you tackle each room. Then check off finished projects. Ah, feels great doesn't it?!

Kitchen tips Place foods that leak (flour, sugar, crackers) and foods you want to keep crispy fresh in tight-sealing food containers for cabinets that don't attract insects and stay neat as a pin.

Attach space-saving organizers to kitchen cabinet doors and walls to free other areas. Foil and waxed paper slip into wrap and bag organizers that easily mount to cabinet doors with screws. Similar organizers are available for cleaning supplies, brooms and mops, and your iron and ironing board too. Just hang on a door, pantry wall or whatever you like. Zippo...new space!

SPRING HOME IMPROVEMENT

New home and garden saunas are more attractive, versatile and easy-to-install

According to a new study by House Beautiful magazine, three key trends happening in the home are: More Scandinavian influences, more indoor

"gathering spots" and more outdoor living area. The convergence of these trends - combined with the continuing popularity of health

and fitness - is resulting in a boom in home saunas. And the outdoor living trend even has spurred the introduction of outdoor saunas.

Fueling the upswing are new sauna systems that are more attractive and versatile than older saunas, but also are easy for the do-it-yourselfer to install.

The good looks come from the use of Nordic whitewood and white African Abachi wood rather than the dark redwood found in most saunas. The light wood matches much of the newest Scandinavian furnishings and accessories, while providing a clean spacious feeling.

And the new prefab sauna systems require no construction or plumbing work; they simply set up in a couple of hours in the bathroom, basement rec room or garden.

The new saunas are versatile enough to be tucked into an existing bathroom for stress-reduction and therapy. Or you can add a sauna next to a whirlpool spa and exercise equipment in your fitness center.

CURRENT TRENDS such as the home fitness boom are making saunas increasingly popular.

The biggest news in saunas this spring is the introduction to the Garden Sauna. Extending family activities to the outdoors is among the hottest

new trends. Many home magazines are featuring the fancy decks, intricate landscaping schemes and backyard area for sports and other activities.

SPRING HOME IMPROVEMENT

Home Is Where The Hearth Is

Before the advent of central heating, a fireplace in every room was taken for granted as a provider of heat, even in the most humble of dwellings.

Today, with its dancing flames, woody aroma and crackling sounds, a fireplace creates a different kind of warmth - the warmth of home,

family and romance. And with the variety of designs, sizes, shapes and accessories now available, a fireplace can not only enhance any room's decor, but actually become a focal point for the whole home.

Whether you live in a house or apartment, the addition of a fireplace can change

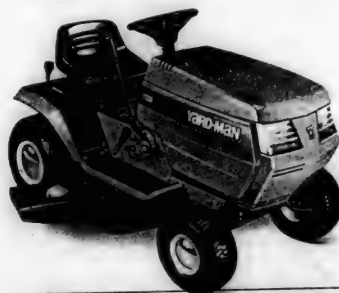

completely the look and ambience of a room. And what many people don't realize is that fireplaces can be installed virtually anywhere in the home, not just in places where one already exists.

Living rooms are still the venue of choice for most fireplaces, but an increasing number of homes once again feature secondary hearths in other rooms - such as dining rooms, family rooms, dens, master bedrooms and even kitchens.

Many homeowners who are renovating or adding a new fireplace are opting for Victorian-style installations, which are uniquely elegant and can blend into a variety of existing decors, from Colonial to modern. These fireplaces are perfect for today's lifestyles, with an emphasis on individual taste, since the Victorians themselves strove to express their individuality.

FIREPLACES BRING more than just the snap, crackle and pop of a fire to a room, they actually become the focal point for the entire home.

SPRING HOME IMPROVEMENT

Light Up The Night and Keep Thieves Away

Outdoor lighting is one of the most effective ways to deter potential burglars.

Poor lighting is the criminal's ally. Without lighting, a burglar can take his time on a door or a window to gain entry into a house. The darkness is his shroud, his cover. But light up the area, and you expose him.

Home security and outdoor lighting have come a long way in recent years in terms of options, quality and prices.

New do-it-yourself (DIY) security products such as motion detectors, remote controls and audio alarms are designed especially for integration into outdoor lighting systems. The products allow homeowners to secure their homes easily and inexpensively.

Many homeowners are hesitant to install exterior security lighting because of the perceived dangers of working with electricity.

New low-voltage outdoor lighting systems are very safe and easy to install. These systems do not require building permits or installation by

electricians.

Make sure there's enough light in your yard to identify the colour of a thief's clothing and hair.

Use spotlights and floodlights because they emit more light than decorative accent fixtures. Choose lights with a variable focus beam to intensify light in unlit areas. By adjusting the focus, you can spread the light out to cover the entire front porch or concentrate it at the front door.

Keep bushes and shrubs pruned away from the house.

Eliminate all shadows around windows, doors and corners.

Integrate motion detectors into your outdoor lighting

system to surprise and frighten would-be thieves away.

Integrate audio systems into your outdoor lighting systems as well. Place the alarm near a window and the sound can be heard outside the house.

Most outdoor lighting systems have lighting timers which automatically turn on the lights. If you plan to be away, set your lighting timer for nighttime. The best timers have light-sensitive photocells which turn on the lights as soon as it gets dark.

Purchase a remote lighting control similar to your garage opener. You'll be able to turn on your exterior lights from inside the house or your car.

LIGHT ALL potential entry points such as doors and windows to reduce residential theft. Also, integrate infrared motion detectors and audio alarms into your outdoor lighting system.

Easter Smiles!

Photo: Bill Freeman
All Easter smiles: April, a junior kindergarten student at St. Paul's School in Norwood, enjoyed a visit to her classroom by the Easter

Bunny. To make the Easter Bunny feel even more at home, the students made seasonal bonnets to wear during the Bunny's visit.

Hucklebug prepares for second 'Dream Auction'

The Hucklebug Preschool & Daycare in Norwood is getting ready for its second annual "Dream Auction" and things couldn't be busier at the school.

The Hucklebug Preschool is a non-profit organization. It is centrally located on Highway 7, beside the Blue Bird Restaurant, just west of the traffic lights. The centre operates from 7 a.m. to 6 p.m. Monday to Friday. It is administered by a volunteer Board of Directors. Currently they have six staff members on board and are licensed for 28 children.

The morning program is structured with crafts, arts, circle time, snack and outdoor play. The afternoons are geared more to free play, rest period, snack and outdoor activities. Hucklebug always serves delicious and nutritious hot lunches.

Their revenue is generated primarily by parent fees. Any donations or money received from fundraising helps to keep the fees as low as possible. The money also helps offset the cost of purchasing toys, equipment, and any structural improvements the centre needs.

Upcoming Events

The Hucklebug preschool is certainly a very busy place. The preschool/daycare is running practically at capacity. Of course, with the summer months approaching, and school ending, a few spaces will be coming available. Many parents feel this time of year is an excellent opportunity to introduce their young children to the daycare.

The summer can magically

turn into an exciting, productive, social experience when a child has the opportunity to meet and play with other children of their own age.

This is a great way to beat the summer " doldrums." Parents intending to enroll their children in the fall program sometimes introduce their child to the centre gradually throughout the summer.

Entertainer (and Keene resident) Ken Blinkhorn will be coming to Hucklebug on April 20 in the morning. He will entertain the children during their circle time. Ken plays guitar, mouthorgan, and sings. He also has a tape of the children, parents, and staff eagerly anticipate Ken's performance.

Hucklebug organizers are also in the midst of coordinating their second annual "Dream Auction." Merchants from Norwood, Havelock and area have generously contributed to the auction to help ensure it's success.

The ongoing support from both merchants and community is greatly appreciated. The Dream Auction will be held Wednesday, May 16th at the Norwood Legion on Alma Street beginning at 7:30 p.m. Auctioneers will be Roy & Rod Williams of Campbellford.

Hucklebug would welcome any further donations. Hand-crafted items such as Afghan, woodworking items, folk art, accessories, ceramics, glass work are always a success. Other suggestions may include trail rides, use of a boat or cottage etc.

Persons wishing to donate are asked to contact Hucklebug at 639-2340. Someone would be pleased to arrange pickup for you.

Pollock questions Black regarding arena grant

(Editor's note: There is still no news on the progress of the grant for the Marmora arena. However, Hastings-Peterborough MPP Jim Pollock did question the Minister of Tourism and Recreation Ken Black in the Legislative Assembly of Ontario on two occasions. The following two conversations are taken directly from the official Hansard

from March 28/90 and April 4/90 respectively)

Mr. Pollock: I have a question for the Minister of Tourism and Recreation. As the minister is well aware, any project that has been started before the official approval has been given. However, on March 4, 1989 the then Minister of Tour-

ism and Recreation told the people of Marmora and area that he was giving them a letter stating that they could proceed with their arena project. He also told them that their application was in order and he could see no reason why they would not be getting the funding. He stated that he would be the minister in January 1990 when grants

were announced.

The people of Marmora and area did firmly believe that they were getting provincial funding for their arena, which they deserve and are entitled to. Would the minister explain to this House why they did not get that funding?

concerns raised by the member for Hastings-Peterborough. I should tell him, first of all, that he is absolutely correct in identifying that we do not approve grants after the fact and that once construction has started on a building we are unable to approve grants for that parti-

the opportunity to address the

by Bethany Keedy

Chedoke Hospital in Hamilton is half a world away from the Soviet Union, but it has made a whole world of difference for Soviet resident, Rizo-ly Odjiev.

Mr. Odjiev was a patient at the Chedoke division of the Chedoke-McMaster Hospitals for two weeks last month. He was there to have an artificial leg fitted. His right leg was amputated in 1981, the result of a battle wound from the war in Afghanistan between the rebel groups and the country's Soviet-backed government.

Mr. Odjiev said he felt happy and honoured to be treated at Chedoke. A translator interpreted his comments at a news conference held at the hospital.

The 28-year-old is a government representative for his province, Tadzhikistan, located near the Afghanistan border. His position is similar to that of an MPP in Canada. He is married to a school teacher and has two sons.

The prosthesis that Mr. Odjiev has worn until now is an awkward model dating back to WWII. It requires a waist belt for suspension, has a knee with no swing control and a simple bending foot.

Chedoke fitted him with a \$2,000 prosthesis that holds the thigh stump in place with suction, a knee closely resem-

bles the human knee and a foot that absorbs more stress.

"One of the things that Rizo is getting here that he wouldn't back home is physiotherapy," says Mark Argo, director of prosthesis and orthotics.

"The prosthesis and orthotics department can give him the technology, but he was in physiotherapy twice a day learning how to use that technology."

The department gave Mr. Odjiev many spare parts for his artificial leg to take along home.

Arrangements for Mr. Odjiev's treatment were made through Project Hope, an international non-profit organization that improves health care in developing countries.

Sikhar Banerjee, director of rehabilitation medicine at Chedoke-McMaster Hospitals,

More Able Than Disabled

by Barbara Bruce-Peatow

Soviet patient gets new limb at Chedoke Hospital

is a rehabilitation consultant to Project Hope. Dr. Banerjee travelled to Soviet Armenia last year to help earthquake victims and found the Soviet Union lacked adequate resources to treat casualties.

The Soviet health care system overall pales in comparison to Canada's. "There is a difference, and a big difference," Mr. Odjiev said. "In medical technology and science, Canada is way ahead, especially in caring for the person. Back home no one seems to care whether you get better or not. Here they care so much about the person."

The Soviet Union has world-class technology in some areas, such as corneal transplants, he added. But much technology isn't available to most citizens. "It's only in Moscow. Not everybody gets that kind of care."

Mr. Odjiev says he thinks the

field of prosthetics and orthotics would be more advanced in the Soviet Union if it were partially privatized. The government could supply parts and a private factory could produce prosthetic devices.

Chedoke's prosthetics and orthotics department has a reputation for quality work. Patients from across Ontario are referred to its services.

The department developed an artificial leg with a special spring motion designed by Terry Fox - who died before having the chance to try it out.

Lifeline subscriber is 107 years old

One year ago, 107 year old Charles Keleher fell at home and couldn't get up. He lay on the floor for eight hours before someone dropped by.

OFAH seeks MNR answers on poor policing

The deplorable state of fish and wildlife policing in Ontario must change rapidly to prevent the depletion of the province's living resources, says the President of the Ontario Federation of Anglers and Hunters.

Last November, the province's Ministry and Crown Agency Audits revealed the sorry state of the Ontario Natural Resources Ministry enforcement activities.

And four months after the report's release, the Federation's 73,000 members are demanding that Minister Lyn McLeod account for the many deficiencies, said OFAH President Charles Alexander.

Among the many ailments found in the Ministry's policing practices:

- Conservation Officers were regularly off-duty on weekends, holidays and other peak periods.

- Officers in several districts merely issued warnings when charges may have been warranted. For example, the Audit says: "The Northern Region has a 35 per cent drop in wildlife charges despite a 13 per cent increase in the number of Conservation Officers."

- The Audit discovered a

woeful reporting process across the province, with portions of enforcement records entirely missing.

A Ministry promise in the 1970s to assign 25 Conservation Officers to prevent illegal Lake Ontario fishing was broken. To date, only a third of that number has been hired, although at least 610,000 pounds of fish were illegally taken from Lake Ontario in 1989, the report says.

Alexander says its time for action.

"Four months have passed since the Audit and it's time for the Ministry to pose solutions," he said. "If these kinds of glaring deficiencies continue, there's little doubt that fish and wildlife numbers will be significantly affected."

On March 12, 1990, the OFAH sent a letter to the Minister asking her to account for the Audit's findings and explain what action has been taken to date, and what measures are planned.

The deficiencies outlined in the Audit represent only a few of the Federation's often-voiced concerns about enforcement inadequacies; Executive Vice President Rick Morgan stated

Cont'd on page 9A

That near-disaster prompted the Toronto resident to join the Lifeline program offered at St. Joseph's Health Centre. The next time he fell, he was able to push the button of the Lifeline unit he wore on his wrist. Help arrived shortly.

The Lifeline program allows elderly people and those who are medically at risk to live at home. If help is needed, the subscriber alerts the hospital by pushing a button and sending an electric message from the Lifeline unit, worn around the wrist or neck.

At the hospital, an operator phones the subscriber to assess the situation. If there is no answer, the operator calls the first available person from a list provided by the subscriber. That person goes to the home and reports if an ambulance is needed.

Mr. Keleher, a Belleville native, is the oldest subscriber of St. Joseph's Lifeline program. In 1987, St. Joseph became the first Metro Toronto health facility to introduce the program, followed by Scarborough General Hospital and Sunnybrook Health Science Centre.

RECIPE

Rhubarb pudding

4 cups of one-inch pieces of young pink rhubarb.
1 cup sugar
1/2 cup soft stale bread crumbs
6 tablespoons butter or margarine
whipped cream sweetened with sugar and flavoured with vanilla extract

Spread half of the rhubarb pieces on the bottom of a shallow casserole. Sprinkle with half of the sugar. Top with half of the bread crumbs. Dot the top with half of the butter. Repeat layering once more.

Bake in a preheated oven (375) for about 40 minutes, or until rhubarb is tender. Serve warm with well-chilled whipped cream. Makes 6 servings.

Chow, see you next week.

PERSONALIZED SERVICE IN OUR OFFICE OR AT YOUR HOME

The Rural Scene

by
Ken Yarrow

Tis indeed a pleasure to take a break from the garbage scene, not that my commitment is any less to that problem.

Indeed today's material falls in the same class as pure gold and precious gems. My main

concern is to be able to do it the utmost justice it deserves.

We hear, we read constantly of addictions, the convictions and astronomical problems created by these addictions. Nearly always our youth of today is featured one way or another, although if one reads

between the lines and takes note nearly always those convicted of peddling are not youths. They are unscrupulous adults who prey on our young people to get them addicted for their own selfish gain with no concern whatsoever for the young peoples health, mentally and physically and/or long term effects.

Anyway, I really started out to tell about the gold and the jewels in our midst, so back on track.

SHINE is the name of the magazine and it came to me via an advertisement in the mail. Being cautious, but impressed, I did a little research through an OPP officer and was assured that this was a bonafide and well-deserving organization. I subsequently received a copy through the mail and am very impressed with the production.

What is so special about SHINE is the fact that it is produced by students for students. It is the product of a representation of 34 schools in the Hastings Public and Separate school systems. I am going to plagiarize here just a little and quote the statement by Jennifer Read in her letter from the editor "Shine magazine was started as a community effort to reduce teenage drug and alcohol abuse. Its mandate is simple: to provide students with the facts they need in order to make informed decisions. They have 1 see input from the R.C.M.P. ATAC center and the Counties health unit.

The magazine starts out dealing with the alcohol problem and its related effects on both the individual friends and relatives and take it from an ex pro at the alcohol game, there is nothing they have said that is incorrect. Incorporated here as well is a question and answer page that was extremely well thought out.

True story, then a page relating the known effects of alcohol, cocaine, etc. with short and long term effects.

Environmental concerns, the green house effect, eating disorders, self respect, bigger bodies, bigger risks (steroid effects), nicotine and smoking, Serenity House, the subject material here is phenomenal in its scope.

Peer pressure is one of the greatest enemies and I am sure we are all aware of it. As I have said I am an ex pro with alcohol and it is amazing that it becomes easier at every public or private function to refuse alcohol and it is almost an automatic thing. I periodically still take a drink of alcohol but I am very much aware of who pours it and how long before I will be driving. The only reason I include this is that I am not proud of that aspect of my life and what these young people are trying to do is to help others avoid these pitfalls, making them aware and to provide suggestions of avoidance to addiction in all forms.

SHINE is indeed something to be held out as a shining example of the concern, the abilities, the dedication displayed by our youth and those who support them.

I back down from no-one when I say that their efforts are of far greater value to all of us than gold or jewels.

My only complaint is that this article does not give the credit to our young people that they so justifiably deserve. Words alone cannot say the inward feelings created by their work.

Very simply, a great job, please continue.

St. Carthag's Reunion

On June 9 and 10 St. Carthag's School, Tweed, will be holding a reunion for all former students and staff in celebration of its 50th Anniversary.

A reunion committee is planning a weekend of fun and nostalgia which will include historical displays in the school, a dance at the Tweed-Hungerford Arena on Saturday and Mass of celebration on Sunday followed by a Strawberry Social.

Tickets for the dance are available by writing to: Mrs.

Sheila Toner, c/o St. Carthag's School, P.O. Box 279, Tweed, Ontario, K0K-3J0. Graduates are asked to bring along school photos and memorabilia for a display in the auditorium.

We do hope all graduates will plan to be a part of this special weekend, to see former classmates, share stories and relive those happy school memories.

Sincerely,

Sheila Toner,

St. Carthag's School Reunion Committee.

COUNTY OF HASTINGS NOTICE OF AERIAL SPRAYING FOR GYPSY MOTH

In conjunction with the Ontario Ministry of Natural Resources' ongoing program to protect our forests, the County of Hastings will undertake the spraying of certain private lands within the township of:

Sidney, Thurlow, Tyendinaga, Hungerford, Huntingdon, Rawdon, Marmora, Madoc, Elzevir, Lake, Tudor, Wollaston, Limerick and Dungannon

The aerial spraying will begin on or about May 20, 1990. The biological insecticide "Bt" (*Bacillus thuringiensis*) will be used.

Further details about the program are available from the County office at:

County Administration Buildings
235 Pinnacle Street
Postal Bag 4400
Belleville, Ontario
K8N 3A9

or by phoning 613-966-6712.

Shell time: Kelly McQuaig and Kelly Lamey, science fair. There were 119 projects on display both in grade three, display their research on shells during the annual Norwood Public School throughout the school. Photo/Bill Freeman

New supply contract for recyclable glass

Consumers Glass is under-scoring its commitment to recycling with a new supply contract offer.

Under the new offer, recyclers participating in the Ontario Blue Box curbside collection program will have the option of contracting with the Consumers Glass for a

guaranteed, five-year market to January 1995 for contamination free, colour sorted glass.

Contract arrangements will also guarantee the price of \$50 per ton paid by Consumers Glass for these recyclable materials for a period of two

years. Price adjustments following this will reflect market conditions prevailing at the time.

The announcement of the supply contract offer was made by Consumers Glass at a recent meeting of the Recycling Council of Ontario in Toronto.

The new contract offer is intended to provide recyclers with the market stability needed to promote the development of the Blue Box program. It will also support one of Consumers Glass' major objectives, which is to help conserve the environment by achieving a 50% recycling rate. Cont'd to page 10A

Havelock Correction

The Pollock Trophy Tournament, held annual at the Havelock Seniors building, will be held April 21 beginning at 1:30 not April 22 as stated in the April 11 edition of the Havelock Citizen.

Pollock questions Black regarding arena

Cont'd from page 1A
cular project.

I should also indicate to him that we have had discussions with the representatives of the town of Marmora and understand their concerns and understand they are in having funding approval for what I agree is a very worthwhile project in that community. Unfortunately, we are not able to fund all the applications that we received for funding for recreational projects in this given year and we have encouraged the people of

Marmora to once again continue their attempts to pursue that arena project.

Mr. Pollock: That arena was condemned in November 1988. They missed the hockey season in 1988-89, they missed this last hockey season, and if they do not get the funding soon, they are going to miss the next year's hockey season. That is three years without an arena.

I would like to mention the fact that Dummer township, in October 1983, has its arena condemned and in September 1984 it had an official opening for its arena. They just missed one year of hockey. That is the track record of the previous government. Why can these people not get the funding? After all, they are entitled to it.

Hon. Mr. Black: I think we could spend some time addressing the track record of the previous government in a whole range of issues and that is some time that we perhaps could spend profitably. I am sure that I could identify for the member and for his colleagues many areas in which their track record is less than it should be.

However, to come back to his immediate concern, which is the people of Marmora, we are going to look very carefully at proposals from the area of Marmora. We are going to work with that community to try to address its needs and to try to assist it. I thank the member for his concern and interest in the project.

Mr. Pollock: I have a question for the Minister of Tourism

and Recreation. The people of Marmora and area believed that an announcement for the funding for their new arena was going to take place around 1 April. They have heard nothing yet. When are they going to get that funding they are entitled to?

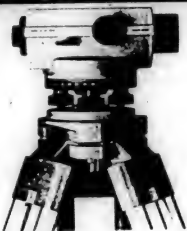

Hon. Mr. Black: I am aware of the fact that the member for Hastings-Peterborough has real concern about the welfare of his community and I know that he keeps in touch with all of his constituents. I know that he has been expressing within his riding the need for an arena in Marmora. I want him to know that when we get to the point where we are ready to

approve all of our capital expenditure, we will be making announcements about all of those across the province.

Mr. Pollock: When?

Hon. Mr. Black: I am sure the member is aware of the fact that one has to go through the process of evaluating all the applications and ensuring that the applications this government funds are sound. We want to be sure that when we fund arenas there is a capability within the community to operate those arenas and provide sound programs. So when we have completed our determination we will make an announcement.

New supply contract for recyclable glass

Cont'd from page 8A

across Canada within 10 years.

In 1989, Consumers Glass recycled over 40,000 tonnes of glass collected through the Blue Box program. This figure is expected to double by 1992, as new recyclers come on stream and as the public becomes more knowledgeable about the items that can be recycled, including bottle glass of all colours; and those that cannot - such as light bulbs, pottery, window glass and chinaware.

Glass is the perfect recycling medium. Glass containers can

be recycled by Consumers Glass again and again to make new containers, with no loss of quality. More glass is recovered by the Blue Box program than any other packaging material, including plastic and metal cans.

USED APPLANCE SALE
RUNNING TILL
THANKSGIVING WEEKEND
Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the

most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer this way we can rebuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.
Smitty likes competition - it keeps one on their toes & prices in line. Smitty says that our competitors are the very clean & modern appliances. We are also the largest dealer in the area in new appliances. We take trade-ins. We have our own financing with no interest & same day delivery. If you are thinking of buying or selling your appliances, see Smitty just for an honest price.
WE JUST DON'T SELL APPLIANCES, WE GUARANTEE THEM AFTER THE SALE. THERE IS A DIFFERENCE.
SMITTY
KING OF APPLIANCES

CARD OF THANKS

THANK YOU for your thoughts and concern while I was a patient at Kingston General Hospital and when I arrived home. My family and I sincerely appreciate all that you have done. Ray, Lorna Twiddy & Family.

The Family of the late Leonard Blackburn would like to express their sincere thanks to friends, neighbours and relatives for sympathy cards, flowers and donations to Heart Fund and VON. A special thanks to the doctors and nurses at BGH, Quinte 7, and to the VON. Reverend Jeff DeJonge, McConnell Funeral Home and to the Eldorado UMC for the lunch after the service. Your kindness will always be remembered.

The Generosity of neighbours, relations & family helped greatly to make the last few months of our mother's life something for us to remember. Thanks to Branch No. 389, Havelock Ladies Auxiliary for service and beautiful lunch to all for flowers & donations to Cancer Fund and cards of sympathy, to Rev. Jim Armstrong for the lovely service and kindness, Glen & Betty Brett for their thoughtfulness & care, also to 1st floor nurses, Campbellford, and Dr. B. Keogh. It will never be forgotten. Family of Edna McQuigg.

WE would like to express our appreciation to friends & neighbours for visits, calls & cards while Allen was in hospital. A special thanks to our family for their kindness in time of need. Allen & Winifred Ketcheson

PETHERICK, JESSIE - In loving memory of Mother, who passed away April 8, 1989. Nothing can take away the love. Our hearts hold dear. Fond memories linger every day. Remembrance keeps her near. Gone are the days we used to share. But in our hearts you are always there. The gates of memory will never close. We miss you more than anyone knows. With tender love and deep regret. We who love you will never forget. Sadly missed by Carol & Doug.

BELL - In loving memory of a beloved son & brother Stephen Marcus (Marc), who passed away April 20, 1988. April comes with sad regret. The month & date we will never forget. He had a cheery smile, a pleasant way. A helping hand to all he knew. He was so kind, so generous and true. On earth he nobly did his best. Grant him, Jesus, Heavenly rest. He will forever be missed and loved by his mother Ellen, brother Graham and sister-in-law Kathleen.

DERRY, GORDON - In loving memory of a dear husband, father & grandfather who passed away April 21, 1988. There will always be a heartache. And often a silent tear. But always precious memories. Of the days when you were here. You never failed to do your best. Your heart was true and tender. You lived your life for those you loved. And those you loved remember. Sadly missed by wife Alice & family.

GRAY - In loving memory of a dear husband, father, grandfather, Dave, who passed away on April 16, 1987. In tears we saw you sinking. We watched you fade away. Our hearts were sadly broken. As we watched you fight to stay. God saw you getting tired. A cure was not to be. He put His arms around you. And whispered "Come With Me". We saw you lying there. So peaceful and free of pain. We could not wish you back here. To suffer that again. Ever remembered by wife Evelyn, daughter Gail, son-in-law Barry Runnells, son Eric, granddaughters Darlene, Debbie, Angie, grandson Jeff, daughter-in-law Charlotte.

PETHERICK, JESSIE - In loving memory of Grandma & Nanna who passed away April 8, 1989. Of all that life has given us. And all that's left to do. We will never know a greater gift. Than the years we spent with you. You had a smile for everyone. You had a heart of gold. You left the sweetest memories. This family could ever hold. Just as you were, you will always be. Treasured forever in our memory. Always remembered by Christina, Charlene & Mike, Heather, Ron & Gail, Sheldon, Sherry & Family, Kati Susan & Gail, Roberta, Ossie & Family.

SPRING HOME IMPROVEMENT

Exterior Shading On Windows Reduces Heat

There are several products on the market now that can be installed on your windows and glass doors to block the sun.

Many types are installed on the inside of the window, such as venetian blinds or even reflective film, which is usually pasted directly on the inside of the window.

But the most effective way to control the sun is to block it with some type of shading device on the outside of the window. Exterior shading devices are more effective than most other types of sun control products. They stop the sun's heat before it ever enters your windows.

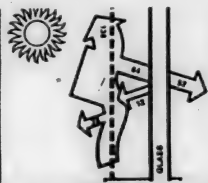

There are three exterior shading products that have been proven very effective and are also relatively inexpensive and easy to install.

The use of one of these shading products can mean less work for your air conditioner and lower cooling bills.

Another benefit is protection against fading of carpets, drapes and furnishings, since the exterior shading devices block most of the sun's harmful ultraviolet rays. And, since these products are installed on the outside of your windows, they can work with the windows open or closed, unlike films and other types of shading which are only effective when the window is fully closed.

Outward visibility is important - that's why we put windows in to begin with!

These exterior shading devices allow good outward visibility and can even afford improved daytime privacy. You can see out, but outsiders can not easily see inside. This means

SAVE ENERGY, lower cooling costs and improve comfort year-round with solar screens, which block up to 70 percent of the sun's heat and glare before it touches the window glass.

you can leave your drapes or shades open during the day and still have privacy.

One important point: To be totally effective, the shading needs to cover the entire window. Many storm windows only have half screens that cover only the bottom half of the window. That's sufficient for insect protection because you only open the lower sash.

But for keeping out the sun's heat you need shading on both the top and bottom windows.

The idea behind these products is relatively simple, although it took years of testing to develop the finished products.

Having any of the shading devices on your windows is a lot like sitting under a shade tree on a hot summer day. The screens work exactly like the tree's leaves, blocking the heat before it reaches you. However, the exterior shades are better. Since they are always an inch or two directly outside of your windows they work all day long and all year long, even after the leaves on your shade tree have left for the winter.

Where do you find these products? If you are a do-it-yourselfer, check with your nearest hardware store or home center store. Some hardware dealers even offer in-store rescreening or can direct you to a screening shop. If you have an unusual

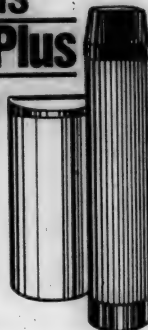

installation or half-screens or if you're all thumbs, call in an experienced dealer/installer.

To find a dealer in your area, look in the telephone book under "Screens - Door and window", or "Storm windows and doors". Chances are you will find a local screen shop that is familiar with one or more of these products and can do the job for you.

Most homeowners find that the exterior screens can actually pay for themselves in a few summers, even if custom installed. The screens are designed to last for many years, so they will continue to help reduce your cooling costs for years to come.

Only the Bruner/Goulds Ironworker Plus

Softens Water and Stops Red Water Stains...

New design handles 25 ppm of iron or clear water iron AND controls up to 30,000 grains of hardness. This is the first and only model available that does so much without using expensive, hard to handle chemicals. Call your Bruner/Goulds dealer for quality water in your home. ●

Now that the family and friends won't be tracking snow, ice and mud into your entry for awhile, it's time to consider redecorating your homes "first impression".

At one time "hall" was a four letter word for the small space that introduced people to your home. Any advice about decorating halls also employed four-letter words: Words such as "clue" (halls were supposed to give a clue to the personality of the house) and "link" (halls were intended to link rooms that opened off them) and "aura" (colour and pattern were most often used to make halls inviting).

Our freed up feeling about decorating today begins with entrance halls. Liberated from convention, halls have become enchanted places in which to make entrances and exits. More than that halls can be spaces that can be considered rooms in their own right.

It may not be the first place you consider when you are decorating or remodeling, but the entrance hall carries an enormous amount of weight in your home's first impression. The hall is no longer a mere vestibule or passageway, but a prelude to what follows.

Set foot in your entrance hall. How does it feel? Welcome.

SPRING HOME IMPROVEMENT

Spring Is the Time To Make Your Entrance

ing or disturbing? Consider the warmth and beauty of a solid hardwood floor. It won't fight you or require you to accommodate to the depth of pile or slick of tile. Moreover a hardwood floor is easy to maintain and impervious to traffic.

Patterns from random planks to rich parquet and natural variations in finish offer alluring choices for setting the tone of decoration. Wood floors work well with all colours. You may be conservative and paint the walls of the entrance hall and its arteries a warm "Linen White", letting rooms that open off it become, so to speak, the jewels on the necklace.

Collections of things you and your family like are expressions of personality that can be put forth in a hall on an antique buffet or on built-in shelves.

Because people will be passing through the hall as they would a collection in an art gallery or museum, this is also a good place for framed mementos and photographs.

With an open house plan that makes no allowance for an entrance hall, you may have to create your own. A free-standing solid hardwood room divider, once considered avant garde, can be built to separate living room from entrance

without sacrificing easy access. Each side can serve a purpose; install a T.V. with VCR on the side facing a seating group in the living room, and on the other side a music system with speaker controls for the entire house.

Music can be most efficiently amplified from a source in an entrance hall. There is nothing better to put visitors at ease. Once the source is installed, satellite speakers can be tied into other rooms.

You might also consider converting a coat closet into a music center with storage shelves for compact discs and vintage records and tapes. In that case, you will need a stand-in closet like a solid hardwood armoire for coats, hats, bags and umbrellas.

Are you missing a library in your home? Why not install solid hardwood shelves in the entrance hall for books the whole family can enjoy? Carpentered bookshelves can be fitted floor-to-ceiling on a major wall (double-depth if you have lots of books to store). Or, if you have bookshelves built in the level of a dado, three to four feet from the floor, with a shelf that holds mail, keys, handbags and wallets.

SPRING HOME IMPROVEMENT

How To Keep Your Cool And Save Cold Cash

Not so long ago people lined up outside movie theatres because they offered an evening of air conditioning along with the latest screen stars. Now that air conditioning is available for every home, more consumers are choosing central air conditioning.

How does an air conditioner work?

By transferring heat - from the inside of a building, where it is not wanted, to the outside. Refrigerant in the system absorbs the excess heat and is pumped through a closed system of piping to an outside coil. A fan blows outside air over the hot coil, transferring heat from the refrigerant to the outdoor air. Because the heat is removed from the indoor air, the indoor air is cooled.

What should I do in advance to make sure that my air conditioning system will work efficiently this summer?

Have the system checked each year - before the peak cooling season - by a qualified contractor or service technician. Then, remember to keep the air filter clean and the outdoor unit free of leaves and debris.

If my air conditioner stops working, what is the most likely problem?

The solution could be as simple as replacing a fuse, resetting a circuit breaker, or checking to see if the thermo-

stat is set properly. If the cooling system doesn't run cool enough, the refrigerant may be low. Most likely, if the problem involves any major part, such as the compressor, you will hear strange noises similar to those of any mechanical equipment not running correctly, or the unit might not run at all.

Which is better - letting a central cooling system wear out before replacing it, or relacing it at some point before it wears out?

Because newer equipment usually is much more energy efficient than older systems, you might actually save money by replacing your old system before it completely wears out.

Contact local contractors and ask for estimates. In some cases, the money you save in reduced utility costs might pay back your purchase price of a new system years earlier than you might think.

Want to lower your Electric Heating Bill and add Air Conditioning? Consider a Heat Pump.

If your home is heated electrically, and you're thinking of adding air conditioning, take a look at heat pumps.

Many people have heard of heat pumps but aren't quite sure what they are or what they do. Quite simply, heat pumps use the same kind of technology as refrigerators. A fridge doesn't make cold air. It pumps out the warm air, leaving the inside of the fridge cool.

A heat pump works the same way. In the summer, it takes the heat out of your house to air condition it. In the winter it reverses itself to extract the heat from the outside air and transfer it into your house. (Even in winter, there is lots of heat in the air.)

On top of all this, a heat pump will cut your electric heating bill by up to 30%. Unlike traditional heating systems, a heat pump doesn't consume energy to produce heat. It needs energy only for its fans and compressor.

Call us for more information on heat pumps.

SPRING HOME IMPROVEMENT

Expert Advice For Do-It-Yourselfers on Repairing Concrete

Rough winter weather can leave your driveway and sidewalks cracked and crumbled. Repairing concrete each spring is not complicated or difficult if you follow a few basic guidelines. Before you tackle a repair job though, it is important to understand exactly what concrete is, what it is made from and how it is used, in order to properly complete a repair job.

When concrete work is done properly, it is very durable. For centuries concrete has been used as a basic building material because of its permanence and high compressive strength (its resistance to crushing). It's also one of the least expensive of all building materials. However, concrete has little resistance to bending and twisting and needs to be reinforced.

Concrete is a mixture of cement, sand, crushed stone and water. Cement is the basic ingredient in concrete and is made finer than flour. Most concrete is made of a manufactured product called Portland cement, named because of its resemblance to a rock found on the isle of Portland.

There are five basic steps to concrete repair: 1) clean out the area to be repaired; 2) assess the extent of damage; 3) select the best method and product; 4) patch the area and 5) dry and cure the area.

There are two safety tips to keep in mind before you begin. Whenever you work with concrete, always wear safety goggles to prevent it from splashing in your eyes. If you use a cleaning solvent, wear protective gloves.

To begin, thoroughly clean

the area that you are repairing. You will get a better adhesive bond if the area is extremely clean. Most of the time, simply brush out the remaining particles. However, some projects may require using a cleaner.

After you have cleaned the area to be repaired, you need to assess the level of damage and determine the best way to repair it. If the damage is not extensive, use any of the premixed patching compounds - latex, vinyl or epo - following the instructions that come with the product.

Bigger jobs

For larger more extensive repairs, you will need to use a dry-mix (gravelmix) concrete. These products cure quickly and can withstand rain in less than 24 hours without any damage. They come in large quantities, so they are economically practical. Once applied, these powders are strong enough to withstand automobile traffic. Remember to follow package instructions carefully.

Once the area has been filled in, it is important to allow enough time for the cement or product to dry and cure. If an area is walked or driven on too soon, the patch will lose its strength and the damage will resurface.

Surface repairs of driveways and walks. Chisel out loose or broken fragments of concrete to depth of one inch, and then use the chisel to thoroughly roughen the base of the cavity. Undercut the edges of the damaged area. Brush the surface with a wire brush and wash out all loose particles. The surface to be patched should be damp but not wet. You might have to sponge out any water that remains.

Fill the cavity with the patching mix, tapping the

patching mix in firmly and overfilling the cavity slightly to allow for shrinkage. Smooth the patch lightly with a wooden float. When the concrete begins to stiffen, finish with a wooden float or steel trowel. Let the patch cure for six days and keep traffic away from it during that time.

Cracked floors. Prepare the patch area as you would for a wall crack. When the crack is filled, the surface should be slightly higher than the surrounding floor. After it has set for 48 hours, grind the patch area flush with the floor, using an abrasive stone or sheet of coarse emery paper over a block of wood.

Damaged steps. To repair a crumbling stair edge, chisel out a V-shaped section until you reach solid concrete. Brush away any loose material and dampen the exposed area. If the tread nosing was flush with the riser, place a form board against the riser. If the tread nosing extended beyond the riser, make a form and reinforce the patch with coat-hanger wire. Paint the V-shaped area with cement paste and fill. Finish and cure for six days.

SPRING HOME IMPROVEMENT

Spring Out of Winter Doldrums

Before giving your home a major overhaul, consider these helpful tips

The rite of spring cleaning is probably as old as spring itself. After a long hard winter, the first warm breeze of the year casts our surroundings in a fresh light and stirs our instincts to rejuvenate and improve our nests, to plants and make new starts. The familiar environment we usually take for granted, its dust and dirt, suddenly becomes as intolerable as the thick wool sweaters we hibernated in all winter.

If you are considering redecorating one or all of the rooms in your house, its helpful to make some mental notes before making any purchases or hiring contractors.

Remember, that every room has a focal point. In the living room, it may be the fireplace. In another visitors may be drawn to the window. Always identify the strong visual elements in a room and be sure to complement them - with mirrors or matching or contrasting colours, for example, rather than crowd them or detract from their effects.

Often minor or inexpensive decorations can revitalize a room you thought needed a major overhaul. Here are some of the inexpensive, yet versatile decorating elements to consider.

Lighting

Not all light bulbs need to be soft white, which, contrary to their name are rather harsh. Yellow or golden light is not as blinding and uses less wattage. Golden light even makes a substitute for candlelight since it provides a similar warm glow.

Rooms that are meant for relaxation rather than work should not have overhead or fluorescent lighting. Both tire the eyes. Track lights are a nice addition to any room, especially in the living room,

where the lights can be pointed in different directions to illuminate artwork, photographs or a bouquet of fresh flowers.

Borders and trompe l'oeil

Decorative borders that run along the tops of the walls can be pasted on in a short time. They come in a variety of motifs such as Ionic columns, floral patterns and trompe l'oeil, and are an inexpensive way to add character to a room.

Fabrics, glass and mirrors

If all new furniture is out of the question financially, recovering or simply covering tables and armchairs with a fabric that matches carpet and drapes might do the trick.

Wooden tables become elegant when covered with a piece of glass. Glass shelves are a light airy unobtrusive addition. And, why not get more use out of your crystal bowls by filling

each with potpourri and leaving them permanently throughout the house.

If one room of your entire apartment is just too small or dark, mirrored tiles can be the solution. They come in a variety of sizes and colours and can cover as much or as little wall space as desired. Or, to make a room seem double its actual size, place a standing mirror in a corner from floor to ceiling.

A sense of style

It is often said that the most fashionably dressed women with the most developed sense of style are never the wealthiest. Because they cannot permit themselves to buy every trendy article of clothing that catches their eye, they shop painstakingly for the perfect sweater or shoe that will see them through several seasons. The same principle applies to home decorating.

KEEP COOL!

The QCE QUBE Series air conditioners provide comfort and efficiency at an affordable price.

Choosing Paint? Here Are Some Tips

Choosing paint colours for your home can be just as intimidating as naming your child. Should the colours be intense at the risk of ridicule? Wouldn't it be safer to just pick out a sophisticated off-white - a petal tint, perhaps?

These concerns need not discourage you. For colours you can enjoy and share, here are some hints on selecting paint shades.

Best colours

First identify your favourite colours. If no one single shade comes to mind, consider your favourite clothing, jewellery and artwork. What colours predominate? Flip through decorating magazines and clip photos of room settings that inspire you. A unifying theme or colour often exists.

Second, bring a sample of shades you like to your local decorating center. You may wish to select colours around a favourite area rug, fabric or painting.

Third, make good use of the store's paint colour display. They are designed to help you.

An effective way to begin is to stand about eight feet away from the display and look for the range of colours that most attracts you. You can then concentrate your search in these colour families.

A key element is the arrangement of colours. Displays that coordinate each row horizontally complement the natural movements of the eye.

Lighting is critical to colour selection. Look for a display offering bright simulated natural daylight so you won't have to view colour strip cards outside the store. Most shoppers find strip cards easier to

work with than cards of a single colour, and prefer a display arrangement that shows the entire stripe card, rather than just the top one or two colours.

When you choose the right shades, bring the strip cards home with you and place them on the walls, cabinets, ceiling, wherever you plan to paint. Observe the colours at different times of the day and, if possible on both cloudy and sunny days. You should also hang the cards in nooks and crannies of your room and note how shadows affect the colour.

Hold the card at arm's length and rotate 360 degrees around the room you plan to paint. Envision the paint on the walls as you turn. See how the colour changes in the different areas of the room.

How to use samples

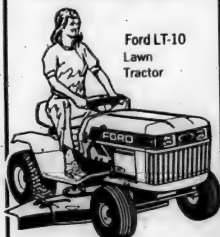

At the decorating center, most paint is viewed on a horizontal surface with a white or off-white background. Remember that you will probably never see the colour this way again. The shade will always intensify when applied

to a vertical surface. This is why it's important to "live" with the stripe card for a few days before making a final decision.

Some dealers catering to the professional design market may have available larger chips drawn from a designer library. Ask your independent retailer for advice on the type of paint you need.

Paint can be the fastest and least expensive way to recreate your living environment. By following these tips, you can easily choose colours that express your personality with confidence and verve.

Transfer of jurisdiction

The board of Directors of Community Services in Hastings, Lennox and Addington Incorporation has announced a transfer of jurisdiction for the provision of services to the developmentally handicapped from the Hastings, Lennox and Addington Division of the Prince Edward Heights to a community-based non-profit organization. The programs include residential services for seventy-five individuals as well as employment and behavioural programs. These services have been developed by Prince Edward Heights over several years to enhance de-institutionalization and strengthen Community resources.

The newly-formed non-profit organization is currently comprised of a Founding Board and will become, over the next few months, a formal community Board of Directors. Emily Lynne Martin of Warkworth, Barbara Burford of Napanee, Susan Stevenson of Belleville, Elton Brant of Deseronto, and Michael Maloney of Belleville, are the founding Board of Directors and are charged with the responsibility of - ensuring the continuity of high-quality services to existing clients; - ensuring the smooth transfer of staff and services to the community organization - enhancing and expanding services to include those areas not currently covered.

This process is consistent with the philosophy of the Ministry of Community and Social Services as stated in the position paper "Challenges and Opportunities: Community Living for People with Developmental Disabilities and continues the deinstitutionalization of current treatment and services for the developmentally handicapped. This will provide individualized planning and opportunities. The process will closely involve all the communities of Hastings, Lennox and Addington in the decision-making process.

Among the many tasks to be faced in the transition is the orderly transfer of staff from a direct-operation facility to a community-based and managed services.

Marilyn Lamb, currently manager of the Hastings, Lennox and Addington Division of the Prince Edward Heights, has been appointed by the community board as executive director. Lamb stated, "I am pleased and excited by the new developments and I look forward to creative planning for individuals in our care. I am delighted with the prospect of moving on and further integrating into the

community. WE will continue with the excellence of service our clients have come to expect."

Meetings with the current staff are planned in order to discuss their roles in the transition. It is expected that during the transitional period there

will be no disruption of services to any clients. Meetings with parents are also planned to ask for their input as well.

The transition is expected to be finished by September of 1990 and a permanent board will be instituted at that time.

Celebrating 80 years with a birthday party were members of the Marmora Girl Guide's. They held their birthday party at Fabeth Nursing Home, in Marmora on April 10. Residents turning 80 this year are: Ellen Bedore, Carrie Fox, Jim Griffin, Gordon Jenkins, Allan Nicholson and Tillie Vilneff.

4-H Club annual achievement night May 10th

by Janet Crawford & Heather Sandford

The Madoc 4-H "Baker's Dozen" Club has been led by Sharon Crawford and Judy Sandford. Throughout the years, the 4-H projects have rotated with different subjects, this one being Breadventure '90. The meetings have been held at the Sandford home on

Saturday mornings. The members have taken this club to learn more about bread and its history. Some of the loaves that they learned about were homemade white bread, whole wheat twist loaf, and sweet dough rolls. The members include, Janet Crawford, Meagan Dixon, Jennifer Oliver, Erin Dixon, Heather Sand-

ford, Jamie Adams, Sheri Howard, Amy Scrutton, Jennifer Embury, Nicole Northey, Wendy Gaebel and Jennifer Stock.

The club has been busy preparing for their Achievement Night on May 10, 1990 at 7:00 p.m. at C.H.S.S. We, the club members,

would like to take this opportunity to thank the Madoc Women's Institute for their

support. This club has been one of the best and will be remembered by all.

Madoc Township Public School news...

On Friday, April 6th, the Royal Canadian Legion was represented at the Madoc Township Public School by a host of representatives. It was really fine having such an august group at the school. Jean Aylesworth provided the direction as Rachel Hill was presented with various awards. Rachel had been proclaimed second place in the province in the Legion poster contest. This was an important accomplishment for Rachel and the local Legion provided the necessary ceremony to make this event important. Rachel's poster will be on display at the Royal Canadian Legion and will later be placed at the Kiwanis Hall in May when the Home and Trade Show is taking place.

Congratulations Rachel! Track and field is around the corner and one of the first events of the season are the annual relays held at Sir James Whitney School in Belleville. Every year teams from schools as far away as Maynooth within our county take part as well as representatives from other counties.

Mr. Ralph Porter co-ordinates this major undertaking each year. Our school will have as their coach Mr. Hugh Johnston. Mr. Johnston will be in his first year as coach of the teams but he will have the assistance of coaches from former years to get him off on the right 'foot' so to speak. The teams will be both girls and boys and the ages will be 10 and 11 year olds. Fortunately this year the Madoc Township Public School

will have an excellent track upon which to practice thanks to the planning work of the Hastings County Plant Department.

During Education Week the Science Fair winners from the Madoc Township Public School will have their work on display at Centre Hastings Secondary School as part of their Educa-

tion Week celebration. Our Science Fair displayers will be taking part in the County Science Fair exhibits at the Quinte Mall on Saturday, April 14th. In all, this is series of good opportunity for some of the students to display their project, answer questions and to develop awareness of the scope and depth of their topics.

The early 1880's, that is!

OLD TIMERS OF MADOC IN
THE EARLY 80'S

I remember Rev. D. Wishart
In the stone church on the hill

The result of his earnest
preaching
In Madoc is living still.

I remember Samuel Rollins
Who kept the old brick yard
And the old time village grist
mill

Was run by a man named
Chard.

George Conley kept the
Windsor Hotel
A portly man was he
He sold organs and sewing
machines
And was busy as could be.

Andrew Wright, an old time
baker

Also kept a liquor store:
Pete Sinclair kept a harness
shop

And John Dean kept a drug
store.

L. Weiss was Madoc's
jeweller

And clocks and watches
sold:

Elias Brown had a black-
smiths shop

And many horses shod.

I remember Beeton's tailors
shop

He made men's suits with
care

And Al Campbell was the
barber

That shaved and cut their
hair.

Albert Caldwell made good
harness

That drew some heavy loads

Malcolm Bristol made
sleighs and wagons

That travelled on the roads.

There was also Jim White's
laundry

And O'Flynn kept dry goods
store

With B. O'Hara for partner
In that old time corner store.

Cont'd on page 20

All new!

B'n D Gifts is located just
north of the Deloro Road which
joins with Highway 62 north of
Eldorado. Co-owner Debbie
McEwen (above) and Betty
McEwen opened the shop just
recently and will take items on
consignment. Debbie and
Betty handmade most of the

items in the shop which is
located in their home. Debbie
is pictured above wearing one
of the many hats the women
make however, this hat is not
for the head it is for the wall. B
'n D Gifts is open six days a
week from 9 a.m. to 6 p.m.

The early 1880's, that is...

Cont'd from page 19

Cross and Mouncey too sold dry goods

And Miss Elliott bonnets made

John Harper kept a bake shop

And catered to the trade.

Hiram Riggs drove a peddling wagon

And William Moore made shoes

John R. Orr published the paper

That gave us all the news.

Marshall Maybee kept a furniture shop
And undertaking too
John Dale used to keep a hardware store
And sold good tinware too.

A.A. MacDonald was the lawyer
Could tell you what was law
David Bowen made bread and pastry
As good as you ever saw.

Old Mrs. — sold whiskey

And when men got wild and shrill
B.C. Sills the cop, would take them
To the lock up on the hill.

William McIntosh the inspector
Used to visit public schools
I remember some of the teachers
Who taught in the model schools.

Old Father Davis the parish priest

Had a parrot that could talk
And when Dr. Sutton passed the door
Bad names at him t'would squawk.

And David Clarke sold dry goods
He gave an honest yard
C.A. Wilson too sold books and drugs
And Jas. Whytock meat and lard.

Revs. Egan, Maybee, Marsh and Hutton

In the M.E. Church held sway
The result of all their labours
Will be known on Judgement Day.

Then there was Maggie Latimer
Taught the Primary Sunday School
Who never forgot the children
When they outgrew her class in school.

And many a man and woman
In these times of bustle and go

Will remember that faithful teacher
In the years of long ago.

Dr. William A. Dafee
Cured many a pain and ache
And Dr. J.S. Loomis
Had his office down the street.

There was B. Franklin Embury
A family large had he
He was grandson of Philip Embury
Of Methodist History.

There was Robert Rollins on the hill
And also Richard Brooks
Fred Seymour lived at Hawthornedden Den
And Den Gillen with his books.

A.F. Wood drew deeds and wills
Hugh Cameron drove the stage
Succeeded by Hulin and Jim Smith
Who lived to a good old age.

Then there was a jewellery store
Kept by old Major Rawe
And many a well in that old town
Was dug by blind Mr. Daw.

Jimmy Stevens was a mason
And built many a good stone wall
Ernie Seymour and Sills were painters
And painted buildings tall.

E.D. O'Flynn was a banker
A good old man they say
And one of those old time groceries
Was kept by Robert Gray.

Walter Tucker kept post office
Tom Dunn lives on east hill
And there was also a man named Kirk
Who owned the laver mill.

But of all these good old timers
Very few are here today
And those who are left will soon be gone
There are none of us here to stay.

From Mrs. George W. Fox, Mountain View

Women's Institute - Tweedsmuir History of Madoc

Canadian Tire moving into new plaza

by Janice Pinke

Nino Nenoff of DGNN Developments Inc., the people who are going to build Madoc's new plaza on the northwest corner of Highway's 62 and 7, announced last Tuesday that the Canadian Tire Corporation will be one of the new tenants in the plaza.

Nino told the Madoc Review

that he has also been in contact with "half a dozen" other national corporations interested in becoming tenants.

Nino, along with his planner Mark Dorfman, were at the Madoc Township municipal offices last Tuesday for a public meeting into the 62 acres surrounding the land

slated for the plaza.

The meeting was called to entertain any objections regarding the rezoning of the surrounding lands from general industrial to rural residential 'h'. The 'h' means that no construction could begin on the lands until approved by Madoc Township council.

There were no objections received last Tuesday.

The 62 acres would be slated for residential properties at one acre a piece. At this rate an estimated 60 lots could be developed on.

Other conditions to be met by DGNN before construction can begin is a hydrological test, access testing for highway traffic and sewage and water testing by the Ministry of the Environment.

Nino says he is a little disappointed however, with the length of time it has taken Madoc Township to pass his zoning by-law. Nino says he applied for rezoning to both the Village and the Township at the same time and while the Village bylaw was passed months ago, he is still waiting for Madoc Township council to pass the 'rural residential 'h' bylaw.

Madoc Township council is

expected to give the third reading to the bylaw on May 7th.

The only question raised at the meeting last Tuesday was in regards to the traffic flow at that intersection and the number of accidents at that location. Nino says that his company has been in touch with the Ministry of Transportation Ontario (MTO) and that there has been talk of traffic lights being installed at the intersection. Nino says a study of traffic will be paid for by his company and submitted to the MTO.

"We would like to see traffic lights and reduced speed levels" established at that intersection, Mr. Nenoff told the Madoc Review.

If all goes as planned construction of the plaza should be finished by the fall of 1991.

DGNN Developments Inc. is a Toronto company based out of Don Mills.

Owner of stolen car says "we are not as careful as we should be"

by Janice Pinke

Two young offenders were charged with theft over \$1,000 by Madoc OPP last Wednesday afternoon after the two students stole a car from the Madoc IGA parking lot. The car was eventually written-off by these two youths on the Downey Rapids Road. They

were observed by OPP officers leaving the scene of the accident and arrested and charged.

The owner of the car, an area resident who wishes to remain anonymous, told the Madoc Review last Thursday that "we are not as careful as we should be around here

anymore". She says she simply forgot to remove the keys from her car and proceeded into the IGA. It is not a practice she follows. She told the Madoc Review "it was simply an accident, I had been to several other places that day, I always take my keys with me".

The incident has enraged many residents of Madoc Village, many of whom feel comfortable enough to leave their keys in their cars. One resident said "this is a small town; you don't expect this kind of thing to happen when you know everyone who lives here".

One of the two young offenders was released by police last Wednesday night and the other was held overnight by police for a bail hearing Thursday morning.

The youth suspected of being the driver was also charged with driving without a licence, careless driving and failing to remain at the scene of an accident.

'50's Marina sold

by Janice Pinke

The '50's Takeout and Marina on Moira Lake has been sold. The new owners, Linda Frair and Gary Brant have just sold their home in Stirling and are hoping to have the fast food bar and variety opened by the end of May.

Linda told the Madoc Review last week that there is still a lot of planning to be done and she is uncertain whether or not the format of the takeout and marina will change.

The '50's Takeout and Marina was first opened in the summer of 1989 by Daryl and Carol-Ann Kramp. The deal closed last Tuesday.

Cookie time!

The Girl Guides of Canada cookies went on sale this past weekend. Andrea Murphy (l) and Christine Robinson took to the four corners of Madoc Village to test their selling abilities this past Saturday.

Meet Nino!

Meet Nino Nenoff! Nino and his partners at DGNN Developments Inc. are putting up the new plaza on the northwest

corner of Highway's 62 and 7. Nino says he is the second 'N' in DGNN.

Letters to the EDITOR...

Dear Editor,

I would like to sympathize with "Disillusioned", who wrote concerning the adjustments made to the dryers at the laundromat.

Having two young boys and a large wash to do myself, I fully understand her irritation. There was no indication that the drying time had been reduced, raising both the cost

and inconvenience. My wash was also taken home damp, after protesting to the management.

Even though I wasn't sent a threatening letter, I will no longer use this laundromat either.

Sincerely,
Debra Parks

Dear Editor,

I read your letter from the lady who said how I had raised the price of the drying at Barton Coin Laundry.

I operated as long as I could without compensation for the many increases that I absorbed from the gas company. Finally I raised the price. The only way to combat the increases is to reduce the time that the dries run. The running time was set at seven and one half minutes per twenty-five cents. I reset the time to five minutes per twenty-five cents. This is still a short fall for a decent return.

I know my machines will give a cheaper wash and dry than many that I am familiar with. I put a sign of the increase on the dryers twice

and it was torn off the machines.

The profanity that was used the day that I made the decision to write the lady while she showed her anger to the increase by slamming the doors, while her son played in the dryers. I had wondered why the doors were always in disrepair when I saw how she had no control of the kids' action. The only solution to my problem was to ask the lady to go elsewhere.

I can handle complaints, dissatisfaction of any degree but I will not sit back while the equipment is ruined without taking necessary action to stop the destruction.

Yours truly,
T. C. Barton

Dates to Remember

Apr. 19 - Centre and South Hastings Waste Management Steering Committee meeting beginning at 1 p.m.

Apr. 24 - Pathfinders registration at the Madoc Public School gym beginning at 6:45 p.m. Free registration. For those of you who missed out on Sue Christiansen at 473-2191 after 6:30 p.m.

Apr. 25 - Ham Supper, St. Andrew's United Church Hall, Queenstown. Serving from 4:30 to 7 p.m. Adults \$6.50, under 12 \$3.00, preschool children free.

Apr. 26 - Madoc Public School Fun Fair from 6:30 to 9:30 p.m. Auction, games and prizes. Fun for everyone. Proceeds to the school.

Apr. 27 - Madoc Dance School Spring Recital from 7-9 p.m. in the CHSS auditorium. Adults \$3, seniors \$2 and child and students \$1.50.

Apr. 28 - Millionaires Night at Kiwanis Centre.

Apr. 30 - 8 p.m. at the Kiwanis Centre. Help St. John the Baptist Anglican Church celebrate its 125th anniversary by attending a show of authentic Victorian fashions courtesy of Fozboro Fabrics. Admission \$5. Proceeds to pointing of exterior walls.

May 7 - Victorian Fashion Show at the Tweed Playhouse in Tweed beginning at 7:30 p.m. Admission \$5, tea included.

Shirley McCoy (l) of the Cooper/Remington Women's Institute handed over a cheque last Tuesday for a therapeutic ultrasound machine for the Centre Hastings Physiotherapy Clinic at the medical

centre on St. Lawrence St. East. Pam Duncan (r) accepts the cheque on behalf of the clinic. The machine will be used as a therapeutic tool as

opposed to a diagnostic tool which is used to look at unborn babies in the womb. The two women were joined by other ladies attending from the Cooper/Remington Women's Institute.

Merchants want municipal parking lot

by Janice Pinke

A series of meetings were held last week between the merchants, Madoc Village council and other officials regarding the need for a municipal parking lot in the downtown core of Madoc Village.

On Tuesday night a meeting at the Kiwanis Centre was attended by over 25 area merchants. Madoc's Reeve Tom Deline and councillor Gord Crawford, Sheila Frost of Tweed attended the meeting to relay what she knows about a 'Business Improvement Association' which Tweed belongs to.

The meeting Tuesday night ended at approximately 10:30 p.m. with only minor headway made regarding the establishment of a municipal parking lot. A few recommendations were made to the council members in attendance while most items were put on the

backburner until a meeting at the Madoc Village offices last Thursday night.

The Thursday meeting between Madoc Village council and the merchants ended with the following points being "carried".

- The Village is to sell industrial lots, subject to appraisal, to raise monies to buy parking areas.

- That council enter into negotiations with the Masonic Lodge for the temporary use of their lot for municipal parking.

- That council enter into negotiations with Mr. Ron Moffat for the temporary use of his lot for municipal parking.

- To investigate other core area properties for potential purchase for parking.

- To negotiate with the United Church the possibility of (when lawn bowling use has expired) the Village upgrading

this area for gravel parking in exchange for use as a municipal parking lot.

- To use non-working capital reserves to assist in the purchase of parking if required.

- In place of using small Village sweeper in core business area, we employ manual labour.

As far as a Business Improvement Association is concerned, Richard Chapman, owner of Kate's Place, says that no immediate plans have been made to organize such an association, although merchants are looking into the possibility of having an official from this association come to Madoc and speak to the merchants in May.

More ice time at arena

The members of the Arena Board have taken what the community feels is a positive step forward and decided to provide an ice surface for use at the Madoc Arena from August 1st to September 14th.

For several years now the Madoc and District Figure Skating Club, Jr. 'C' hockey club and several other users of the arena have been lobbying for this extra ice time so that

local people will not have to travel so far to rent ice during the summer months.

A prime time rate of \$70 per hour and a non-prime time rate of \$45 per hour has been set to cover costs.

Any further information about this new program or for booking ice time may be obtained by calling the Manager, Jerry Chapman at 473-4206 or 473-2502.

First annual Madoc Dance School spring recital

by Janice Pinke

Last September the Madoc Dance School opened its doors to students wanting to learn jazz, tap and ballet.

Now that the dance school is nearing the completion of its first year the students will perform various dance routines at a 'Spring Recital' slated for this Friday evening (Apr. 27) at CHSS.

Linda Grey, the lady responsible for getting the dance classes started here in Madoc,

is working with the dance teachers and helping to promote the recital. Linda says that the students "have been working on the dances for a while".

The single performance will begin at 7 p.m. and cost \$3 for adults, \$2 for seniors and \$1.50 for students and children. There will also be two door prizes for you to win.

The performance will take place in the gym just inside the main doors (off Elgin Street) of CHSS.

We'll have blue boxes in our homes by August

by Richard Gleeson

The highly effective Blue Box recycling program will be in place in early August for municipalities participating in the Centre and South Hastings recycling program. The announcement was made by program organizer, Robert Argue at the April 19 meeting of the Centre and South Hastings Waste Management Steering Committee.

"The necessary agreements have been signed for the purchase of the property," said Committee Vice-Chairman Tom Deline, referring to the two-acre site near the old Dominion Bridge and

Steel building in Trenton. The nucleus of the recycling initiative, a central processing depot, will be built on the site.

"The building contractor (Mirtren Contracting Ltd. of Trenton) indicated the building will be ready for certification by July 15," said Mr. Argue. The total cost of bringing the plant into operating order, including installation of utilities, zoning changes, construction of the building, sidewalks, landscaping and \$100,000 for the purchase of the property, is \$788,000.

H.G.M. Management, the company contracted to run the program, has guaranteed that

the product they produce will be marketable, according to Mr. Argue. "If, for example, a load of glass is rejected because of contamination, we still get paid for it."

For residents of participating municipalities the program will make recycling almost as easy as putting the garbage out.

"People will have a Blue Box delivered to their house. It will include a flyer and a hang up sheet to say when to put the box out, what to put in it, what not to put in it, etc. and,

basically, a week after getting it, they will start putting it out with their garbage."

"The drivers of (of the recycling trucks) will empty the boxes into the proper compartments of the truck. Anything that's in there that doesn't belong will stay in the box, and the driver will leave a note thanking them for participating in the program, but telling why the particular item could not be accepted."

Money received from municipalities wishing to join the program will be credited back

to the 15 municipalities already in it according to their capital input.

Mr. Argue also updated those gathered on the state of the composting initiative. "Because of a supply problem, we're not going to have as many of each kind as we wanted, and at this stage we're offering them only to those who pre-ordered." Municipalities have ordered approximately 5,000 composters, with an additional 500 invoiced to the Quinte Environmental Resources Association.

Pathfinders rekindled

by Janice Pinke

Pathfinders is an extension of the Girl Guides of Canada program and has been absent here in Madoc due to the lack of a leadership role. The last time Pathfinders was organized in Madoc was over two years ago but that was cancelled when the leader moved to Nova Scotia.

This Tuesday, April 24th, the Pathfinders are holding a registration at the Madoc Public School beginning at 6:45 p.m. The reason being that Sue Christiansen of Madoc will be taking over as the Pathfinders leader.

Sue says that because the

season is so close to finishing for the girl guides, registration will be free for those signing up for the remaining two months.

The regular season for the Girl Guides of Canada begins in September and ends in June. Sue says "we have girls who have got their all around cord and who should be moving up to Pathfinders".

The girls will enjoy camping, cooking and in general lots of "fun, fun, fun".

If you missed the registration this Tuesday call Sue Christiansen at 473-5191. Pathfinders is for girls ages 12 to 15 years.

The Madoc Fire Department's Ladies Auxiliary celebrated their first anniversary this past March. The ladies help our volunteer firefighters out with their fundraising efforts and also do work of their own. They recently financed and installed the

vertical blinds at the fire hall and will be helping out with the fireman's yard sale at the fire hall May 5th and with the Mother's Day breakfast May 13th at the fire hall. The ladies auxiliary also takes care of the benevolent fund which assists families who lose their home to

fire. Pictured from left is Wendy Bingham (benevolent fund), Liz Todd (Secretary), Holly Wickett, Deanna Snider (President), Edie Guimond, Starr Carswell, Lynn Carswell (welfare and convener), Sue Ingham (Treasurer) and Bev Derry (Vice-President).

Steering committee to publish information package/survey

by Richard Gleeson

A draft of an informational package and survey "which ties together the history of the (Waste Management) Master Plan and its different components" was tabled at the meeting.

The objective of the flyer, according to Steering Committee Vice-Chairman Tom Deline, is "to get public input on the priorities of waste management."

Master Plan Recycling and Public Participation Coordinator Robert Argue said the publication will serve two purposes: to provide citizens involved in the Master Plan with information, and give them an opportunity to participate in the process through a survey which will be included.

The package, which will be delivered through the mail to residents of participating municipalities, will come in the form of a four-page newsprint tabloid including a survey portion to be filled out and returned. Production and distribution costs are expected to total \$5,000. Approximately 38,000 copies will be sent out, said Mr. Argue, who added that the survey portion is not intended to be scientific, but "really more of a pulse-taking."

The flyer is provide answers to questions such as "What is an engineered landfill?" and "Why didn't the last criteria work?" and is expected to be ready by early May.

Steering Committee Chairman Eldon Weiss said it is expected that 2% of the surveys will be filled out and

returned; "that's a good response," for such a polling method.

Marilyn Jackson, Chairman of the Public Advisory Committee, expressed thanks to "members of the public who took a lot of time out of their days and nights working on this."

Betty McCarrell, one of four members of the public attending the meeting, raised objections to the flyer. "When we came to the (Public Advisory Committee) meeting," this was presented to us done."

"We gave you opportunity for discussions," commented Bob Burdett, a waste management consultant to the Steering Committee.

"Parts of what the flyer has to say about Energy from Waste and landfills are, as Dr. Barton says, part arguments and half truths," said Mrs. McCarrell, referring to a document written by a Dr. Thomas Gordon Barton of Kingston, a consultant to Montanay Incorporated.

After noting several half arguments presented in the argument, Mr. Burdett said Dr. Barton is "certainly presenting a nice case for the company he works for."

In answer to accusations of being biased in favour of landfilling over incineration, Mr. Burdett noted that the company he works for, Proctor and Redfern, is retained by organizations incorporating incineration into their waste management plans as well as those who rely on landfills, and

that he has "no vested interest in landfill over incineration."

Mrs. McCarrell, along with her husband and Community Press owner/editor Alan Coxwell have repeatedly called for the Steering Committee to abandon the landfilling component of the Master Plan and replace it with incineration, (a process which would itself require a landfill to store the toxic ash bi-product of burning).

Non-profit housing study continues

by Janice Pinke

Another public meeting into non-profit housing in Centre Hastings was hosted by the Centre Hastings Non-Profit Housing Committee last Wednesday night at Madoc's Health Unit.

The poor turn-out at the meeting was basically summed up by Ruth James a member of the abovementioned committee. She says that most of the people who would benefit from such a housing project have already voiced their concerns through a survey already distributed to approximately 140 people.

Kathy Tebworth, a family benefits worker who attended the meeting last Wednesday night on her own accord and not in her professional capacity says that "it is alarming that the people who could effect a change aren't here".

Kathy says that most of her clients could use this kind of

housing project.

Bob Kitcher of Kitcher/McEwen Consultants says that at this stage of the process it would appear that Madoc, Marmora and Tweed are all communities that are proving there is a need for non-profit housing. He says that there has been "no demonstrated need from Stirling".

Bob Kitcher says that the Centre Hastings Non-Profit Housing Committee should know by August or September whether they will get an allocation from the Ministry of Housing or not. If all goes well and there is no zoning problems, the development of non-profit housing units in these three communities should finish by the fall of 1991. If zoning problems arise it could hold up construction for at least one year.

It all hangs on the allocations received from the Ministry of Housing (if any) says Bob Kitcher.

COUNTY OF HASTINGS FINANCIAL STATEMENT FOR THE YEAR 1989

AUDITORS' REPORT

TO THE SUPPORTERS OF
THE HASTINGS COUNTY BOARD OF EDUCATION

We have examined the Consolidated Balance Sheet of The Hastings County Board of Education as at December 31, 1989 and the Revenue Fund and the Capital Fund Statements of Operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Board as at December 31, 1989 and the results of its operations and the changes in its financial position for the year then ended in accordance with accounting principles disclosed in Note 1 to the financial statements applied on a basis consistent with that of the preceding year.

CONTINUOUS - Note 11

SIGNED ON BEHALF OF THE BOARD

B.D. Summers (Signed)

Chief Executive Officer

D.B. Maracle (Signed)

Chairman of the Board

The accompanying notes form an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1989

1. ACCOUNTING PRINCIPLES AND POLICIES

The financial statements have been prepared by the Board using accounting principles that are prescribed by the Ministry of Education and are considered appropriate for Ontario School Boards. These principles are in accordance with generally accepted accounting principles except as follows:

- Accrual Accounting
Revenue and expenditure are accounted for on the accrual method except for:
 - No provision is made for interest on unamortized debenture debt from the date of payment to the end of the fiscal year. Expenditure is reported in the period in which goods were received, or the services rendered. Goods received during the period are charged directly to the appropriate expense accounts and no inventories of goods and supplies remaining on hand at the end of the period are reflected.
 - No provision is made to record the liability for retirement and/or sick leave benefits accruing over the working lives of employees, except as described in Note 9(b).
 - Retirement gratuities are expensed in the year in which the employee retires.
 - Early retirement incentive plan payments are expensed in the year of retirement to the extent that the incentive is due and payable.
- Fixed Assets
Fixed assets are charged to current expenditure unless financed by long-term debt. Principal and interest charges on net long-term liabilities are included as expenditures in the period due. Fixed assets to be recovered in future years are included on the balance sheet only to the extent of the balance of the related net long-term liabilities outstanding and of the related temporary financing at the end of the fiscal year.
- Net Long-Term Liabilities
Debentures are recorded as unamortized debenture debt in the year of sale. The principal payments due within one year on the long-term debentures have not been reflected as a current liability.

1. ACCOUNTING PRINCIPLES AND POLICIES - (Cont'd)

(d) Reserves and Reserve Funds

Reserves and Reserve Funds represent funds appropriated for general and specific purposes and are charged or credited to revenue fund operations in the year appropriated or drawn down. The amounts in Reserves and Reserve Funds are operated by the Board and are within the limits defined in the Education Act.

CAPITAL FUND STATEMENT OF OPERATIONS

FOR THE YEAR ENDED DECEMBER 31, 1989

1989 \$	1988 \$
SOURCE OF CAPITAL FINANCING	
Capital expenditure from the Revenue Fund	2,740,637
	2,807,842
APPLICATION OF CAPITAL EXPENDITURE	
Fixed Assets	1,229,384
Buildings	1,229,384
Furniture and equipment	1,015,431
School sites and improvements thereto	317,889
Pupil transportation vehicles	44,132
	2,607,842
NET INCREASE (DECREASE) IN CAPITAL FUNDS	
UNRECOVERED FUNDS ON (ADVANCE) NOT RECOVERED FINANCING	
Balance at beginning of the year	
Balance at end of the year	

(a) Under/Over Requisition of Taxes

The difference between the net expenditures of any year and the amounts received to finance these expenditures is carried forward to the subsequent year to either increase or reduce the net revenue requirement from ratepayers.

(f) Consolidated Balance Sheet

The Consolidated Balance Sheet reflects the combined assets and liabilities of the Revenue Fund, Capital Fund, and the Reserves and Reserve Funds. The Balance Sheet combines the figures of the elementary and secondary schools. Trust funds amounting to \$267,208 (1988 - \$152,198) administered by the Board are not consolidated.

(g) Expenditure - Trainable Retarded

All data with respect to the operations of schools for the trainable retarded are incorporated in the financial statements for elementary schools.

2. PENSION PLAN COSTS

All non-teaching employees of the school board are eligible to be members of the Ontario Municipal Employees Retirement System which is a multi-employer final average pay contributory plan. Employer contributions made to the plan during the year by the Board amounted to \$530,516 (1988 - \$480,088). These amounts have been included in employee benefits expense in the Schedule of Expenditure.

The financial statements of the Board do not reflect any of the employer's contributions to the Teachers' Superannuation Fund. The funding for such is provided directly by the Provincial Government.

The accompanying notes form an integral part of these financial statements.

Terry Stephens

Peterborough County's Educator of the Year

It might have come as a complete surprise to Terry Stephens, but to staff members and colleagues at Norwood District High School there is no doubt at all that he should be honoured as the Peterborough County Board of Education's "Educator of the Year."

"I feel quite humbled," Terry, in his 30th year at the school, said Friday afternoon after learning that his P/B/E peers had made him the first NDHS staff-member to earn the award.

"It is kind of embarrassing because there are so many

teachers and administrators who deserve the award as much as I do," he added, suggesting strongly that there were more than a few other deserving candidates at NDHS itself.

Soon after it was learned that Terry was this year's winner a computer-generated banner was hung across one of the trophy cases in the NDHS foyer. That same day - and quite coincidentally - students in Joanne Rough's senior English class honed their public speaking "roasting" skills at Terry's expense.

Now sharing administrative head duties with Jim Turner and still teaching and leading the science department, Terry is one of the lucky ones who found his vocation - teaching - and because of it has earned the respect and admiration of colleagues and NDHS graduates.

"Highly regarded and endeared"

In nominating Terry for the award, Janie Kelly, head of special education at NDHS.

Cont'd to page 16A

We both inherit and borrow the earth!

Trees for Mother Earth: Sarah Love and Jared Robins of Hastings plant a cedar sapling near the banks of the Trent River on the eve of Earth Day. The two young environmentalists were joined by 23 other youngsters and adults from the Roseneath, Hastings and Norwood areas to plant 3,000 trees. It is small efforts like these that provide lessons for the adults of the world who simply can't believe that the earth's atmosphere is in dire shape or that abandoned mines are not accommodating to garbage -- no matter where it comes from. These kids know that Greenhouse Gases exist and that temperatures will rise. Research is fine, but action is best!

World famous band makes rare local appearance

By Bill Freeman

Cobourg - Flush from the success of a concert by acclaimed singer-songwriter, Jane Siberry, the management of Cobourg's Victoria Hall Concert Hall (in conjunction with radio station CHUC) has decided to give area music fans another treat - a May 3 performance by The Grapes of Wrath, one of Canada's hottest bands.

The Vancouver-based band is soaring on the wings of its newest recording, "Now and Again," which has received accolades from critics around the world. Their appearance at Cobourg's intimate Concert Hall is a stroke of tremendous good-fortune.

(The band is just beginning a 124-date tour that will encompass nine countries. Along the way, they will share the stage with everyone from Canadian rocker, Tom Cochrane, to England's Billy Bragg).

foundations that underscore the best of the folk bands.

"Now and Again," the band's third album, even includes songs without drummer Chris Hooper.

And the guitar range on the new album is significant.

"We've always been called folk/rock," guitarist Kevin Kane explains. "Now, instead of the two terms being put together or hyphenated, it's more like they're pushed apart."

"The first song on the album could have been on a Nick Drake album," he said.

"It's really gloomy and all stark with cellos, and then, as it progresses, the album become more raging."

The first two albums, the band admits, dealt with the more personal aspects of family, small town life and parental relationships.

"Now and Again" deals with "more universal feelings."

"It's really hard to express his feelings in songwriting," Kevin says.

"You can take apart a bad feeling because you can really stew about it," he said. "It has more impact; it can be dissected."

"When you're happy you don't sit around pondering 'Why am I happy? Why do I feel so good?' you just enjoy it."

A lot of people are so afraid of being intense emotionally," Kevin adds.

"Their idea of being intense is to have heavy guitars. They just crank up the Marshall."

"But there's nothing heavy about the song's content."

Now and Again

It is fitting that "Now and Again" was recorded in Woodstock, New York, because the band plays a band of elemental folk-rock music that owes a great deal to the likes of The Byrds and Buffalo Springfield - quintessential '60s folk artists.

The difference, is, of course, that The Grapes of Wrath is a band of the '80's and '90's and have taken some of their lessons from the unsentimental Vancouver garage bandpunk scene.

This is nicely interlarded with an excellent understanding of the acoustical and vocal

Cont'd to page 16A

The Canadian National Institute for the Blind (CNIB), Ontario Division, enters 1990 with pride in the 19 year history of our unique and innovative Ontario Medical Mobile Eye Care Unit.

According to Frances Sawdon, coordinator of CNIB's unit, "thousands of men, women and children in the north do not have access to eye care because towns are in remote locations and are too small to support a permanent eye clinic. In the past eight years more than 40,000 people have been examined, over 60 per cent of whom required some form of medical treatment."

History of the Ontario medical mobile eye care unit

The goal of establishing a travelling eye clinic, complete with waiting room and doctors office, to support those parts of Northern Ontario not already served by an eye physician and surgeon was developed by Dr. W.S. Hunter, Chairman of the Section of Ophthalmology of the Ontario Medical Association and Mr. Ross Purse, Director of the Ontario Division of CNIB, in the winter of 1971-72.

The first mobile eye care unit was a Winnebago van purchased and outfitted by the Physicians of Ontario through

More Abled Than Disabled

by Barbara Bruce-Peatow

The Ontario medical mobile eye care unit

a grant from the Physicians Service Inc. (PSI) Foundation in 1971. The cost, including equipment, operating costs, and staff salaries was \$75,000.

The second eye care unit, a five ton truck with a custom-designed body, also purchased and outfitted through a PSI Foundation grant, started work in 1982. The Ontario Ministry of Health agreed to provide ongoing funding for a portion of the operating costs.

Last year, after ten years of loyal service to northern Ontario communities and many thousand kilometers over rough terrain, the second eye care unit was retired. Today, with the acquisition of a new eye care unit, more sophisticated treatment can be offered with state-of-the-art equipment on board. The Ministry of Northern

Development and Mines has made a special grant of \$100,000 towards the purchase of the new eye care unit. The Physicians Services Incorporated Foundation has also generously donated \$83,000.

Ophthalmologists in Ontario have donated over \$20,000, and many cooperations and individuals have contributed generously.

Some of the major corporate donors are:

Allergan Ltd.
Molson's Companies
Donation Fund
Shell Canada Products Limited
Manitoulin Transport Inc.
Falconbridge Limited
Placer Dome
Crothers Limited
Laurentian Group Ontario
Donations Committee
INCO Limited
Freightliner of Canada Limited

Local service organizations support the eye care unit by organizing accommodation, electrical services and other on-site needs. They include The Lions Club, Rotary Club, Loyal Order of Moose Lodge, The Royal Canadian Legion, and other volunteer organizations.

The new eye care unit is a 45 foot trailer pulled by a one-and-a-half-ton truck. Designed in consultation with doctors and CNIB staff, it has a reception and waiting area, a preliminary vision screening room, and a doctor's examination room. Special features include a Yag laser and a computerized visual field machine. In addition, it is accessible to those in a wheelchair. With periodic equipment updates, the unit is expected to last 20 years.

Contact: Frances Sawdon, Coordinator, CNIB Ontario Medical Eye Care Unit (705) 675-2468 or Ann Cameron Orr, Director Public Affairs and Communications CNIB (416) 480-7453

Calling all Baby Saints

St. Joseph's General Hospital in Peterborough is looking for Baby Saints.

As part of its 100th birthday celebrations this year, St. Joseph's will issue a commemorative centennial birthday certificate to anyone born at the hospital since its founding by the Sisters of St. Joseph in 1890.

Records show that the first births occurred in 1909; the last were in 1974 when the obstetrics department closed as a result of the rationalization of health services in Peterborough.

Organizers are hoping the Baby Saints program will help the hospital locate the oldest living person born at St. Joseph's. He or she will be invited to the hospital's birthday party in August, where a special presentation will be made.

People born at the hospital can get their certificates by writing to the: Co-ordinator, Centennial Program, St. Joseph's General Hospital, 384 Rogers Street,

Peterborough, Ontario, K9J 7C6 giving their name and birthdate.

Reminder to all More Abled Than Disabled Club members: Don't forget our meeting, Mon., April 30th, 7:30 at the Community Care Centre, 44 Front St. N., Campbellford. Please come.

Meat and Tomato Dumplings

1 (28 oz.) can tomatoes
2 lbs. finely chopped onion
1 tsp. salt
1/4 tsp. pepper
1/4 tsp. chili powder
1 tbs. butter
2 tbs. flour mixed with cold water
Combine tomatoes, onion, seasonings, butter and bring to a boil. Stir in flour paste and cook until mixture is slightly thickened.

Dumplings

1 cup flour
2 tsp. baking powder
1 cup chopped cooked meat
pinch of salt
1/2 cup milk or water
Sift together flour, baking powder and salt. Add meat and stir in milk quickly. Drop by spoonfuls in hot tomatoes and cook covered until dumplings are cooked - about 15 minutes.

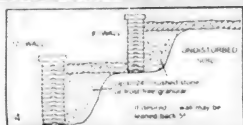

Chow! See you next week.

The Rural Scene

by
Ken Yarrow

The carrot and stick approach it seems has been stigated in regards to the proposed garbage dumping in armora pit.

Armbro is holding out the carrots while Metro Toronto is holding the stick. Armbro is filling us all the revenue that will be created for the area by allowing the pit to be filled. Below three million dollars a year to the host municipality in taxes, they hope that will get the municipality on side. Increased jobs, approx. 100, tell that is the carrot for the working man. Extensive construction, increased business in the commercial center. Tell guys you missed the senior citizens, perhaps leach-enriched water? For the kids, a recreation area after the big bucks are salted away in Armbro's coffers in Toronto, almost forgot the kids other

gift, living with the aftermath of the filling. This gift will be with them many years after a lot of us are gone.

Metro Toronto's Gary Herrema, Chairman of the Greater Toronto Waste Authority says first that they will put it in the (this statement in conjunction with Marmora is beyond my comprehension), most Environmentally safe site. Now as I try my darrest to understand, I cannot help but wonder if this means the safest location in a broad term or does it mean simply of the sites away from Toronto.

Far be it for me to question the gentleman's integrity but if they are sincerely looking for the most environmentally safe site then I feel I and many others could save them a lot of trouble and expense.

This brings me to another statement of his that ties the two together, he is determined

to prevent prime agriculture land from being used for land-fill sites.

I am at a total loss momentarily for printable words, but I will try to keep it clean. I have recently read an article stating that approximately 800 hectares (approx. 3 sq. mi.) of farm land had been taken out of farming in the Bramalea area and put to more lucrative use, housing developments. Further to this the clay depth north of Toronto far exceeds that of any I am aware of in Hastings County, nooooo with tongue in cheek, all I have heard for years is that clay land is the safest environmental substance for garbage containment.

I must be mistaken if the thought comes into my mind that the concern for prime agriculture land is one of expediency, or that if they were to allow a landfill site in that area that the developers would be screaming and raving at the devaluing of their developments.

Still Mr. Herrema says that it shall come to pass regardless of local opposition. Again a question, does he know something that we don't speak with such confidence?

My personal opinion is that Toronto politicians and developers have a bad case of NIMBY.

A couple of critical things should be noted here, the surface site proposed is adjacent to Lilly creek that flows approximately one and a half miles before connecting with the Moira river, the mine site is approximately one half mile from Crowe river which connects downstream with the Trent river. Combined with the terrific down pressure of 600 ft. of garbage and the unknown courses of underground water flow the results could be disastrous over a very large geographical area.

The absolute irony is that you can rest assured that when something goes wrong the perpetrators will make some sort of minimal restitution and say we are sorry but we made a mistake. We who have

concerns are prepared to withstand the ridicule of these concerns and to ignore the carrots and that is what we feel all citizens of the area between here and Bay of Quinte should do.

Ladies and gentlemen, if you have concerns about your families health, potable drinking water, the environment, property values, etc. I urge you to attend the public meeting at the Knights of Columbus Hall, Trenton on Thursday May 3rd. We have arranged to get knowledgeable, to the point speakers and will also have a question and answer period. The meeting will deal with two major subjects: Marmora site and the integrated Waste Management Center Proposal for Hastings, Northumberland and Prince Edward Counties.

This meeting has been arranged by the County Federations of Agriculture of Hastings, Northumberland and Prince Edward, also in co-operation with Marmora and Campbellford T.N.T. committees.

CENTURION HIGHLIGHTS by Shannon Smith

Many people who don't know much about the sport of Rugby have the impression it means a bunch of guys on a muddy football field beating up on each other.

According to Blair Mitchell (one of the coaches this year) this is not true. It is not as rough and uncontrolled as most people think. There are definite restrictions and it takes a lot of organized play to score.

There are four ways to score in Rugby. There is a tri - worth 4 points, which means passing the ball through the end zone and touching it on the ground (if the ball does not touch the ground it is still in play and no points are awarded) a convert - worth 2 points scored after a tri, a penalty kick - worth 3 points kicked from where the penalty was committed and a drop kick - worth 3 points which can be kicked anywhere and anytime.

The game is played on a football field with two 40 minute halves. Unlike football the ball cannot be carried but rather travelled across the field. There is no equipment used in this game except a mouth guard. There are 15 players from each team on the field at once and any one of those players can play the ball.

This year the Centurion team is made up of 26 players. Coaches Blair Mitchell and Rob Cooke are pleased to have 4th year players Ed McKinney and John Mahaffey, 3rd year players Jason Fox, Jim Bontar and Greg Flemming as well as many 2nd year players as part of their team. They hope to beat last years record of 4 and 3 and believe having an experienced team is a great advantage to a successful season.

Out of the 8 teams in the league Trenton is the team to beat. They are the defending COSSA Champions of 3 years.

On April 19th and 20th Shelia McQuarrie, a Trent University rep, was at Centre Hastings to interview students that have applied to Trent this year.

The interviews took about 15 minutes each and the students were asked questions about involvement in school activities, why they want to attend Trent, what their future goals are, if there are any reasons that would have affected their marks and if so, Miss McQuarrie offered suggestions to the students to help them bring their marks up. She also offered information about available scholarships and answered any questions they might have had about the University.

These interviews can be very beneficial to the students whose marks may be borderline.

The fourth annual Spring Concert, featuring our own school band, will be held on April 26th at 7:30 p.m. in the gym at CHSS. There will be no admission fee.

Royal Bank introduces new mortgage option

that can help home sales in sluggish market

Burlington - Responding to the sluggish real estate market in Ontario, the Royal Bank of Canada has introduced a new mortgage program designed to help people selling their homes to attract buyers.

Under the Bank's new Mortgage Rate Buydown Program, sellers can opt to "buy down" the interest rate on their Royal Bank mortgage, the idea being that a house will sell faster with a lower interest rate.

"This program basically allows residential mortgage holders to do what commercial builders have been doing for years," says Mike Baptista, the Royal's Senior Vice President and General Manager for Ontario. "Now sellers can buy down the interest rate on their present mortgage to speed up the sale of their home."

For example, a couple with a current mortgage rate of 13 per cent may wish to buy down, or lower, that rate by 1.75 percentage points to make their home more marketable.

On a mortgage of \$100,000, amortized over 20 years, it would cost this couple \$1,533 to buy their current rate down to

to 11.25 per cent for a one year term. At 11.25 per cent, however, the lower interest rate will make their house more appealing to buyers than other houses on the same street.

Customers can buy down the interest rate on their Royal Bank mortgage by as much as three percentage points below the current rate, for a term of up to five years.

"During the pilot program, the most attractive period seemed to be the one year term, with 10 to 20 per cent of our clients opting for the two and three year terms," says Mr. Baptista.

The Interest Rate Buydown program is open to anyone selling a home who currently holds a Royal Bank mortgage, or who wishes to switch an existing mortgage to the Royal. Buyers must qualify for a mortgage at the current rate to be eligible for the program.

"By taking advantage of this program, the seller adds an attractive selling feature to the home; the buyer benefits from a reduced mortgage; and the realtor, if there is one, is able to sell the property more quickly," explains Mr. Baptista.

Royal Lepage Real Estate opened a new office in Campbellford. Here at the ribbon cutting ceremony are (l-r) Jeannie Gane, sales rep.; Mark Rashotte, Manager; Frank Linton, Campbellford Mayor; Rosemary MacLennan, sales rep and Joe Kelleher sales rep.

REAL ESTATE

Road subsidies equal \$2,174,200

Hastings/Peterborough MPP Jim Pollock announced April 19 that the Ministry of Transportation has allocated an additional \$2,174,200 for roads in Hastings/Peterborough.

This money is in addition to the normal grants which are given to each municipality on an annual basis and are to be used for specific projects in the community.

Pollock said this will enable the municipalities to complete some of the projects they have on their waiting list and purchase those machines that are a priority.

Some area grants were as follows:

a) Belmont & Methuen - 6 ton truck with plow equipment, \$31,500;

b) Elzevir & Grimsthorpe - Housing, sand salt storage building, \$64,000;

c) Hungerford - Housing 2-bay

garage extension, \$137,700;

d) Madoc twp. - Rollins Bridge CPSPA pipe, \$4,000; Kellers Bridge CPSPA arch, \$3,000;

e) Madoc village - Seymour Bridge, 1989 funding turned back, \$200,000;

f) Marmora & Lake Township - Tandem Snow plow truck, \$83,300;

g) Rawdon Twp - Open pit, crush, place on roads under construction, \$70,000; grading and draingae, \$43,700;

h) Tweed village - Road reconstruction, \$6,000

i) Hastings County - Kerr's bridge replacement, \$380,000; County Rd 7, Hwy. 37 at Chisolm's Mills, \$200,000;

j) Peterborough County - County Rd. 6 (Dummer Twp), \$200,000.

Small engines business in Warkworth revs into action

By June Maureen Marshall
Neatly tucked in a hollow between two hills of beautiful countryside is the location of Roger Wells has established his sales and service business for outdoor power equipment.

Situated on a 40-acre farm one and a half miles along Concession 2 off County Road 29 Roger can be found working in the yard outside his attractive pinewood home. His faithful liver and white springer spaniel is nearby to welcome everyone. Roger is also the owner of a handsome Rottweiler he has had since it was a pup.

A man of exceptional energy and exuberance, Roger combines a zest for good service with a special empathy for his customers. He strives for same-day service. "People come to me and like to have repairs done as soon as possible so they can get back to the job," he said. "I will beat any prices and I will also pick up and deliver," he stresses. "I think of it as (country charm) and will bend over backwards for any reasonable requests," he continued. Roger has been known to work continuously day and night on repairs to ensure prompt service. He is

proud of the fact that he can get the necessary supplies and parts efficiently. "I can still obtain parts for the Pioneer which are difficult to get" he advised.

As the warm weather approaches, Roger is ready to help those in need of machines or repairs to small engines such as Yard-Man, Poulan, Lawnboy or Pioneer. "The Yard-Man is a good seller," he said, "the 3-year warranty is a big selling feature."

Roger was raised in Whitby and his hobby with motorcycles was recognized when he was eleven years of age. His knowledge and expertise with small engines led to a career. He continued to gain experience and worked in Whitby, also obtaining his Small Engines papers.

Three and one-half years ago Roger moved to Warkworth with his wife, Leah, and twelve year old son, Chad. Leah capably handles the administrative part of the business. "Keeping records is quite a job" she said. Being an outdoor person, she is obviously at home on the farm and enjoys the work and animals among which are chickens and a bull named Boo Boo. "The bull was a mistake," laughed Roger. His keen sense of humor sees him through any unexpected events that might occur during the day and need to be solved. Chad, who is in Grade 6 at Percy Centennial School "takes after his Dad," said Leah, "and is responsible for

taking care of his own motorcycle; having to change tires and look after the brackets and chains. He would like to be in the small engines business also, or perhaps be a veterinarian," she added.

Roger is delighted and also very grateful for the opportunity of having a business of his own in small engines, especially in this area. "It all happened so quickly," he said. "I used to get parts from Don Tackaberry who had a business in the Village where I would help out. When Don retired he asked me if I was interested in buying his

business. I thought about it seriously and three days later I had made the decision to buy it. Don refers his customers to me," he continued, "and I am now acquiring my own clients as well."

Roger and Leah will be having a large display at the forthcoming Warkworth Home Show in Percy Township Arena on May 11, 12, and 13 and they will be pleased to meet visitors. Meanwhile, anyone in need of details regarding service or sales could call Roger at (705) 924-2566.

Children's fishing derby!

Young fishermen, trying to think of a way to spend the opening of trout season? The Warkworth Community Service Club has the solution and the fun!

At a private pond several miles from Warkworth the club will hold its 2nd Annual Fishing Derby for children 14 years and under, on May 5th

and 6th.

Pre-registration will be held on April 28th from 10 a.m. to 1 p.m. at the Warkworth Fire Hall, Castleton Town Hall, Hastings Resource Centre, and at a trailer next to the Alnwick Civic Centre.

A registration fee of \$5.00 per day includes a catch limit of 5 trout per day, a hot dog with all the trimmings and a cup of cider. Register early as there are limited spaces available. Each registered child will meet the lead car at the Warkworth Arena and Castleton school yard at 8:15 a.m. SHARP! to go to the pond.

We encourage parents to share the thrills of trout fishing with their children and, although we cannot guarantee your child will catch a fish, there will be enough trout for at least one per child. The rainbow trout limit is 5 fish per day. Fishing will be from 8:30 a.m. to 3:00 p.m. both days.

The Service Club will have hot dogs, coffee, pop, treats, and bait available at the pond. There will be prizes and trophy

for the biggest fish caught. Every fish caught will be weighed and recorded under the supervision of our four club wardens. Consistent with that true fishing spirit, there will not be a rain date.

Don't miss this chance to enjoy a fun filled fishing derby. May 5th and 6th. Register April 28th.

OMC EVINRUDE OUTBOARDS

AUTHORIZED OMC SERVICE

OMC SERVICE

Avoid a Lost Weekend

Have your Johnson or Evinrude outboard serviced in our Authorized OMC Service Department with genuine OMC parts.

All motors require periodic servicing to ensure trouble-free performance. Have your motor checked now so you can make the most of the sunny weekends ahead.

Our factory-trained mechanic will:

Easter Sunday brought more than the goodies the Easter bunny left, a Teenage Mutant Ninja Easter Turtle also showed up. Yes, Michaelangelo was on hand at the home of Larry and Barbara Pealow to wish everyone a Happy Easter and Cowabunga Dudes!

This "turtle" who also does "Turtle-A Grams" for "Everyone Loves a Balloon", belongs to Harry and Barb Heydon of Ottawa. The Heydons were down visiting

Cowabunga dudes

relatives in Campbellford for Easter. The Heydons are originally from Campbellford and Hastings say their business in Ottawa is really 'ballooning'. They also have penguins and flamingos that they decorate lawns with for special occasions. Barb told me that they are sometimes out at the wee hours of the morning so the birds are there when the "victim" wakes up.

Barb and (especially) Harry are turtle fans and went to see the Teenage Mutant Ninja Turtle's movie and said it is worth seeing for all ages.

A special Easter was spent at the Pealow household as Michaelangelo, the leader of the Teenage Mutant Ninja Turtles showed up for the party. Here he is with the children and guests.

The Boston Marathon - the thoughts of a runner

Cont'd from page 9A

I was really looking for Garn. I finally found him or he found me and the first thing he said to me is, "You look great!" I responded I don't feel so great. We started to talk about baseball, hockey, the car business (both work for C.H. Davidson Motors) anything to keep my mind off myself. Neil had lots left and ran on ahead.

As he neared the 100 yard marker he realized that he would finish the race and it was a great relief.

He crossed the finish line. "My legs were like spaghetti. I had trouble slowing down. My

time was four hours, nine minutes and 32 seconds. I was nine minutes and 32 seconds late. I laughed to myself, who cares!"

"In retrospect I can honestly say I never got my rhythm nor did I reach my stride. I trained hard but it didn't happen the way I planned, but I have no regrets. I really do want to thank Neil, Ken and Paul for all the help they gave I couldn't have made it without them. Now it is over I can get on with my quiet life, driving the ball straight down the fairway and making those 20 foot putts look easy."

Gary's run earned about \$9,000 for the Rotary Club and its charitable work around the Campbellford area.

Still tax time for a few more days

by Robert Lundhild
The Advisory Council for Seniors held its monthly meeting in the beginning of April. Our co-ordinator Mrs.

Dorothy Peters reported a very busy time in the office with many tax forms to fill out for senior citizens and taking time to remind people that time is running out and the deadline for getting your tax return in is April 30 and it is getting close.

The council welcomed a new

member - a representative from the ministerial association - Reverend Chris Holmes from the Free Methodist Church.

Town Council Representative Fred Tredree gave a short report on the status of recycling and blue box situation in Campbellford.

Also preparations for the sale of tickets for the 20-20 lottery draw were made, aiming for an opening draw to be made around May 15. The lottery is important for us; it is the main way of raising money to pay for the running of the office.

Over
\$1,600,000
raised

COUNTY OF HASTINGS

Drugs! They destroy minds

Drugs! They destroy minds, devastate families and damage whole communities. And they're the trigger to a whole range of crimes, from rape to robbery.

But there's an organization out there helping the police crack down on drugs and other crimes: an organization you can be part of. Crime Stoppers is a non-profit organization that works with the public; the media and the police to stop crime.

If you have information about unsolved local crimes, you can call the Crime Stoppers hot line at 1-880-267-4357 with absolute anonymity and a

cash reward is paid for information leading to an arrest.

So far, Crime Stoppers in Canada has helped lead to the

seizure of \$67,000,000 worth of illegal drugs and the recovery of \$25,000,000 in stolen property.

Conservation Corner... by A.Engel

Pop! Goes the Bradley

The Ontario minister of the environment has just announced he is easing restrictions on the use of non-returnable soft drink containers. His reasoning is that the public prefers to drink soft drinks from cans and people are faithfully using their Blue Boxes.

His action represents a major step backward just at a time when conservationists were expecting the rules to be tightened up. It panders to the desire of companies to continue making profits at the cost of the environment.

It has long been the view of this writer that all food and liquor industry containers should be standardized in shapes and sizes. Remember the "stubby brown" beer bottle? It was the perfect example of how this standardization could succeed.

If Jim Bradley thinks people are using their Blue Boxes diligently, I could disabuse him of that erroneous idea by taking him on a tour of a local landfill site. And certainly some people prefer to drink pop from cans. After all, it is the concept of 'consumer convenience' which has helped get us into the problems we are having with the environment.

Let's show him and the soft drink people what we think. We can do this by refusing to buy soft drinks in cans or plastic 'one trip' bottles. Instead, buy them in the traditional, returnable glass bottles which can still be found in most grocery stores and some (ugh!) 'convenience' stores...

If that is too of a sacrifice for the family to make, at least clip out this column and send it to Jim Bradley with a note asking why he has not acted responsibly to protect the environment. His address is:

Mr. Jim Bradley
Minister of the Environment,
135 St. Clair Ave. West,
Toronto, Ontario.
M4V-1P5

Kent school pitches-in to help T.N.T.

The students of Kent Public School are once again holding their sixth annual Pitch-in campaign, where they go around the streets and parks in Campbellford and pick up and clean up the garbage left over from the winter. This year the cleanup will take place on May 12 from 8 a.m. - noon.

As in past year they go out and get sponsors both corporate and private to help with different fund raising campaigns for the school. Last year the funds went to buy some musical instruments. This year the students have decided to donate the money that they raise to the Campbellford T.N.T. group.

So any of you who are approached to sponsor the annual pitch-in clean up the streets will be going to a very worthy cause, the survival of the students and their children.

Lottery funds help people with disabilities.

Sharmila lost a leg to cancer when she was six years old. With the help of a prosthetic leg, Sharmila is able to skip and swim with her friends.

Helping people with disabilities is just one way lottery funds are used.

Lottery funds are also used to provide grants in other areas such

as sports and recreation, arts and culture, hospitals, and province-wide charities.

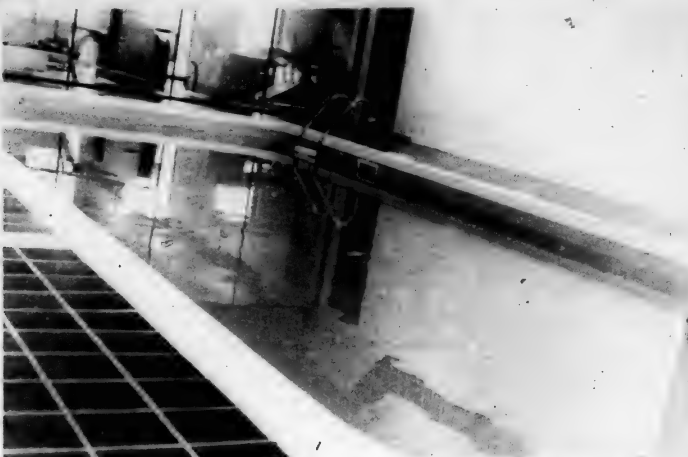

This is how Lottery funds are working for you in your area.

Boats and more boats - Doug Sellans has open his marine in Campbellford. It is called the Island 90 Marine and does servicing of Evinrude and Cobra products. Doug used to have his business near Stirling when it was known as Island Park Marine.

Campbellford Minor Softball forms an Umpires Association

by Brian Carruthers

The Campbellford Minor Softball Association has decided this year to go with C.A.S.A. carded umpires.

There are about six to eight individuals who are interested in being a part of this project. So the natural extension of this is to form their own umpires association. This has been done.

But an association really needs more than just half a dozen umpires so if anyone would like to get some information on joining the association and/or becoming a carded umpire call Clarence Nicholas at 653-4508. The carded umpire who do competitive minor softball games in Campbellford this year will be paid \$15 per game for all levels.

USED APPLIANCE SALE
 RUNNING TILL
 THANKSGIVING WEEKEND
 Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer, this way we can rebuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.
 Smitty's competition keeps one on their toes & prices in line. Smitty's stays cheater out competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for yourself.

SATURDAY, MAY 5

USED APPLIANCE SALE
 RUNNING TILL
 THANKSGIVING WEEKEND
 Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer, this way we can rebuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.
 Smitty's competition keeps one on their toes & prices in line. Smitty's stays cheater out competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for yourself.

CLASSIFIEDS

Peterborough County's Educator of the Year

Cont'd from page 1A

wrote that "his concern for the well being of his students and colleagues have made him one of the most highly regarded and endeared members of the school and in the community."

"His quiet, positive and modest nature present a role model for all who have the privilege of knowing him. His enthusiasm, dedication and sense of humour are infectious," the letter said.

"He is a teacher whom parents want their children to experience. He is a Department head by whom teachers would like to be led. He is a Department Head with whom principals and staff would like to work."

A Peterborough native and University of Guelph science graduate, Terry has spent his entire career at NDHS starting as a physical education/science teacher and now as an administrative head (and still teacher) - in a larger school the title would be vice principal. Along with the teaching, he has also coached everything from wrestling to football.

And still after 30 years he doesn't regret a minute of it.

"I'm very fortunate I enjoy teaching and enjoy working with young people," Terry said.

"If I didn't, I'd quit tomorrow."

He added that students are quick to sense when a teacher doesn't want to be there.

"I am not even close to being in a rut," he said as he reviewed the pleasures of being part of the Norwood/NDHS community since 1960.

This ability to avoid ruts is one of Terry's secrets to success.

The reasons are manifold, he explained. There are always new students, new personalities along with the curriculum changes.

You remain fresh, Terry said, by trying out new approaches and methods of teaching.

There are so many different ways to impart knowledge, he said. Just keeping up with the amount of information available in the sciences is a challenge enough.

Being able to adapt to 30 years of changes in the profession must also be another reason Terry approaches

school-life as energetically as a freshman teacher.

The approach to teaching is not as rigid today, he said. Things have to be more relaxed, more informal.

Students in 1990 are doing more things and bear greater responsibilities, Terry said.

"They have things to worry about, as well. You learn from that, too."

It is clear that Terry is not one to lament the passage of a glorious age of entirely well-behaved students.

Ninety-five per cent of today's students are good, co-operative, agreeable and friendly, he says. And he is acutely aware of the stress and pressures that youngsters now face.

"There is far more pressure on students today than when I was growing up. It is tremendous," he said. "But the majority respond tremendously well."

"It's an enormously changing world out there," he said. "It is tough and not easy to adapt. Students require completely different skills today."

He also mentioned the "quantity of material" students are now expected to learn and classroom changes brought about by computers.

Student opportunities

As a teacher, he said, you have to take that (teenage stress and pressure) into account. But these, he adds, are balanced out by the "kinds of opportunities" available to students.

More graduates are going on to community college and university. And these grads are just as proficient today as they were a few years ago, he stresses.

One of the biggest satisfactions Terry receives is "seeing students progress - either in academics or athletics." Those students who "turnaround" and "mature" through hard work, co-operation and determination and become "good, solid citizens."

While the "knowledge part" is an important legacy of school years, Terry believes that sparking an "interest in doing things" is equally

important.

We must give them the skills to do things in terms of solving problems in life, becoming good citizens and co-operating with other people, he said.

If they leave NDHS willing to become good citizens responsible for their own actions; and if they demonstrate a respect for people of all races, cultures and ages, then Terry is happy in the job he and his colleagues

have done.

Looking into the future, he sees more use of schools by adults and more of an "interlocking" relationship between the community and the school.

"It is important that the school give something back to the community."

Involvement in blood donor clinics and services for seniors are examples.

A family man and avid

sportsman (and Petes fan) with interests in gardening, carpentry, "fixing up things" and a "stamp collection I haven't touched for years," Terry still shakes his head thinking about the award.

But he is sure of the teacher's role in school and in a student's life.

Terry Stephens deserves the Educator of the Year award. And NDHS deserves Terry Stephens.

World famous band

Cont'd from page 1A

Joining Kevin and Chris to form The Grapes of Wrath are bass guitarist Tom Hooper and keyboard player, Vincent Jones, the newest member of the band. They have known each other for more than ten

and guitarist "Sneaky" Pete Kleinow of Little Feat and Linda Ronstadt. "Now and Again" is the record The Grapes of Wrath have "always talked about doing."

"Now and Again" is "one of those pleasant surprises that remind you that maybe the world isn't such a bad place after all," it says.

"The Grapes of Wrath have managed to rediscover the

years and Kevin, Chris and Tom started their first band - a punk outfit - called Kill Pigs in their hometown of Kelowna, B.C.

After a number of different musical adventures, they came back together in 1983 as a one-night-only cover band called Honda Civic. It worked so well that the trio began holding garage sales and tending stalls at flea markets to raise money for recording sessions.

Following their EP recording they released "September Bowl of Green" which earned world-wide release in 1986 after Vancouver-based Nettwerk Productions signed a deal with Capitol Records.

There next album, "Treehouse," was equally successful.

With outside help from producer Anton Frier of the Golden Palominos; pianist, Chuck Leavell of the Allman Brothers and Rolling Stones

"Even though this record's really layered, it remains true to the concept of a band playing together," Chris says.

"This is an album that you should put on your turntable, put on your headphones and really get into."

And Leavell, with more than impressive credits behind him, does a good job of summing up why he was so enthusiastic about the band and the recording sessions.

"To tell you the truth," he told The Georgia Straight newspaper, "I was really knocked out by the group because they had this new music vibe to them."

"I don't get a chance to play with people like that very often, so I was very honoured and pleased to play on that record."

"They're an excellent band," he added.

Britain's Record Mirror agrees.

spirit of the Sixties without ever wallowing in idle introspection."

Check them out in Cobourg. Showtime is 8 pm.

The Box Office number is (416)372-2210.

MEMORIAMs

HORNBY, VERA - In loving memory of a dear mother and grandmother, who passed away April 30, 1981. Gone from us but leaving memories.

Death can never take away. Memories that will always linger.

While upon this earth we stay. Sadly missed, lovingly remembered by daughter Pat, Elwood, Heather, Lisa and Ernie Hamilton.

HORNBY, VERA - In loving memory of a dear wife, who passed away April 30, 1981. Memories are treasures no one can steal.

Death is a heartache no one can heal. Some may forget now that you are gone.

But I will remember no matter how long. Never selfish, ever kind. These are memories you left behind.

Sadly missed, lovingly remembered by husband Sam.

Balance - End of year	<u>267,208</u>	<u>252,198</u>

The above is represented as follows:

	1989	1988
	\$	\$
Cash	213,737	195,489
Investments - at cost	75,037	64,097
	<u>288,774</u>	<u>259,586</u>
Due to revenue fund	21,566	7,388
	<u>267,208</u>	<u>252,198</u>

Market value of the investments has not been calculated.

6. NET LONG-TERM LIABILITY REPAYMENTS

Of the unmatured debenture debt outstanding of \$1,046,516, principal amounting to \$845,627 plus interest amounting to \$247,841 is payable over the next five years as follows:

	Principal	Interest	Total
	\$	\$	\$
1990	246,735	81,029	327,764
1991	267,793	60,993	328,786
1992	124,908	45,223	170,131
1993	103,713	34,874	138,587
1994	102,478	25,722	128,200
	<u>845,627</u>	<u>247,841</u>	<u>1,093,468</u>

7. RESERVE FOR WORKING FUNDS

	1989	1988
	\$	\$
Balance - Beginning of year	2,688,904	2,006,904
Transfer from (to) Revenue Fund		
Elementary, Net	(118,000)	100,000
Secondary, Net	(60,000)	582,000
Balance - End of year	<u>2,510,904</u>	<u>2,688,904</u>
Analyzed as follows:		
Elementary	629,468	747,468
Secondary	1,881,436	1,941,436
	<u>2,510,904</u>	<u>2,688,904</u>

The Board has approved a by-law limiting an annual reduction of this reserve to 15% of the accumulated elementary or secondary balance.

8. RESERVE FUNDS

(a) Future Capital Expenditures

Reserve funds have been set aside for elementary and secondary school capital projects and site purchases. The Ministry imposes certain restrictions upon the ultimate use of the funds referred to as "Ministry Equity Capital Reserve Funds". Other funds are available to be used at the Board's discretion.

	1989	1988
	\$	\$
Balance - Beginning of year	613,431	1,048,756
Additions: Interest earned	62,285	27,675
Transfer from Revenue Fund		
Elementary - unrestricted	-	121,000
Secondary - unrestricted	-	150,000
	<u>675,716</u>	<u>1,347,431</u>
Transfer to Revenue Fund	584,000	734,000
Balance - End of year	<u>89,716</u>	<u>613,431</u>
Analyzed as follows:		
Restricted		
Ministry Equity Capital Reserve Fund	31,920	28,746
Unrestricted		
Board Equity Capital Reserve Fund	7,776	7,018
Capital reserve fund - elementary	13,208	120,000
Capital reserve fund - secondary	76,812	457,667
	<u>89,716</u>	<u>613,431</u>

9. (b) Contingencies

Contingency reserve funds have been set aside as follows:

	Elementary	Secondary	Total
	\$	\$	\$
Balance - Beginning of year	115,411	107,111	217,822
Interest Earned	12,437	11,197	23,634
Balance - End of year	<u>128,248</u>	<u>118,408</u>	<u>246,656</u>

9. (a) EMPLOYEES SICK LEAVE CREDIT PLANS - RETIREMENT GRATUITIES

Under the Employees Sick Leave Credit Plan presently in existence an academic employee, or an employee who is in a designated capacity of employment under the Teachers' Superannuation Act, having not less than five consecutive years of full-time service with the Hastings County Board of Education and who ceases to be employed by the Board because of age or who, for reasons of ill health acceptable to the Board and who, upon retirement, is entitled to a pension under the Teachers' Superannuation Act shall be eligible to receive a retirement gratuity equal to one-half of the number of cumulative sick leave days accumulated with the Board to a maximum of 300 days multiplied by the employee's salary at the time of retirement and prorated as to the number of consecutive years of full-time service with the Board to a maximum of 20 years. This basis and formula is also applicable to non-teaching employees of the Board except that the maximum accumulated days is 240.

When an employee has accumulated 20 years of service, the retirement gratuity will be fifty percent of their annual salary notwithstanding the number of sick leave days outstanding at the time of their retirement.

The Education Act, Section 158(1), limits the amount of gratuity to a maximum of one-half year's earnings at the rate received by the employee immediately prior to termination of employment.

The cost of these accumulated days as at December 31, 1989, to the extent that they would be payable to employees eligible to receive their pension, is \$1,884,706 (1988 - \$1,787,870), allocated as \$857,354 (1988 - \$757,603) for elementary and \$1,027,352 (1988 - \$1,015,276) for secondary school purposes. Provision has been made on account of the Retirement Gratuities in these financial statements in the aggregate amount of \$530,454 (1988 - \$478,856) as set out in Note 9(b).

In addition to the above contingent liability, employees have accumulated days as at December 31, 1989, to which they are not yet entitled as a retirement benefit.

9. (a) EMPLOYEES SICK LEAVE CREDIT PLANS - RETIREMENT GRATUITIES - (Cont'd)

The total estimated cost of all accumulated days as at December 31, 1989, to the extent that they may be used to determine the retirement gratuity to an employee on retirement, amounts to approximately \$19,000,890 (1988 - \$18,247,782) allocated as \$9,735,731 (1988 - \$9,172,158) for elementary and \$9,267,159 (1988 - \$9,075,124) for secondary at the end of the year.

Payments to retiring employees are recorded in the year an employee retires and these payments amounted to \$975,149 in 1989 and to \$513,569 in 1988.

(b) RESERVE FUNDS - RETIREMENT GRATUITIES

The Board has allocated funds as follows to provide for a portion of future payments to retiring employees:

	Elementary	Secondary	Total
	\$	\$	\$
Balance - Beginning of Year	239,428	239,428	478,856
Additions: Interest- Earned	25,755	25,759	51,514
Balance - End of year	<u>265,227</u>	<u>265,227</u>	<u>530,454</u>

10. EARLY RETIREMENT INCENTIVE PLAN

As part of the agreements reached between the Board and its elementary and secondary teachers in February of 1980, teachers who are at least 55 years of age, are receiving the maximum salary in their category, and have been employed by the Board for at least ten years are eligible to apply for an Early Retirement Incentive Plan to retire early. The Board will pay \$5,000 per year for a maximum of four years or until age 65, whichever comes first, to each teacher approved under this plan. This plan was extended by the Board to include Senior Administration in December, 1981.

Expenditure under this plan for 1989 was \$485,000 (1988 - \$435,000) and the Board is presently contingently liable for further payments as follows:

	1989	1988
	\$	\$
1990	5,483,000	
1991	365,000	
1992	215,000	
1993	145,000	
	<u>\$1,208,000</u>	

These figures include three additional people approved for early retirement who will become eligible for this plan in June 1990.

11. CONTINGENT LIABILITIES

Note 9 - Employees Sick Leave Credit Plans - Retirement Gratuities.

Note 10 - Employees Early Retirement Incentive Plan.

Legal Matters

There is a claim by an individual with respect to a school playground incident in the amount of \$55,000. The Board believes that any settlement of this matter would be the responsibility of the Board's Insurers. There is a claim by an individual for defamation in the amount of \$725,000. The Board believes that any settlement of this matter would be the responsibility of the Board's Insurers.

No provision for a loss has been provided in these Financial Statements.

12. ONTARIO SCHOOL BOARD INSURANCE EXCHANGE

The school board joined effective January 1, 1987, for a five year period, the Ontario School Board Insurance Exchange (OSBIE), a reciprocal insurance company licensed under the Insurance Act. OSBIE insures general public liability, including personal or property damage of others and certain other risks.

13. CAPITAL COMMITMENTS

In 1990, the Board entered into agreements for additions and alterations to two public schools in the amount of \$1,588,000 subject to Ministry of Education approval. Approval of \$1,710,000 has been received to date regarding one of the school projects.

The capital projects will be funded from proceeds on the disposal of King George Public School, the sale of which closed February 9, 1990, and Ministry of Education grants to be received in 1992.

14. RETROACTIVE SALARY INCREASES

At December 31, 1989, elementary and secondary teachers had not concluded negotiations for collective agreements for the period beginning September 1, 1989. Amounts of \$684,000 in the elementary panel and \$526,000 in the secondary panel have been reflected in these financial statements as accrued liabilities based upon an estimate of the salaries to be agreed upon for the period September 1, 1989 to December 31, 1989. Subsequent to year-end negotiations for the secondary panel have been concluded.

Child care needs study

by Janice Pinke

During the months from April to June 1990, a Centre Hastings Child Care Needs Assessment Survey Committee will be engaged in a process in and around the conducting of a Centre Hastings Child Care Needs Assessment Survey.

This phase of the survey will see an estimated 1000 surveys being distributed primarily to families with children ages 12 and under according to Jan Demoray who sits on the abovementioned committee.

Ruth James of the Safe Homes Environment at the Health Unit here in Madoc is also volunteering her time to sit on the committee.

Ruth says that a majority of the surveys will be handed out to students by their area schools. The students are then asked to take them home and have their parents fill out the survey and return it to the school.

Karen Bock, a nursery school teacher in Marmora and a member of the needs assessment survey committee says that the goals of the committee are "whatever the results are according to the surveys". The three ladies told the Madoc Review last week

that they weren't sure what the child care needs were in Centre Hastings but that going through the Ministry of Community and Social Services seems to be the only way we are going to get child care facilities.

For example, if it was indicated through the surveys that Madoc needed a child care facility operational on a daily basis then this is what the committee would apply to the Ministry for.

The committee is encourag-

ing all people to please fill out and return the questionnaires. Results are to be announced in a public report due out in June.

Ruth James says that Bancroft and Picton have already done their studies and are in the process of developing the programs the people said they wanted.

For more information contact the Health Unit on Mondays at 473-4247 or Karen Bock Wednesdays and Fridays mornings at 472-3407.

OPP report

Sexual assault.

A twenty year old Tweed man was charged with sexual assault and sexual interference by Madoc OPP last week. The OPP are investigating a complaint of sexual assault that occurred in the Tweed area on April 21st.

Charged is Jonathan Douglas Fleming of Tweed Village. Fleming was remanded in custody at the Quinte Detention Centre for a bail hearing on April 23rd.

Investigating officers are Constables D. W. Hill and C. R. Gainforth.

Young offender arrested.

Madoc OPP arrested two persons in Marmora on April 20th after locating a 1990 Chev Lumina van in the Village on April 19th during the late evening. Police arrested 18 year old David McInroy of Ottawa and a young offender.

The young offender was released without charges and

McInroy was charged with possession over \$1,000 and breach of probation. He was held at the Quinte Detention Centre for a bail hearing on April 20th. Police report damage to the interior of the van. It had been reported stolen from the Ottawa area.

PAC vacancies

At the last public meeting of the Centre and South Hastings Waste Management Steering Committee, Public Advisory Committee (P.A.C.) Chairperson Marilyn Jackson informed the Steering Committee that two P.A.C. positions are now vacant and another two members have given notice that they will be giving up their positions in the near future.

Ms Jackson said the P.A.C. requires representatives from Madoc and Trenton, and will soon require representation from Frankford and Rawdon.

Historical Foundation plans Victorian House Tour

by Janice Pinke

At the last regular meeting of the Madoc Historical Foundation most of the discussion was focused on the upcoming Victorian House Tour Sunday, May 20th.

Last year an estimated 240 people attended the tour.

Held between 1 and 4 p.m. on the Sunday of this year's Victoria long weekend, orga-

nizers are hoping to get the same response from the public as last year.

Anne Hinchliffe, Public Relations Officer for the Madoc Historical Foundation, says that the homes are "all different from last year". The money raised from the tour goes towards Foundation projects such as restoring older public buildings.

According to Anne, the Historical Foundation is looking to get the cupola back on the top of the Madoc Village municipal office. A cupola is home for the bells which sit on buildings.

There will also be a draw for a gate-leg coffee table from Cooper Country Classics. Tickets are \$7 for the tour. Both

tour tickets and draw tickets are available at Wilson's of Madoc and Whisker's.

Those homes included on the tour this year are the Dosaj and Reed homes in Madoc Township and here in the Village, the Mouncey-Eaton home, the Bell house, the Seymour-Todd home, the Anglican church, Ron Moffat's home and the Dale Bank vault at Pigden's on Durham Street. The Anglican church will also be holding a Victorian tea from 1-5 p.m. that Sunday.

Fun Fair this Thursday

On Thursday, April 26 from 6:30 to 9:30 p.m. the Madoc Public School will be hosting their annual Fun Fair. Many games and activities will be offered such as a fish pond, face painting, ring toss, penny toss, cake walk, treasure search, guessing games, handwriting analysis, shave-the-balloon, bowling, bingo, hockey shot and break-the-balloon.

In addition there will be personalized buttons for sale (bring your own picture, etc. to put on your button). Hot dogs, chips, cheezies and pop will be for sale and there will be a tea room.

Raffle tickets, which the students have been selling since April 2nd, will be drawn at the conclusion of the auction in the gym. Some great prizes will be won by some very lucky people. Raffle prizes include a six piece patio set and a barbecue with tanks.

The major attraction is the Auction Sale which will be held in the school gym from 7 to 9:30 p.m. Approximately 60 new items have been donated by residents and businesses. There will be blocks of cheese, cases of pop, handmade ceramics, a handcrafted doll house, a lovely candle table, mouth-blown glass bowl, gift basket, gift certificates, meal

certificates and numerous other items. The complete list of items to be auctioned will be sent home with the students on Wednesday, April 25th or you can pick one up at the school. Our auctioneer, Wendall White, from the Tweed area, has donated his services for the evening.

The Madoc Public School and Home Association and the teachers are grateful to everyone in the community who has donated time, merchandise or money to support this activity. They hope that everyone will come out and enjoy the fun. All game tickets will sell at three locations in the school for 5 for

\$1, and there are lots of prizes for everyone.

The schools in our community are busy places. So much goes on that parents and the community members are not aware of. The proceeds from the Fun Fair will go to the Madoc Public School to enhance on-going programs and activities, such as computers, cultural performances, out-of-school excursions, etc.

The Madoc Public School and Home Association Committee, parents, staff, some high school students, and many grade 7 and 8 students have rallied to organize and run this major event.

Don't miss out on the fun!

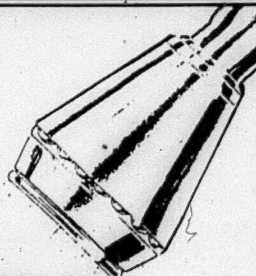

Oh Lordy, Sorry, Missed You At 40!
 Another year later,
 Better than ever.
HAPPY BIRTHDAY
 Love Nancy, Norm, Paul and Evan

How to take a shower without taking a bath

During

APRIL SHOWERS SAVINGS DAYS

For a limited time only, Ontario Hydro will give you up to \$10. Cash Back when you buy an easy-to-install energy efficient showerhead. That's a savings of up to 25%. But you'll save more than money. An energy efficient showerhead uses less water. In fact, by installing an energy efficient showerhead you'll save about 30% of the hot water you use for showering. And you'll still enjoy a great shower. In fact, the only way you'll know the difference is by the hot water you'll save.

APRIL SHOWERS SAVINGS DAYS

Great items for Dream Auction

by Janice Pinke

How about starting your day off by being picked up by someone from CJBQ radio in Belleville and then taking a tour of CJBQ and meeting everyone there and then co-hosting the afternoon program. Once your day is over CJBQ will give you a tape of your broadcast and take you home.

This is only one of the many items up for bid during the upcoming Dream Auction May 11th and 12th.

Hosted by the Madoc Fair Board, John Hastings, President, says that the board is "now up to about 170 items for the auction".

There will be six telephone lines set up for bidding action and you will be able to watch the auction on Madoc's cable channel 4.

Flyers will be distributed in local papers around May 8th or 9th according to John Hastings. The telephone number to take note of for your bidding is 473-5242. Write it down somewhere, 473-5242.

Other items up for auction are pair of husky dogs, Blue Jay tickets, a dinner with MP Bill Vankoughnet plus a personal tour of the Parliament buildings.

Trinity United Church Women's group

by Eva Brownson

The April meeting of Trinity U.C.W. was held at the church on Wednesday, April 18th with 9 members present. The leader, Ruby Brady, opened the meeting with all singing, "Bless Be the Tie that Binds", the purpose and psalm 117. Ruby read a poem "Spring Prayer". The roll call was

answered with a bible verse containing the word "Holy".

"Spring Fling" will be held at College Hill United Church, Belleville on May 2nd. Vera Smith and Luella Parks agreed to work on life stories of U.C.W. women for the archives. Marg Ringlemann announced that she had cooked "Let's Break Bread

Together," for sale.

Marion Masters was in charge of the worship and opened with hymn, "Christ the Lord is Risen Today" and prayer. She read a poem "A Guard to the Sepulchre" and commentary about Easter. Offering was received and prayer closed the worship.

Lottie Bailey, as program

leader, opened with a poem "Hark the Glad Sound the Saviour Comes", followed by a skit, "Citizenship that Counts," three ladies discussing how the church can help in citizenship. Home plays the chief part in everything we do. We must always welcome new comers. A poem "Out of the Cloud" was read and a

commentary "Creatures Great and Small" where a cat was the minister and all other birds and animals played a part in the church.

The meeting was closed with the Mizpah Benediction and everyone enjoyed a social time with lunch prepared by Ruby Brady and Lou Parks with Edna Richardson as hostess.

The Canadian Tire store in Madoc Village has set up a gardening centre on the vacant property just north of the store. Manager, Tim Curry says the mobile centre will remain on the property until the owners decide to do something with the property or right through the gardening season. If all goes well Tim would like to see the centre remain on Durham Street through the summer months.

Where did the pylon go? Did you even notice the pylon on the west Moira Lake over the last month or so? The pylon went through the ice this past Monday (Apr. 16) at approximately 4 p.m. in the afternoon. A little contest was going on down at the Two Loons Restaurant and the winners were Ab Pearson and Mary Danford. They each won \$60.

Historical Foundation elections

by Janice Pinke

The Madoc Historical Foundation held its election of officers at its last regular meeting Tuesday, April 17th.

The only change in the executive profile was Graham Reed who is taking over a director's seat from Eva O'Riordan who has resigned.

Allan Danford retains his position as President of the Foundation.

The following is a listing of the remaining executive for your information: Dave Hinchliffe (Vice-President), Reta Spurring (Secretary), Ellen Wilson (Treasurer), Anne Hinchliffe (Public Relations Officer) and June Reed (Archivist).

Directors are Allan Danford, Sheila Gaber, Margaret Watson, Ron Moffat and Graham Reed.

Queensboro news

by Goldie Holmes

Mr. and Mrs. Ross Blakely of Long Sault and Mrs. Debbie Rush of Massena N.Y. spent the weekend of March 31st - April 1st at the home of Mr. and Mrs. Fred Bosley.

Mr. and Mrs. Dalton Holmes and Dean of Trenton and Mr. and Mrs. Robert Turner "Sr." of Frankford R.R.1, visited Mrs. Arthur Holmes, Sunday, April 1st.

Queensboro W.I. held their Annual meeting in the S.S. Room at Church on Wednesday April 11th instead of Recreation Centre because of renovations being made.

Mr. and Mrs. Alex Clarke were overnight guests of James and Darlene Clarke and boys, at Corbyville. Joshua and Jeremy had spent Saturday with the Clarks.

Minutes of the March 28th regular meeting of Huntingdon Township

The regular meeting was held on March 28, 1990 with all members present.

Council members were advised that Howard Pearce is interested in serving on the Public Advisory Committee as the representative from the Township of Huntingdon.

It was moved by Bill Rollins and seconded by Ted Pollock that Howard Pearce be appointed as Huntingdon Township's representative on the Public Advisory Committee for the Centre & South

Hastings Waste Management Master Plan. Carried.

The Clerk provided Council members with information on the participants in the 1989 Summer Swim Program. Approximately 130 children took part in the program in July and August, 1989 of which 20 were from Huntingdon Township.

A motion was made that correspondence be forwarded to the Hastings County Land Division Committee advising that the condition of potable

water is being imposed on severances by the County and not the Township and further that the well driller or the land owner should be responsible to satisfy the Land Division Committee that there is a sufficient supply of potable water. Carried.

Garry Wickens attended the Council meeting to discuss the condition of the surface treatment on the Quin-Mo-Lac Road and also to request a second garbage box at Lot 12, Concession 12. He advised that the

garbage boxes are used by the 21 residents along Moira Lake as well as people living along the Quin-Mo-Lac Road.

It was moved by Bill Rollins and seconded by Vernon Cooney that a second garbage box be provided at Lot 12, Concession 12 along the Quin-Mo-Lac Road. Carried.

Road Superintendent advised that he has been requested to provide a bus turn-around on the Thurlow Boundary Road, that will require six loads of gravel.

Walton Reid moved and Vernon Cooney seconded the motion that the Road Superintendent be authorized to proceed with providing a bus turn-around on the Thurlow Boundary Road and further that pit run gravel be applied. Carried.

The Fire Department has requested a resolution from Council to concur with their policy of charging to fill air bottles.

It was moved by Bill Rollins and seconded by Vernon Cooney that the Township of Huntingdon Fire Department be advised Council concurs with their policy of charging to fill air bottles. Carried.

The Clerk was authorized to replace all items that were stolen or damaged in the recent break-in including upgrading the typewriter to a word processor.

Reeve Ketcheson advised that he has been appointed Chairman of the Energy from Waste, Sub-Committee that has been established for the Waste Management Master Plan.

A motion was made that the Madoc & District Arena Board Budget be approved and the levy of \$4,800.00 be included in total expenditures for 1990. Carried.

The Village of Madoc submitted a copy of the 1990 Landfill Site Budget. It was noted that Huntingdon Township's share which represents 35% of the total budget is \$15,748.00.

Bill Rollins moved and Ted Pollock seconded that the Madoc Landfill Site Budget be approved and Huntingdon Township's share in the amount of \$15,748.00 be included in total expenditures for 1990. Carried.

OBITUARY

CLARA HESTER COMERFORD

Clara Hester Comerford of Hastings Manor, Belleville passed away at Hastings Manor on Sunday evening, April 15, 1990 at the age of 83.

Mrs. Comerford was born in Bannockburn, Ontario, the daughter of Anne and Edward Blakely. She was predeceased by her husband Harold Comerford and is survived by one son Claude Comerford and wife Marjorie, R.R. 1, Baltimore, Ont (near Harwood on Rice Lake) and 2 granddaughters, Janice Sargent, Baileboro, Ontario and Shari Michalewski, Oshawa, and also 4 great grandchildren.

Mrs. Comerford had resided in farming community in Eldorado until she moved to Belleville 15 years ago. She had been in failing health for approximately two years.

She was the sister of Della Harns of Hastings Manor, Belleville, Albert Blakely, Bannockburn, and predeceased by Carl Blakely of Bannockburn, Robert Blakely of Peterboro and Keitha Chambers of Belleville.

Mrs. Comerford was education in Bannockburn, and was a member of Fox's United Church, Eldorado.

The Funeral was held on April 18, 1990 at 1 p.m. from McConnell Funeral Home, Madoc with Rev. Jeff de Jonge officiating. Cremation, followed.
